 CRYSTAL

Unique and comprehensive expertise in rubber industry

Rubber parts from **CRYSTAL RUBBER** – to meet every challenge

At **CRYSTAL RUBBER**, we believe that every piece of rubber has a story. From everyday solutions to saving lives in the medical field – it all comes down to the strength of a single piece.

CRYSTAL RUBBER is one of the leaders of rubber manufacturing located in United Arab Emirates and has operations in Middle East and African countries like Saudi Arabia, Kuwait, Bahrain, Oman, Qatar, Iran, Ethiopia, Nigeria and Tanzania.

CRYSTAL had worked to solve the world's toughest rubber challenges, innovate new solutions and gain industry expertise that sets us apart from competitors. With extensive in-house capabilities, our products are designed, engineered and manufactured in United Arab Emirates.

Over years, we've built a team of expert engineers who push the boundaries of rubber design and continue to advance rubber material science. Today, we are a leading designer and manufacturer of rubber seals, CV boots, ladder feet and test plugs serving the needs of countless industries around the world.

Our company has the capacity to manufacture parts in accordance with the highest standards.

CRYSTAL RUBBER team comprises of a highly experienced engineers, who are well acquainted with the needs of customers from diverse industries. Their breadth of knowledge and engineering expertise enables the company to offer feasible solution for special application requirements of the clients. Latest 3D software are used to conceptualize innovative designs concepts and translate them into functional parts. **CRYSTAL**'s unmatched expertise helps the customers to solve industry specific and multi technology challenges.

Construction & Engineering

We are a trusted molded rubber parts manufacturer for construction industry and its suppliers. we have the capabilities and expertise to supply quality rubber parts on time.

Automotive & Transportation

There are an amazing number of rubber parts in a single automobile. **CRYSTAL RUBBER** has a reputation for excellence in the automotive industry.

Ladders, Scaffolding and Furniture

New improved formulations of rubber are regularly developed to further enhance the quality standards achievable in ant-slip and high grip to meet the latest market demand.

Marine and Chemical

CRYSTAL RUBBER Products provides businesses in marine and chemical industries with quality rubber components customized for their applications.

General Industries

We have served various customers in many different rubber parts for their OEM application.

Standard Products, OEM Quality

CRYSTAL RUBBER manufacture standard molded rubber parts made from various elastomers in different shapes, sizes, styles, and compounds.

Selecting the best elastomer for an application requires a thorough understanding of the end-use conditions and performance requirements. Rely on our material expertise for advanced rubber compounds that meet your unique demands.

Test Plugs

Typically suitable for more arduous duties such as long immersion in water even with higher temperatures or in contact with aggressive oils and chemicals.

3S Rubber Rings

Rubber ring specially designed to fit in PVC pipes to use it as seal to prevent leak, Available in different dimensions, our range is acknowledged for its durability, abrasion resistance and high elasticity.

Lip Seal Rubber Rings

This product is used in areas of lubrication by professionals. Most professionals say their plants use lip seals to control contaminant.

Ladder Feet

Our product is for the aluminum step ladder's rubber feet. The rubber feet is adopt quality rubber material, good floor gripping, safe and durable to use.

CV Boots

We manufacture Axle Covers for a wide range of vehicle brands. We don't compromise on quality so these rubber axel covers are tested for durability and endurance to movement and high temperatures.

We will definitely find the right solution for you

Our technically trained sales engineers have extensive product knowledge along with application and industry experience. This experience and specialization allows the most efficient solution to be quickly recommended to customers, saving invaluable time.

Custom Rubber Parts

CRYSTAL RUBBER is a leader in rubber molded parts and products, that meet specifics of our customers' needs. We have over a 95% customer retention rate and base our entire business on our Mission: Responsiveness ~ From Design To Delivery. We provides personalized, personal service and assistance every step along the way making the design and purchase of rubber molded parts easy.

Solvent Recycling

CRYSTAL recycling solvents system can produce an economical and saving benefits to customers, as well as a line with clean environment practice. Our Solvent recycling service is designed to reduce disposal of your company's waste, and its cost. where it can make your production more efficient and will take care of the headache of disposing hazardous chemicals.
