

Yahia Sayed Omar owner and President of  Import-Export established this organization in early 1969, and is considered one of the largest, Private, Strong, Foreign currency source recognized by our government with 10 consecutive 1st place Awards in Excellent Performance in the Spices and Pulses Sector since the Ethiopian Millennium year 2000 E.C (2007 G.C).

Yahia Sayed Omar, with his 4 sons, Son-in-Law and Grandsons, run this organization, working hard to continue and improve, the old Traditional Family business, which has maintained the reputation of dedication to supplying Quality products with Honesty and timely Delivery, which we all will pass on from Generation to Generation.

Exports : Ethiopian Agricultural Products, mainly Spices, Pulses, Oil Seeds, and Natural Gum Produce.

Branches and Locations
Addis Ababa - Head Office

With a location within the heart of the Ethiopian capital "Addis Ababa" & in the most strategic area of the business district - "MERKATO" - the largest open-air market in Africa. The organization employs 32 permanent personnel of managerial and secretarial levels, between 300 to 500 are employed on contract basis, supervised by strict quality control procedures to clean, pack and prepare quality commodities for the international market using the latest technology cleaning, Grading and "SORTURK" color sorting Machines.

Addis Ababa – Warehouse

Convenient 200 Sq. Mt warehouse for (ON Demand) storage & quick Import & Distribution.

The Town of Adama

Our own Main Warehousing, Sieving, Grading, Handpicking, Color Sorting, and Polishing facilities are located in the town of Adama (Nazareth) about 85 Kms South-East Addis Ababa, on a land area of 10,000 Square meters. In the first quarter of 2004, a second, up-to-date processing line was introduced and in 2007 a third more advanced processing line was also introduced for higher efficiency, quality and output to meet the increasing demands of our buyers thus fulfilling our commitments to our buyers, world wide.

Kaffa - Town of Teppi – Southern Ethiopia (Abt 600 kms)

With great emphasis for Value Addition, YSO has set up a modern processing center on a land area of 8,500 Square meters to process Turmeric by sourcing direct from the farmers giving awareness on proper farming techniques to improve and increase productivity and created job opportunities for many local skilled and semi skilled workers.

Mechanized Washing, Steaming and Drying using Poly Tunnel Solar Dryers are used to speed up the drying process in hygienic environment to minimize the risk of contamination.
