Karadani Engineering Pvt. Ltd.

| Introduction

KARADANI

ENGINEERING PVT. LTD.

We, **KARADANI ENGINEERING PVT. LTD.**, started in the years 2012, are one of the foremost manufacturers and exporters an extensive array Our offered range consists of best grade Chemical Reactors, Jacketed Reaction vessel, Storage Tank, Pressure Vessel, Mixing tank, Air Receiver Tank, Condenser, Resin Plant, Zinc Recovery Unit Chemical Vessel and Chemical Blenders. To manufacturing these products, we use quality tested components and modern machines. Our products are appreciated for their compact design, excellent accuracy, reliable performance, sturdy construction, durability and low maintenance.

| Infrastructure

We have Modern facility is outfitted with modern machines, which are used for all our operational processes. Our quality controller team check the product line on various quality tested parameters. Hence, we have been successful in maintaining the trust and confidence of our patrons. Also, our employees devotedly work towards making client's specific products. The atmosphere at our organization is properly co-ordinated, which aids in designing and developing flawless range of products. In addition to this, we export our products in UAE, Denmark, Shahjahan etc.

OUR PRODUCTS

Manufacturing, Supplying & Exporting Pressure Vessel, Reactor, Mixing Tank, Vulcanizing Autoclave, AAC & Composite Autoclave, Epoxy Resin Plant, Alkyd Resin Plant, Unsaturated Polyester Resin Plant, UFO Resin Plant.

Resin Plant

Karadani Engineering offers Resin-plant with Reactor,blendor,pet-column,condenser,receiver

- Polyester Resin Plant
- Alkyd Resin Plant
- UFO Resin Plant
- Epoxy Resin Plant
- Acrylic Resin Plant
- Pilot Resin Plant

Industrial Autoclave

Karadani Engineering offers INDUSTRIAL AUTOCLAVE with high sustainable pressure and temperature.

- Composite Autoclave
- Rotary Autoclave
- Vulcanizing Autoclave
- Pharma Autoclave

Air Receiver tank

Karadani Engineering offers Air Receiver Tank with high sustainable pressure.

Mixing Tank

Karadani Engineering offers Mixing-tank with suitable stirrer arrangement.

- Jacketed Mixing Tank
- SS Mixing Tank
- Mixing Vessel
- Agitator tank

Stainless Steel Tank

Karadani Engineering offers Storage Tank with many Storage solutions like Acid Storage, Milk Storage , Petroleum Storage

- SS Storage Tank
- SS 304 Tank
- SS 316 Tank

Pressure Vessel

Karadani Engineering offers Reactors for Chemical, Pharma and cosmetic divisions

Heat Exchanger

Karadani Engineering offers Shell & Tube Type Heat Exchangers with multiple passes

- Oil Condenser/Heat Exchanger
- Water Cool Condenser
- Shell & Tube Heat Exchanger
- Condenser

Stainless Steel Reactor

Karadani Engineering offers Reactors for Chemical, Pharma and cosmetic divisions

- Jacketed Reactor
- Limpet Reactor
- GMP Reactor

AAC Autoclave Doors

Karadani Engineering Pvt Ltd. Provide Autoclave Door with Various types of designs and Self Locking System

Storage Tank

Karadani Engineering offers Mixing-tank with suitable stirrer arrangement.

- Diesel Storage Tank
- Petrol Storage Tank
- Acid Storage Tank
- Solvent Storage Tank
- Square/Rectangle Storage Tank

INDUSTRIES WE SERVE

Our products are designed for the food & beverage, personal & homecare, pharmaceutical, chemical & industrial sectors.

Agro Products

Chemical

Food Industry

Heavy Engineering

Oil Refineries

Pharmaceutical Industries

Resin

Rubber Industries

TRUSTED PARTNERS

Our products are designed for the food & beverage, personal & homecare, pharmaceutical, chemical & industrial sectors.
