

THERMOSTEEL CASSEROLE

Fill up your kitchen with the premium utensils that matter

BPA free

Durable

Leak proof

Food grade

Stainless steel

Rust proof

FEATURES

- Sturdy body.
- PU insulated.
- Hygienic and odourless.
- Stainless steel inner and outer body.

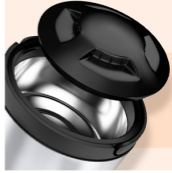

Double-walled insulation

This casserole has an inner and outer steel body. Its double-walled insulation keeps your chapattis and other foods fresh for you to consume hours after you have prepared it.

Top-notch quality

Designed to keep your food fresh and hot for a long time say 4 to 6 hours, the Mumma Life Casserole Set has a double-walled insulation system.

Tough built

The casserole set is constructed with stainless steel inside out for unchanging of your food's temperature. With an integrated handle, the casserole is easy to carry as well.
