“We understand and cares, the customer needs”

Over the years, we have constantly endeavored to introduce better and more cost-effective products and started exporting the hospital/medical/scientific /laboratory equipment, devices and instruments mainly in the field of Cardio, Neonatal, Paediatrics, Anaesthesia, ENT, Skin, Medicine & Gynaecology.

We at “Ditya Hygiene” puts in all their hard work to meet the requirements of Healthcare Industry. The range of high quality products offered by “Ditya Hygiene” is checked on various parameters and is hence assured of the optimum quality.

We check the offered range of products on the parameters like Durability and Finishing.

We procure and customize products as per your need and requirement. We have products specially customized for various segments of doctors to be useful for gifting.

Our product range can be offered to doctors who are specialized into miscellaneous divisions such as Cardiac, Dentist, Dermatology, ENT, General Practitioners, Gynaecology, Ophthalmology, Orthopedics, Pediatricians and Respiratory.

We make customized First Aid Kits, Cool Chain Medicine Pouch, Eye Kit, Delivery Kit, Surgical Instruments Set, Disposable Body Wear, Dressing Products, Lab Coats, Anti-Microbial Bed Sheet and Aprons, etc. according to your budget.

Over the years we have grown by leaps and bounds with the joint efforts put by the Mr. Kirti Peravi and our team. We claim to be a reliant, quality conscious and an emerging brand with a primary aim to understand the necessity of our clients and serve accordingly.

We are making a very good progress and we intend to make it even better with your help and support.

Our Vision

- To keep the prices of our quality products at affordable levels for the end users.
- To continue planning, in advance, to raise the level of our services in future.
- To be innovative constantly.
- To win the confidence of our clients based on mutual trust & higher business ethics.
