

ecoX Inc. is trading house specialized in trade of industrial commodities namely:

- Plywood and Fiberboards
- Iron & Steel finished products
- PVA Products for cleaning
- Microfiber

With our sourcing offices in CHINA, INDIA & USA we can provide extremely competitive pricing for most industrial commodities. We also have vendor bases in Japan, South Korea, Malaysia, Vietnam, Italy, etc.

We are currently tied up with many MNC corporates like Shell, Allergan, Indian Oil, Ansysco, Toyota, 3M. We are working very closely with many startups like Furlenco, Homelane, Livspace in India, Sph2onge in UK & USA.

Our retail products are available across modern trade like Metro Cash & Carry, Spar Hypermarket and various online market places like Amazon India, Amazon UK. We are also OEM supplier to Suzuki, Toyota for aftermarket auto accessories.

We specialize in sourcing and penetrate deep into the heartland of countries to scan for factories which are not easily accessible over Internet / global trading platforms like Alibaba, Made in China or searchable on Google.

Our USP is the transparency and top notch quality - which is controlled and monitored at every stage of product life cycle - for our clients.
