

BIOLEA'S
BEAUTYCARE

BIOLEA'S
BEAUTY CARE

FOR THE FUTURE WE ARE RESPONSIBLE!

LEA COSMETICS company serves its consumers with Biolea's, Biolea'h, BioAle and Organic Ale brands with its own special formulas that are highly effective, environmentally friendly and developed without testing on animals.

It offers effective solutions on skin and hair with its innovative formulas developed in R&D laboratories over the years and carries out its productions within the scope of

GMP 22716, ISO 9001: 2015, ISO 14001: 2015 standards.

Our philosophy, as pioneers of herbal cosmetics, is to reveal the power of plants for everyone, with an approach that respects nature and biodiversity.

Our aim is to make the best of nature accessible to everyone and to present you with the best of the process of plants from nature to your skin.

Being friendly to animals and the environment has always been our primary goal.

What is sustainable cosmetics?

Cosmetic products used for personal care may contain substances harmful to human health and the environment, both in their contents and in their packaging. The concept of sustainable cosmetics means that both the product content is environmentally friendly and the packaging is recyclable.

Lea Cosmetics has adopted an environmentally friendly approach with the products of Biolea's, Biolea'h, BioAle and Organic Ale brands.

Brands that do not test on animals should be preferred;

The animals used in the tests are kept in cages and are often maimed or killed as a result of the tests. That's why by choosing cruelty free brands, we take an extremely important step for the nature and all other living things we live in.

ANTI-ACNE, SEBUM CONTROL MINERAL & VITAMIN CONTAINING TONIC

Salicylic Acid

Niacinamide

Zinc PCA

200 ml

ANTI-ACNE, SEBUM CONTROL MINERAL & VITAMIN CONTAINING TONIC

Niacinamide + Salicylic Acid + Zinc PCA

Skin Type: For oily and acne-prone skin

Biolea's Anti-Acne Sebum Control Purifying Tonic cleanses the pores deeply, has a keratolytic effect thanks to its salicylic acid content, thus removing dead skin. Niacinamide(B3) and Zinc(Zn) balance excessively oily and acne-prone skin. It helps to prevent blackheads, balance oil and shrink pores on deeply cleansed skin.

How to Use

Pour sufficient amount of tonic on cotton. Gently apply morning and evening to the face and neck area.

NIACINAMIDE

It contributes to the development of your skin's protective barrier, which helps maintain skin moisture. This is especially helpful if you have very dry or mature skin. Minimizes the appearance of pores. A decrease in pore size is seen over time as a secondary benefit of keeping the skin smooth and hydrated.

ZINC PCA

Its sebum-regulating properties make Zinc PCA particularly useful for acne-prone oily skin. Combination skin also benefits from a combination of moisture-binding and sebum-reducing properties.

SALICYLIC ACID

It can regulate the oil balance of the skin. It is possible to kill acne bacteria seen in oily skin, to maintain the ideal amount of moisture and to tighten the pores. While the benefits it can provide are suitable for all skin types, it is especially important to use salicylic acid for oily skin type.

PURIFYING & REFRESHING FACIAL CLEANSING GEL

Panthenol (B5)

Salicylic Acid

200 ml

PURIFYING & REFRESHING FACIAL CLEANSING GEL

Panthenol(B5) + Salisilik Asit

Skin Type: For oily and sensitive skin

This gentle cleanser, prepared with its improved purifying and revitalizing special formula, Provitamin B5 and Salicylic Acid (BHA), perfectly removes accumulated dead skin cells, oil and blackheads from your skin. It deeply moisturizes and soothes the skin. It helps to keep the sebum balance under control.

How to Use

Apply by massaging on wet skin and then rinse with plenty of lukewarm water.

PANTHENOL (VITAMIN B5)

It accelerates the self-repairing process of the skin and helps to restore the skin to its former health. It helps to protect the skin barrier, that is, against deformations of the skin from the inside or outside, and to increase the quality of the skin barrier.

SALICYLIC ACID

By acting in depth, it shrinks the pores. While providing this, you can get a smoother appearance on your skin with salicylic acid, which also cleans the blackheads and dirt accumulated in the pores. What skin is salicylic acid used for?

