Thu ward, Hoang Mai district,  
Hanoi city, Vietnam

We have been traditional families at handicraft villages in Northern Vietnam making handcrafted products from rattan, bamboo, water hyacinth, seagrass & palm leaf since 1991 for domestic market. Chronologically, development of society and global export grew up, we have been manufacturing high-quality handwoven products since 2007 and products we have manufactured have been globally exported. To meet high needs of global handicraft consumption, HandiPassion was established with a desire to create a handicraft manufacture brand for ourselves, for us to export high-quality products to retailers
