ABOUT COMPANY

Handmade Furniture

Welcome to ArmishQ, a premier Indian furniture export house dedicated to bringing the rich tapestry of Indian craftsmanship to the global stage. Established with a passion for quality and authenticity, we curate a collection that seamlessly blends tradition with contemporary design.

Our journey is rooted in a commitment to showcase the diverse heritage of India where each piece is a testament to the skill and dedication of our artisans, who employ age-old techniques to create timeless masterpieces.

At ArmishQ, we prioritize quality, adhering to stringent standards throughout the production process. Our diverse range, from intricately carved wooden classics to modern, minimalist designs, caters to a global audience with discerning tastes.

CUSTOMIZE

At ArmishQ, we offer the flexibility to personalize your design from the catalog according to your specific requirements. Choose from a range of options for materials, color finishes, and dimensions, and we'll gladly proceed with manufacturing it to meet your preferences.

We are capable of creating customized furniture based on your specific design, finishes, and material preferences. Simply share your details with us, and you can expect to receive competitively priced, tailor-made products to suit your needs.

COLOUR OPTIONS

MATERIAL OPTIONS

Designed to withstand years of use, our furniture is constructed using robust joinery techniques. The shutters are operated by iron hardware, and the drawers smoothly open on wooden glides.

Every item we offer is meticulously handcrafted and intricately carved from natural wood. Our pieces showcase unique characters with asymmetrical and irregular designs present in the hand-carved patterns.

The grain, texture, and tone of hand-carved furniture will exhibit variations from one piece to another. The inherent features of the wood, including knots, grains, cracks, and color variations, contribute to its distinctive appearance. All pieces of natural wood furniture are sealed with a clear lacquer to preserve their natural beauty.

PLEASE NOTE

The majority of our furniture is shipped fully assembled. However, for specific products, we will indicate if assembly is required.

Taxes and packaging are included in the prices, while shipping charges will be additional and will depend on the quantity needed.

Depending on the furniture you choose, fabric options will be provided for your selection.

A minimum order of 10 pieces is required for the products you wish to purchase.

CUSTOMIZE

At ArmishQ, we offer the flexibility to personalize your design from the catalog according to your specific requirements. Choose from a range of options for materials, color finishes, and dimensions, and we'll gladly proceed with manufacturing it to meet your preferences.

We are capable of creating customized furniture based on your specific design, finishes, and material preferences. Simply share your details with us, and you can expect to receive competitively priced, tailor-made products to suit your needs.

COLOUR OPTIONS

MATERIAL OPTIONS

Designed to withstand years of use, our furniture is constructed using robust joinery techniques. The shutters are operated by iron hardware, and the drawers smoothly open on wooden glides.

Every item we offer is meticulously handcrafted and intricately carved from natural wood. Our pieces showcase unique characters with asymmetrical and irregular designs present in the hand-carved patterns.

The grain, texture, and tone of hand-carved furniture will exhibit variations from one piece to another. The inherent features of the wood, including knots, grains, cracks, and color variations, contribute to its distinctive appearance. All pieces of natural wood furniture are sealed with a clear lacquer to preserve their natural beauty.

PLEASE NOTE

The majority of our furniture is shipped fully assembled. However, for specific products, we will indicate if assembly is required.

Taxes and packaging are included in the prices, while shipping charges will be additional and will depend on the quantity needed.

Depending on the furniture you choose, fabric options will be provided for your selection.

A minimum order of 10 pieces is required for the products you wish to purchase.
