Premium Quality Chocolate

Part of Prime Arabia

Belle Étoile means the beautiful star in French, and our ambition is to light up for you a branch in every city of our beloved kingdom.

Who are we?

Our story began in 2011, when we opened the first branch of “Belle Étoile” in the city of Qatif because of our love for chocolate of all kinds, especially Belgian ones. Then we turned our passion for chocolate into a chain of stores in the Eastern Province, served by a central production factory in Dammam. With the aim of providing the best types of chocolate in the Kingdom using the finest raw materials imported from a selection of suppliers to make chocolate for you with love with the best equipment and innovative methods.

The most delicious chocolate in the area

After mastering the fine Belgian chocolate industry, we started creating some distinctive fillings and flavors using the best ingredients. At Belle Étoile, our fillings have gone beyond the norm to include roasted nuts, salted almonds, crunchy biscuits and baklava; Belle Étoile's creativity expanded by adding its own touch in oriental flavors to include roses, saffron, coffee, cardamom cake and others.

Part of your occasion

At Belle Étoile, we can offer you everything you would like to make your occasions a beautiful and unforgettable memory through our luxurious products specially designed for you. Where we sculpt and print the names of newborns and the names of grooms; Corporate logos and more to your liking, your choice of flavors, colors and final design.
