

ALKHALIL

FOR SALT EXPORT

C O M P A N Y P R O F I L E

More than just a salt
supplier

**WE'RE
YOUR DIRECT
SOURCE**

for rock de-icing salt supplier

ABOUT US

We're more than just a salt supplier – we're your direct source for rock de-icing salt. What sets us apart is that we own everything, from digging the salt out in Siwa Oasis to processing it into top-notch de-icing salt. No middlemen, no contractors – just us, ensuring quality at every step.

We're proud of our expertise developed over the years. We don't just sell salt; we mine it ourselves, ensuring it comes from Siwa Oasis, known for its super clean and natural salt deposits.

OUR VISION

Our vision is straightforward but powerful To become the most trusted company from Egypt to the entire world. We want to be your go-to source for high-quality rock de-icing salt, making winters safer across the globe.

ALL IN-HOUSE

Our operations are all in-house We've got our saline and high-tech machines, making sure we produce the best rock de-icing salt out there. We've got our eyes on quality. Every batch is thoroughly checked to make sure it's super effective and pure.

ABOUT THE OWNERS

Meet the founders of Al-Khalil Company,
Dr. Mohamed Khalil and Dr. Mohamed Abd Elhady.

”

They both have PHD degrees in geology
and chemicals from a very prestigious college.

They established best practices for producing
ice-melting salt. Dr. Khalil, with his rock
knowledge, and Dr. Abd Elhady, with his chemical
mastery, have worked for more than 15 years to
export over 3 millions tons all over the world.

When you talk to them, you're talking straight to
the source of the purest salt on the planet.

“

LOGISTICS

Salt Extraction & Transportation

- Our commitment to quality begins with the salt extraction from our basins in Siwa Oasis, in a well-prepared environment dedicated to guarantee the purity and moisture level of rock salt, in accordance with the highest standard.
- Once extracted, the salt is transported with utmost care to maintain its inherent characteristics to our warehouses. After that, our trucks transport the salt to the determined port.

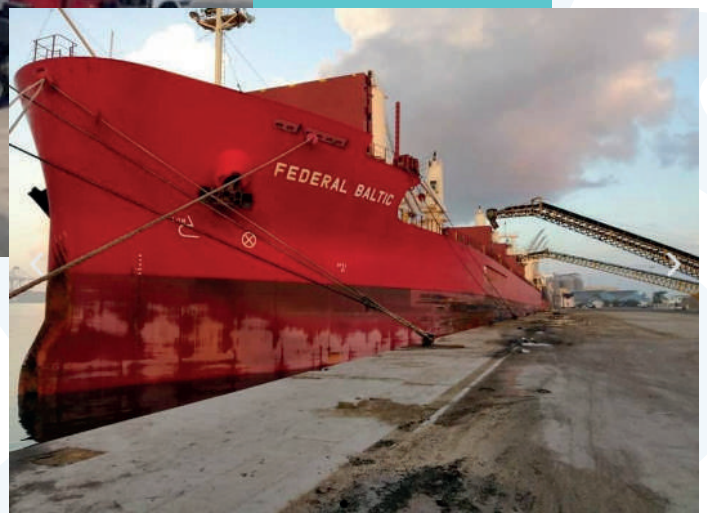

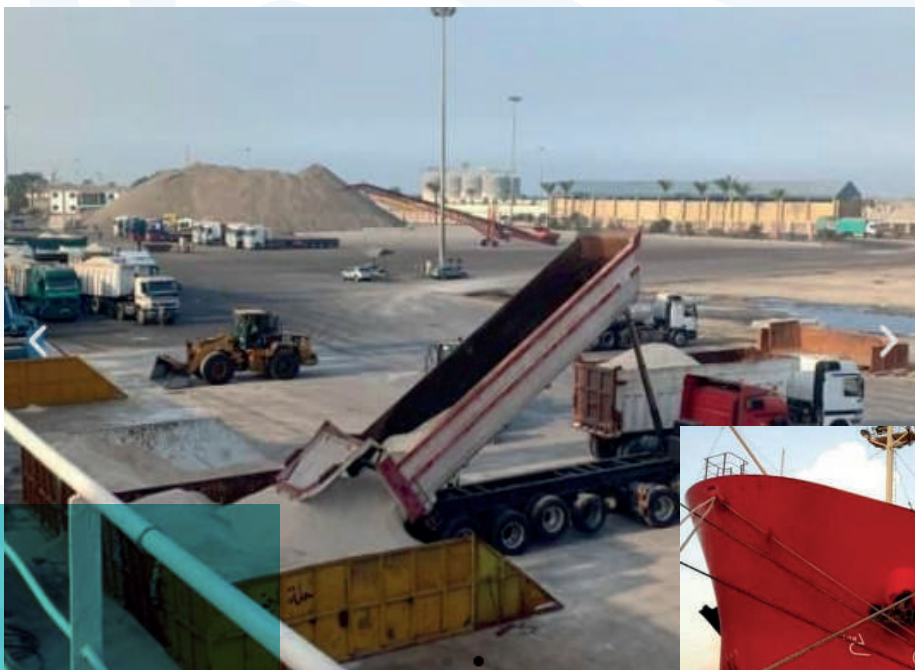

LOGISTICS

Port procedures and bulk vessels loading

- Once the trucks reach the determined port in Egypt, our logistics company takes charge of completing all required procedures.
- Our trucks not only **GUARANTEE** the efficient unloading of salt into the holders but also ensure a remarkable **LOADING RATE** with the highest salt loading rate in Egypt!

Throughout these processes, we guarantee maintaining

- the purity and moisture of the salt, ensuring that it still meets the standards.

OPERATIONS

Within our Saline, We've carefully divided it into specific basins, each with calculated dimensions.

This planning ensures not only good quality but also a speedy extraction process using our equipment.

Additionally, right there in the Saline, we've set up a chemical lab. This lab works continuously, analyzing our salt to guarantee the absolute best quality for our clients.

Our commitment is to provide you with top-notch salt, and we achieve this by efficiently managing our Saline, using advanced equipment, and conducting thorough quality checks in our on-site lab.
