SUMBER JAYA

PRODUCT

LOCATION OF PLANTATION

Our Gambier booch product came from plantation of Uncaria Gambir Roxb. The area of the plantation is around more than 10.000 hectares spread across the distric of Sumatra barat, Indonesia. The land is agricultural and not forest land.

Product

To obtain the final product of the gambir cylinder, several process steps are needed, our farmers still maintain the naturalness of the extract, with a process that is still very simple and environmentally friendly to obtain a reliable product.