Salicylic can regulate the oil balance of the skin. It is possible to kill acne bacteria seen in oily skin, to maintain the ideal amount of moisture and to tighten the pores. While the benefits it can provide are suitable for all skin types, it is especially important to use salicylic acid for oily skin type.

ANTI-ACNE MINERAL FACIAL SERUM THAT REDUCES PORES

Niacinamide 10%

Zinc PCA 1%

30 ml

ANTI-ACNE MINERAL FACIAL SERUM THAT REDUCES PORES

Niacinamide 10% + Zinc 1%

Skin Type: For combination and
acne-prone skin

Anti-acne pore-firming facial serum containing niacinamide protects the skin from environmental factors and also helps the skin's collagen and hyaluronic acid production. Niacinamide is a great ingredient on its own, but with zinc it becomes a serious power couple.

How to Use

After cleansing, apply a small amount serum to the face and neck and massage into the skin until completely absorbed.

NIACINAMIDE (VITAMIN B3)

Contributes to the development of your skin's protective barrier, which helps maintain skin moisture. This is especially helpful if you have very dry or mature skin.

ZINC PCA

Its sebum-regulating properties make Zinc PCA particularly useful for acne-prone oily skin. Combination skin also benefits from a combination of moisture-binding and sebum-reducing properties.

PREBIOTIC

This prebiotic sugar controls our skin microbiota and strengthens the skin. It establishes a barrier effect against external attacks such as pollution, UV and aggressive chemicals. It purifies the skin by increasing the antimicrobial effect of ethanol.

ANTI-ACNE, SEBUM CONTROL VITAMIN + MINERAL FACIAL CARE SET

ANTI-ACNE, SEBUM CONTROL VITAMIN + MINERAL FACIAL CARE SET

Niacinamide 10% + Zinc 1%

Skin Type: For oily and acne-prone skin

In three steps;
Control the sebum on your skin.
Cleansing Gel + Tonic + Serum are anti-acne and sebum balancing products. This gentle cleanser, prepared with its purifying and revitalizing special formula, Provitamin B5 and Salicylic Acid (BHA), developed with Facial Cleansing Gel

in the 1st Step, perfectly cleans the accumulated dead skin cells, oil and black spots from your skin. It deeply moisturizes and soothes the skin. Helps keep sebum balance under control.

In the 2nd step, it cleans the pores deeply with Tonic, has a keratolytic effect thanks to its salicylic acid content, thus removing dead skin.

In step 3, Serum Anti-acne, pore-tightening facial serum containing niacinamide protects the skin from environmental factors and also helps the skin's collagen and hyaluronic acid production. Niacinamide is a great ingredient on its own, but with zinc it becomes a serious power couple.

How to Use

In the first step, apply the facial cleansing gel to your wet skin by massaging, and then rinse with plenty of warm water.

In the 2nd step, pour enough tonic on the cotton. In the morning and evening, gently apply to the face and neck area with cotton.

In the 3rd step, after cleaning your skin, apply a sufficient amount of serum to your face and neck by massaging. Wait until it is absorbed by the skin.

Formulated by Volcano Laboratories

PANTHENOL (VITAMIN B5)

Accelerates the skin's self-repairing process and helps restore the skin to its former health. It helps to protect the skin barrier, that is, against deformations of the skin from the inside or outside, and to increase the quality of the skin barrier. Salicylic can regulate the oil balance of the skin. It is possible to kill acne bacteria seen in oily skin, to maintain the ideal amount of moisture and to tighten the pores. While the benefits it can provide are suitable for all skin types, it is especially important to use salicylic acid for oily skin type.

NIACINAMIDE (B3 VITAMIN)

Niacinamide is a derivative of vitamin B3 and supports the skin's renewal process. Minimizes the appearance of pores. A decrease in pore size is seen over time as a secondary benefit of keeping the skin smooth and hydrated. Niacinamide can also protect the skin from damage caused by ultraviolet rays. It homogenizes the skin color. Some research has found that Niacinamide can be helpful in lightening dark spots.

