- Developing sustainably by minimizing our impact on environment & Contributing to social values.

A message from the CEO

It gives me great pleasure to welcome you to the HETARYA POLYPACK.

Today, change is everywhere. Our customer's markets are evolving rapidly in response to volatile raw material prices, new feedstocks, and new manufacturing trends. Sustainability is often the spur, driving demand for better, cleaner and more-efficient products and ways of doing things. Since establishing HETARYA POLYPACK, I have always been very clear on one thing: that our purpose is to provide our clients with real value. This doesn't necessarily mean offering the cheapest solution. What it does mean is delivering better cost performance, allowing them to better serve their customers and increase their bottom line.

We're not satisfied until our customers are satisfied. We work directly with their R&D, production or purchasing departments to uncover genuine pain points, developing relationships that last for years, while ensuring that we ourselves stay challenged, curious, and involved. Because when you're personally invested in your work, you make sure you find the best possible solution to any given challenge.

At HETARYA POLYPACK, we have always found excitement in challenge. As you browse through this profile, you will get a sense of the passion, expertise, reliability, and innovative nature that we bring to our mission.

Mr. Haresh Patel- CEO

Why choose us?
