

# ELECTRICAL TRANSMISSION & DISTRIBUTION

## MAJOR PRODUCTS

- SF6 Gas Insulated switchgear capability up to 36KVA.
- Air Breaker Switch capability up to 36KVA.
- Cast Resin Transformer capability up to 36kV 15000KVA.
- Distribution Transformer Capability up to 36KV 5000KVA.
- Switchgear Control panel capability up to 36KV  
Including MCC/Motor Control Center.
- High Voltage Capacitor up to 36kV.
- Low Voltage Capacitor up to 3P 525V.
- CT (Current Transformer) & PT (potential Transformer) Capability up to 36kV (Epoxy model, Bobble Core & Bobble Ratio).
- Fuse Cutout capability up to 15kV.
- Disconnection Switch capability up to 25kV.
- Lightning Arrestor (LA)  
capability up to 27kV.