ZINC PCA

The sebum-regulating properties of Zinc PCA make Zinc PCA particularly useful for acne-prone oily skin. Combination skin also benefits from a combination of moisture-binding and sebum-reducing properties.

PREBIOTIC

This prebiotic sugar controls our skin microbiota and strengthens the skin. It establishes a barrier effect against external attacks such as pollution, UV and aggressive chemicals.

BRIGHTENING FACIAL SERUM FOR BLEMISHED SKIN

Niacinamide 5%

Alfa Arbutin 2%

Peptid Complex

Vegan Hyaluronic Acid

30 ml

BRIGHTENING FACIAL SERUM FOR BLEMISHED SKIN

Niacinamide 5% + Alpha Arbutin 2%

Skin Type: For blemished and discolored skin

With its formula containing Alpha Arbutin and Niacinamide, it protects the skin against sun rays and makes it perfect. Equalizes the color tone. Vegan Hyaluronic acid in its content moisturizes and plumps the skin extra.

How to Use

Massage the serum from the center of the face outward, onto the forehead, nose, cheeks and chin. Repeat this massage 3 times in a row. In this way, the serum is completely absorbed into your skin and penetrates into the spots. **It is recommended to be used together with Biolea's Anti-Dark Spot Face Cream.**

NIACINAMIDE (VITAMIN B3)

Contributes to the development of your skin's protective barrier, which helps maintain skin moisture. This is especially helpful if you have very dry or mature skin.

ALPHA ARBUTIN

Alpha arbutin is much stronger than arbutin or beta arbutin. It has sun protection properties. Helps fade red and blackened scars left by acne.

VEGAN HYALURONIC ACID

It is a hyaluronic acid that does not contain any animal ingredients. With vegan hyaluronic acid varieties with different properties and molecular sizes, it creates a three-dimensional network for moisturizing the skin and penetrates into different layers of the skin. It is effective in gaining elasticity effectively by providing multidimensional moisturizing of the skin.

LICORICE ROOT EXTRACT

The official name of the licorice plant is *Glycyrrhiza glabra* root. Glycyrrhizin; As an antioxidant, it protects our skin against free radicals.

PEPTIDE COMPLEX

Peptides are excellent moisturizers.

FACE CARE SERUM FOR FINE LINES AND WRINKLES

Botanical Collagen

Peptide Complex

Vegan Hyaluronic Acid

30 ml

FACE CARE SERUM FOR FINE LINES AND WRINKLES

Botanical Collagen + Peptide Complex

Skin Type: For aged and inelastic skin

Collagen is an important component of the skin. It plays a role in strengthening the skin, and may also benefit elasticity and hydration. Collagen Facial Serum restores the natural firmness and elasticity of the skin, thanks to the herbal collagen and peptide complex it contains. Contains a copper peptide complex that acts as an antioxidant. With Vegan Hyaluronic acid, it restores the lost moisture of the skin.

How to Use

In the morning and /or evening ,apply a few drops of serum to the face,neck and decollete on clean and dry skin by massaging in a circular motion. **It is recommended to be used together with Biolea's Botanical Collagen Cream.**

BOTANICAL COLLAGEN

Collagen is an important component of the skin. It plays a role in strengthening the skin, and may also benefit elasticity and hydration. Collagen can increase skin elasticity and prevent our skin from sagging and give it a youthful appearance

COPPER PEPTIDE

Peptides are excellent humectants. It can help create firmer and smoother skin

VEGAN HYALURONIC ACID

It is a hyaluronic acid that does not contain any animal ingredients. Vegan Hyaluronic acid has critical importance in protecting the moisture of the skin. When applied topically, it helps to hydrate the skin and maintain this hydration as a moisturizer. Just a single gram of hyaluronic acid has the capacity to hold up to six liters of water.

DEEP MOISTURIZING FACE CARE SERUM

Prebiotic

Hyaluronic Acid

Vitamin B5

30 ml

DEEP MOISTURIZING FACE CARE SERUM

Vegan Hyaluronic Acid + Vitamin B5

Skin Type: For normal to
moisture-demanding skin

Formulated with long and short chain hyaluronic acid molecules to penetrate the different layers of your skin, the vegan hyaluronic acid serum revitalizes the skin and provides intense moisture to dry skin. Vitamin B5 helps to renew the skin and make it look fuller.

