

Coco Arid

Our Copra is made from both Giant Coconuts & Small Coconuts. We use **state-of-art technology** to prepare our copra without use of any oven. We call this product as "**Kopra Putih or White copra**" & as the name tells the copra is white coloured inside. We can supply **Milliing grade** (with holes in the cup, uneven cuts, slight red colour in few cups) & **Edible grade** (No holes & normally made from small coconuts)

Our Mission

In this era of business we know that "Marketing" is an essential tool to sustain oneself in the market. We have learned this business in a very hard way and we know how tough is it to market the product. So we are here to help the farmers to sell their quality goods. Our stakeholders are the farmers, who they directly get benefited for every purchase you made with us. Most of our profit directly goes to the farmers thus we create a strong relationship between us & "The Farmers".
