micro-fermentation

MicroFS-1 is an intellectual stainless steel fermenter that Zacken designed and developed for obtaining higher economic efficiency by reducing feeding costs for small-scale animal farmers and feed manufacturers. available for home fermenting, which is smarter, faster, and easier to be operated.

Private brands

畅益康®
ChangYiKang

畅益康® GUT HEALTH SUPPORT
CHANGYIKANG

NEW HIGH PERFORMANCE PROBIOTICS

- AGAINST DIARRHEA
- INCREASE DAILY WEIGHT GAIN
- PROMOTE LACTATION FUNCTION
- ENHANCE GUT IMMUNITY
- ANTI-STRESS, REDUCE HARMFUL GAS

畅益宝®
ChangYiBao

畅益宝® WATER-SOLUBLE PROBIOTICS
CHANGYIBAO

NEW GENERATION OF FUNCTIONAL COATED LACTOBACILLUS

- AGAINST DIARRHEA
- ENHANCE IMMUNITY AND IMPROVE GUT HEALTH
- INCREASE DAILY WEIGHT GAIN
- ANTI-STRESS
- REDUCE HARMFUL GAS
- PROMOTE EGG PRODUCTION PERFORMANCE

梅克清®
MeiKeQing

梅克清® Mycotoxins Detoxifier
MEIKEQING

High-end Functional Portfolio of Mycotoxins Removal
Adopting innovative coupling & intestinal sustained-release technology

- Microbial detoxifier of mycotoxins.
- Relieve immune suppression and improve immunity.
- Repair damaged intestinal mucosa and restore body health.
- Targeted decomposition of mycotoxins in the body and more thorough adsorption of mycotoxins in feed

三元康®
SanYuanKang

三元康® Growth Boost
SanYuanKang

Strong combination of Probiotics, Prebiotics, and Postbiotics
super formula scientifically designed for rumen health

- Enhance rumen function;
- Alleviate shipping stress;
- Increase dry matter intake;
- Prevent ruminal acidosis;
- Oil control and weight gain.
