

AHEMDABAD ELECTRIC CORPORATION

COMPANY PROFILE

Established in 2000

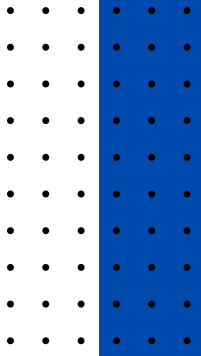

COMPANY OVERVIEW

About Us

Since 2000 we are established in Gujarat as a leading supplier of electrical goods and solutions, known for our commitment to quality and exceptional customer service. Our team of technically qualified professionals undergoes continuous training to stay updated with the latest industry trends and product innovations. This ensures we provide the best possible solutions to meet our customers' specific needs. Our focus on tailor-made solutions allows us to address the diverse demands of the electrical market, setting us apart from our competitors.

WHAT WE DO

Corporate Houses: We provide comprehensive electrical solutions that ensure seamless operations for large corporations, including power distribution, automation, and energy management systems.

Industries: Our industrial solutions include high-efficiency motors, drives, and control systems that enhance productivity and reduce operational costs.

Small Retailers: We support small businesses with essential electrical components and systems that ensure safety and efficiency.

Homes: We offer a range of residential electrical products, from wiring and switches to home automation systems, enhancing the comfort and convenience of modern living.

BUSINESS OVERVIEW

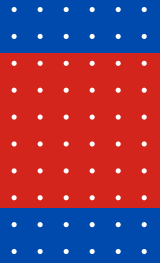

- Power Distribution: High-quality components and systems for efficient power distribution.
- Automation: Advanced automation solutions to enhance productivity and efficiency.
- Energy Management: Innovative products and systems to optimize energy usage and reduce costs.
- Residential Solutions: A range of products to improve comfort and convenience in homes.
- Industrial Solutions: Tailored solutions to meet the specific needs of various industries, from manufacturing to infrastructure.

AUTHORISED DISTRIBUTOR