How to Use

In the morning and /or evening ,apply a few drops of serum to the face,neck and decollete on clean and dry skin by massaging in a circular motion. **It is recommended to be used together with Biolea's Hyaluronic Acid Cream.**

PREBIOTIC

This prebiotic sugar controls our skin microbiota and strengthens the skin. It establishes a barrier effect against external attacks such as pollution, UV and aggressive chemicals. It purifies the skin by increasing the antimicrobial effect of ethanol.

PANTHENOL (VITAMIN B5)

It accelerates the self-repairing process of the skin and helps to restore the skin to its former health. It helps to protect the skin barrier, that is, against deformations of the skin from the inside or outside, and to increase the quality of the skin barrier.

VEGAN HYALURONIC ACID

It is a hyaluronic acid that does not contain any animal ingredients. Vegan Hyaluronic acid has critical importance in protecting the moisture of the skin. When applied topically, it helps to hydrate the skin and maintain this hydration as a moisturizer. Just a single gram of hyaluronic acid has the capacity to hold up to six liters of water.

ANTI-AGING AND FIRMING GOLD FACE CARE SERUM

Vegan Hyaluronic Acid

Collagen

24K Gold Particles

30 ml

ANTI-AGING AND FIRMING GOLD FACE CARE SERUM

Vegan Hyaluronic Acid + Collagen

Skin Type: For aged skin that has lost its elasticity and moisture

Thanks to the Hyaluronic Acid in its content, it moisturizes your skin deeply. With the collagen in its formula, it helps the skin to regain its lost elasticity. While real gold particles care for the skin with its antioxidant effect, it also gives a radiant appearance.

How to Use

After cleansing your skin, apply a sufficient amount of serum to your face and neck by massaging. Wait until it is absorbed by the skin.

COLLAGEN

Collagen is an important component of the skin. It plays a role in strengthening the skin, and may also benefit elasticity and hydration. Collagen can increase skin elasticity. Collagen prevents our skin from sagging and gives it a youthful appearance.

VEGAN HYALURONIC ACID

It is a hyaluronic acid that does not contain any animal ingredients. Vegan Hyaluronic acid has critical importance in protecting the moisture of the skin. When applied topically, it helps to hydrate the skin and maintain this hydration as a moisturizer.

24K GOLD PARTICLES

It purifies the skin from its dry and worn appearance and supports it to become bright, smooth and clear. It is absorbed by the skin and helps the skin to become shiny and firm like porcelain. It strengthens the ceramic structure of the skin.

BRIGHTENING COLOR TONE EQUALIZING VITAMIN C FACE CARE SERUM

Stabilized Vitamin C 10%

30 ml

BRIGHTENING COLOR TONE EQUALIZING VITAMIN C FACE CARE SERUM

Stabilize Vitamin C %10

Skin Type: For blemished,
dull and uneven skin tone

3-O-ETHYL ASCORBIC ACID STABILIZED VITAMIN C

Skin lightening is one of the most desired effects of vitamin C. Clinical tests have concluded that products containing ethyl ascorbic acid can help brighten the skin and even out skin tone. Ethyl ascorbic acid protects the skin from exposure to unfiltered ultraviolet light from the sun. 3-O-ethyl ascorbic acid significantly supports the skin structure and the general condition of the skin. It helps to maintain a smooth, supple and healthy skin.

Formulated by Volcano Laboratories

Vitamin C Facial Serum strengthens the skin as well as its anti-blemish effect with its high content of Vitamin C and Prebiotics. The antioxidant vitamin C in its content balances the color differences on the skin, equalizes the skin tone and gives shine. Its intense moisturizing feature comes from vegan hyaluronic acid in its formula.

How to Use

After cleansing your skin, apply a sufficient amount of serum to your face and neck by massaging. Wait until it is absorbed by the skin.

PREBIOTIC

This prebiotic sugar controls our skin microbiota and strengthens the skin. It establishes a barrier effect against external attacks such as pollution, UV and aggressive chemicals. It purifies the skin by increasing the antimicrobial effect of ethanol.

