Providing ISO Certifications Worldwide

Active Business
INTERNATIONAL
EMPOWERING ACTIVE BUSINESSES INTERNATIONALLY

ABOUT US

Active Business International® functions as an International ISO Certification and Training Body located in United Arab Emirates delivering its services globally. Our core business is to provide organizations certification of ISO management systems according to several international standards.

We value our customers as well as their concern to get a reliable and an authentic credibility which carries a sound recognition. Hence, our experience and accreditation signifies our professionalism and abilities to deliver all the certification needs of the client. Thus, we can proudly claim that we have satisfied thousands of clients of various sizes and certification scopes and will continue work above and beyond their expectations.

We differ from other certification bodies largely by pragmatic approach to an audit without emphasis on bureaucracy. Thus, we ensure that our audit activities are carried out in accordance with our scope of accreditation and within the requirements

United Accreditation
Foundation (UAF)
United States of America (USA)

WE TAKE PRIDE IN DEMONSTRATING OUR FINEST FEATURES...

WE ARE RAPIDLY EARNING A PROMINENT STATUS ACROSS THE WORLD THROUGH THE FOLLOWING

WHY CHOOSE US

- Accredited by the United Accreditation Forum Inc.
- Our Foundations are built on International Standards.
- Impartial, realistic and practical approaches are our core principles
- Delivering thousands of clients of all sizes and certification scopes
- Unique and multiple certificate verification systems to ensure client and its interested parties trust and confidence.
- Round the clock global support, credibility and confidence to the customers

OUR ACCREDITATION FROM UAF (USA)

► Our Experience and Accreditation...

We are accredited by United Accreditation Forum located in Colmar, Norfolk, United States of America. UAF is a full member of International Accreditation Forum (IAF) and Pacific Accreditation Cooperation PAC. Details as below:

- United Accreditation Foundation Inc. (UAF) signed Memorandum of Understanding as Full Member with International Accreditation Forum (IAF) <http://www.iaf.nu/> on 3rd November 2016. IAF is the world association of Conformity Assessment Accreditation Bodies and other bodies interested in conformity assessment in the fields of management systems, products, services, personnel and other similar programmes of conformity assessment. Its primary function is to develop a single worldwide program of conformity assessment which reduces risk for business and its customers by assuring them that accredited certificates may be relied upon.
- United Accreditation Foundation Inc. (UAF) signed Memorandum of Understanding as Full Member with Pacific Accreditation Cooperation, (PAC) <http://www.apac-pac.org/> on 16th June, 2016. PAC is one of the three major regional accreditation groups that operate within the framework of the International Accreditation Forum (IAF). The other groups currently admitted under IAF are Inter American Accreditation Cooperation (IAAC) <http://www.iaac.org.ms/> and European Co-operation for Accreditation (EA) <http://www.european-accreditation.org/>. PAC is a regional cooperation body formed by an association of accreditation bodies and other interested parties whose objective is to facilitate trade and commerce among economies in the Asia Pacific region. PAC promotes the international acceptance of accreditation granted by its accreditation body members.

➤ Our Management Policy...

Active Business International is an independent ISO Certification Body, which aims to provide an impartial, realistic and practical approach to its client's certification requirements. It is the AIM of Active Business International to

- Operate a management system in compliance with the requirements of ISO17021.
- Meet any specific requirements of the IAF
- Carryout business activities in a non-discriminatory manner.
- Ensure that audit activities are carried out in accordance with our scope of accreditation and within the requirements of ISO 17021:2015 & ISO 19011:2018
- Offer a service to the best of our abilities, which is independent and impartial and seen to be fair, cost competitive and of high integrity
- Considering complaints, appeals and decisions and communicating to appellant.
- Undertake continual improvement in the way we conduct our business and the services we offer
- Avoid imposing undue financial or other conditions on clients and partners.
- To ensure that our staff understand the philosophy of Active Business International, we train them to fulfil their talents, while operating to agreed formalized management systems.
- We document, define and analyze the conflict of interest possibilities via conflict of interest tables; whereas risks are being analyzed via risk analysis. Conflict of interest tables define measures against risks, which threaten the concept of impartiality.

Active Business International.
 We are an Independent **ISO Certification**
 Body with worldwide recognition

➤ **Accredited System Certifications we offer...**

System Certifications	Function	Vectors
ISO 9001:2015 Quality Management System	ISO 9001 quality management system ensures clear processes and communication structures, tasks and responsibilities throughout the entire organization. This increases the involvement of your staff, which improves the working atmosphere and reduces the pressure of work.	 www.abi-intl.com
ISO 14001:2015 Environmental Management System	ISO 14001 is an internationally agreed standard that sets out the requirements for an environmental management system. It helps organizations improve their environmental performance through more efficient use of resources and reduction of waste, gaining a competitive advantage and the trust of stakeholders.	 www.abi-intl.com
ISO 45001:2018 Occupational Health & Safety Management	ISO 45001 is an international Standard that specifies requirements for an occupational health and safety (OHSS) management system, with guidance for its use, to enable an organization to proactively improve its OHSS performance in preventing injury and ill-health.	 www.abi-intl.com
ISO 27001:2013 Information Security Management System	ISO 27001 is the only auditable international standard that defines the requirements of an information security management system (ISMS). An ISMS is a set of policies, procedures, processes and systems that manage information risks, such as cyber attacks, hacks, data leaks or theft.	 www.abi-intl.com
ISO 22000:2018 Food Safety Management System	ISO 22000 is a Food Safety Management System that can be applied to any organization in the food chain, farm to fork. Becoming certified to ISO 22000 allows a company to show their customers that they have a food safety management system in place. This provides customer confidence in the product.	 www.abi-intl.com
HACCP	HACCP is important because it prioritizes and controls potential hazards in food production. By controlling major food risks, such as microbiological, chemical, and physical contaminants, the industry can better assure consumers that its products are as safe as good hygiene and technology allow.	 www.abi-intl.com

➔ Brief Insight on our Certification Security Parameters...

Active Business International® is one of its kinds providing clients a secure and reliable process to verify their certifications. Our certificates qualify the international quality and security standards during the issuance process. We have a unique hologram on each certificate which sets the trust of the clients. Our Certificates are globally acceptable on the basis of our valued accreditation and compliance. Therefore, we can proudly say that we have a good reputation in the market with a global success rate.

Our Clients can verify their certificates on our official website, in our accreditation board's website, in IAF Portal and also through the QR code and the bar-code on the certifications. Active Business International® aims to provide extra guarantee to its customers and also to differentiate itself from the competition. Such vast verification and security processes are usually not common in the market which differentiates us from the cluster of our competitors.
