Liner, Saranex, Saran, Tin Saran

Plastic Button: Polypropylene

Packaging: PE bag in Export Worthy 5 Ply Corrugated Boxes with
Identification Label

Design: Lithography by CMYK, Side Embossing and Shaving,
Top Embossing

www.sbcoverseas.com

Roll-On-Pilfer-Proof (ROPP) Closures made of aluminium are internationally accepted sealing devices which are fitted on glass, plastic and metal containers to prevent pilferage.

A simple twist breaks the pilfer-proof seal, thereby assuring the consumer of the purity of the product sealed.

When the closure is fitted back on the bottle after part consumption of the product, it ensures that the contents are secure and does not evaporate or deteriorate fast.

These closures are made from high quality aluminium with surface decoration of international standard.

NORMAL ALUMINIUM PILFER PROOF CAPS DIMENSIONS

	ID(mm)	OD(mm)	C(mm)	THICKNESS(mm)	WEIGHT(gm)
22mm CAP	21.4-21.9	22.5-23	15-15.25	0.18-0.2	0.880-0.910
25mm CAP	24-25	25.5-26	16.5-17.3	0.18-0.2	1.08-1.25
28mm CAP	27-28	28.5-28.9	17.5-18.5	0.18-0.2	1.3-1.4

OUR PROCESS

The ideal process which have made us a globally renowned exporter.

WHYUs?

Here are the factors that made our company reliable to our overseas clients.

Maintains **Quality** in every aspect such as designs, dimensional accuracy, labelling, printing & packaging.

Best quality products are offered at Industry **Competitive Prices** to our clients.

We use Superior quality **Packaging material & equipment** to ensure safety of the products in transit & delivery

We have adopted innovative methods & procedures to ensure **Timely Delivery** of the products to our clients.

Connection of **Vendors & Supplier** of raw material are on the basis of quality of material, production capacity, past clients served, financial stability, time of delivery & capacity to undertake bulk orders.

We possess the ability to develop products as per **Buyer's Specification (Customizable)**. Passage Overseas follow an ethical business approach & are transparent in all our dealings with easy payment modes.

Client-centric approach has been followed by the company & thus we offer **Highly Personalized Services** to our clients. We & our clients can easily track the movement of goods from our factory to their destination ports.

For the **Clients Satisfaction**, as per the needs & demands of our clients we offer viable solutions for the same.