NIACINAMIDE (VITAMIN B3)

Contributes to the development of your skin's protective barrier, which helps maintain skin moisture. This is especially helpful if you have very dry or mature skin.

VEGAN HYALURONIC ACID

It is a hyaluronic acid that does not contain any animal ingredients. Vegan Hyaluronic acid has critical importance in protecting the moisture of the skin. When applied topically, it helps to hydrate the skin and maintain this hydration as a moisturizer. Just a single gram of hyaluronic acid is capable of holding up to six liters of water.

ANTI-WRINKLE BRIGHTENING EYE CONTOUR SERUM

Caffeine 5%

Green Tea Extract

30 ml

ANTI-WRINKLE BRIGHTENING EYE CONTOUR SERUM

Caffeine 5% + Green Tea Extract

Skin Type: For under-eye bags,
wrinkled and dull skin

Illuminating Eye Contour Serum Caffeine 5% + Green Tea is specially formulated for the sensitive eye area and is powered by caffeine. It makes the eye area look young and bright. It gives vitality to the skin with the antioxidant effect of green tea extract.

How to Use

After cleansing, apply a small amount serum to the clean and dry eye area by gently massaging in circular motions.

CAFFEINE

Caffeine can help strengthen the delicate skin around the eyes. It is also a powerful antioxidant.

GREEN TEA EXTRACT

Like green tea, green tea extract is a great source of antioxidants. A study in 10 people found that applying a cream containing green tea extract to the skin for 60 days resulted in increased skin elasticity. Also, adding green tea extract to cosmetic products has been shown to benefit the skin by providing a moisturizing effect. Green Tea extract is a natural illuminator and defies discoloration.

NIACINAMIDE (VITAMIN B3)

Contributes to the development of your skin's protective barrier, which helps maintain skin moisture. This is especially helpful if you have very dry or mature skin. Minimizes the appearance of pores. A decrease in pore size is seen over time as a secondary benefit of keeping the skin smooth and hydrated.

SOOTHING AND MOISTURIZING BODY CARE GEL WITH ALOE VERA

Aloe Vera

Collagen

Panthenol

Green Tea

Vitamin E

200 ml

SOOTHING AND MOISTURIZING BODY CARE GEL WITH ALOEVERA

Vegan Hyaluronic Acid + Panthenol +
Vitamin E + Sodium PCA

Skin Type: : For combination,
dry and less elastic skin

ALOE VERA

Acts as an anti-inflammatory on the skin, soothing burns, sunburns, and even skin irritations. Apart from this, it allows the skin to be repaired faster by allowing healing. Thanks to its components, it moisturizes, nourishes and exfoliates the skin.

VITAMIN E (TOCOPHERYL ACETATE)

Vitamin E is a tocol due to its chemical structure and is also known as antisterility vitamin. Vitamin E is an important fat-soluble antioxidant and has important antioxidant functions, especially in cell membranes and lipoproteins. Vitamin E is a powerful antioxidant that can be effective in reducing UV damage to the skin. Topically applied vitamin E can help protect your skin from damage caused by free radicals.

Biolea's Aloe Vera Gel softens and refreshes the skin while providing a whole body care. Thanks to Vegan Hyaluronic Acid, Panthenol (B5), Vitamin E and Sodium PCA, it helps to keep the skin moist. It strengthens the skin's elasticity structure with collagen. Its special formula creates a protective barrier, keeping the skin moist and looking smooth, soft and healthy.

How to Use

Apply as often as needed, with a light massage until the skin is absorbed, as often as needed.

COLLAGEN

Collagen is an important component of the skin. It plays a role in strengthening the skin, and may also benefit elasticity and hydration. Collagen can increase skin elasticity and prevents our skin from sagging and gives it a youthful appearance.

PANTHENOL (VITAMIN B5)

Accelerates the skin's self-repairing process and helps restore the skin to its former health. It helps to protect the skin barrier, that is, against deformations of the skin from the inside or outside, and increase the quality of the skin barrier.

