## Foils for Electrical Application

Website [www.visionexim.in](http://www.visionexim.in)

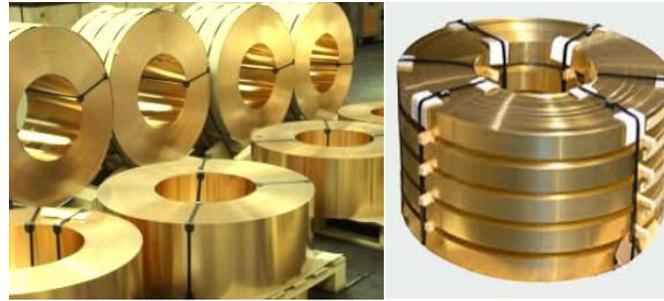

Location Vadodara, India.

### Copper

Grade ETP  
Standard: IS / JIS / DIN / ASTM  
Thickness: 0.03 - 2.0 MM  
Width: 8 - 150 MM  
Application: Transformer, Motor, Generator,  
Cable Shield, Switchgear, Railway,  
Radiators, Heat Exchanger

### Brass

Grade ETP / DHP / DLP – Yellow / Red  
Composition: 95/05, 90/10, 70/30, 65/35, 60/40  
Thickness: 0.03 - 2.0 MM  
Width: 8 - 150 MM  
Application: Electrical, Railway, Switchgear,  
Automobile, Radiators

### Aluminium

Temper 'O'  
Alloy: 1050, 1060, 1070  
Thickness: 0.03 - 2.0 MM  
Width: 50 - 1200 MM  
Application: Transformer, Reactor, Inductor,  
Invertor, Convertor

Weight: As per customer requirement

Standard Packaging: VCI Paper wrapping + Polyester Strapping + Fumigated Wooden Box / Pallets

Supplier cum exporter of wide range of engineering products and solutions to Electrical Industry...
