 Made of 100% Cotton 8oz
 Also Available in all Sizes and Weights

Colour Belts

Accessories

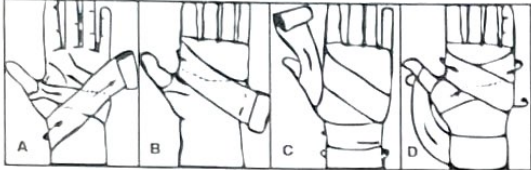

HAND WRAPPING WITH ZIP-LOCK

General Instructions:

Wrap hands snugly for maximum protection. Be sure to give special attention to wrapping the thumb and knuckle. CAUTION: Be careful. Do not wrap hands too tightly. Flex hands during wrapping process to ensure wraps are not too tight cutting off blood circulation to hands and fingers. Hand wraps provide a degree of protection but are not warranted to protect the user from injury.

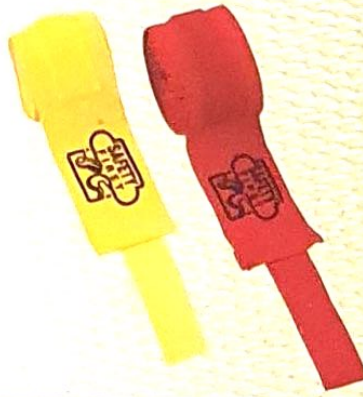

INSTRUCTIONS: "How To wrap Hands"

- A- Spread hands wide and place "loop" over the thumb. Pull wrapping across the base of the palm and around the back of the wrist; then across the palm to the knuckle of the little finger.
- B- Continue wrapping across the back of the knuckles and wrap the knuckles at least twice.
- C- Now wrap across the palm to the wrist and wrap across the back of the hand to the thumb. Wrap the thumb.
- D- Continue wrapping toward the little finger. Wrap the back of the knuckles to the base (back) of the thumb. Wrap the thumb. Continue around the wrist.