VEGAN HYALURONIC ACID

It is a hyaluronic acid that does not contain any animal ingredients. Vegan Hyaluronic acid is critical in maintaining the moisture of the skin. When applied topically, it helps to hydrate the skin and maintain this hydration as a moisturizer. Just a single gram of hyaluronic acid is capable of holding up to six liters of water.

SODIUM PCA

Sodium PCA is a naturally occurring humectant that acts as a moisturizing agent and a skin regenerating ingredient in a variety of skin and hair care products.

SOOTHING & MOISTURIZING BODY LOTION WITH PANTHENOL

Panthenol

Collagen

Sodium PCA

Vegan Hyaluronic Acid

200 ml

SOOTHING & MOISTURIZING BODY LOTION WITH PANTHENOL

Panthenol + Vegan Hyaluronic Acid +
Sodium PCA + Collagen

Skin Type: For normal to
dehydrated skin types

PANTHENOL VITAMIN B5

Vitamin B5 is one of eight members of the B vitamin family. This valuable vitamin, also known as Pantothenic acid, is water-soluble.

It accelerates the skin's self-repairing process and helps to restore the skin to its former health. It helps to protect the skin barrier, that is, against deformations of the skin from the inside or outside, and to increase the quality of the skin barrier.

- It is a strong moisturizer.
- It increases the elasticity of the skin.
- It plays a role in the development of the skin's protective/barrier function by increasing the synthesis of lipids in the outermost layer of the skin.
- Increases cell regeneration, shows wound healing effect.

Biolea's Panthenol Body Spray lotion moisturizes and relaxes your skin, which has been affected by the sun and external factors, thanks to its high content of Panthenol, Allantoin and Aloe vera. Thanks to the high content of vitamin E in the lotion content, it helps to prevent the signs of aging on the skin.

How to Use

If the body lotion is applied after a shower, the skin must first be thoroughly dried in order to increase absorption. Just like other care products, body lotion should be applied to the skin by gently massaging.

SODIUM PCA

Sodium PCA is a naturally occurring humectant that acts as a moisturizing agent and a skin regenerating ingredient in a variety of skin and hair care products.

COLLAGEN

Collagen is an important component of the skin. It plays a role in strengthening the skin, and may also benefit elasticity and hydration. Collagen can increase skin elasticity and prevents our skin from sagging and gives it a youthful appearance.

VEGAN HYALURONIC ACID

It is a hyaluronic acid that does not contain any animal ingredients. Vegan Hyaluronic acid is critical in maintaining the moisture of the skin. When applied topically, it helps to hydrate the skin and maintain this hydration as a moisturizer. Just a single gram of hyaluronic acid is capable of holding up to six liters of water.

BOTANICAL COLLAGEN FACIAL CREAM

Vegan Hyaluronic Acid

Prebiotic

50 ml

BOTANICAL COLLAGEN FACIAL CREAM

Vegan Hyaluronic Acid + Prebiotic

Skin Type: For saggy skin with signs of aging

Thanks to its herbal collagen and prebiotic content, Collagen Face Cream restores the skin's natural firmness and elasticity. It helps to strengthen the skin. With Vegan Hyaluronic acid, it restores the lost moisture of the skin.

How to Use

After cleansing, apply a small amount cream to the face and neck and massage into the skin until completely absorbed. **It is recommended to be used together with Biolea's Botanical Collagen Serum.**

PREBIOTIC

This prebiotic sugar controls our skin microbiota and strengthens the skin. It establishes a barrier effect against external attacks such as pollution, UV and aggressive chemicals. It purifies the skin by increasing the antimicrobial effect of ethanol.

BOTANICAL COLLAGEN

A plant-based collagen alternative, Acacia Collagen protects the skin barrier and provides noticeable and long-lasting moisture. A herbal lifting ingredient provides a visible tightening effect. Wrinkles and lines are reduced and facial features become more pronounced.

VEGAN HYALURONIC ACID

It is a hyaluronic acid that does not contain any animal ingredients. Vegan Hyaluronic acid has critical importance in maintaining the moisture of the skin. When applied topically, it helps to hydrate the skin and maintain this hydration as a moisturizer. Just a single gram of hyaluronic acid has the capacity to hold up to six liters of water.
