

Welcome to VK India Incorporation

Presentation -2022-23

INTRODUCTION

Incorporated in 2006, VK India incorporation is a leading manufacturing company which offers the most cost-effective, High Precision Machined components, Forged & Casted Machined components, fittings & assemblies for Plumbing & Sanitary Industry, to the global clientele.

Company Facts

- Establishment : 2006
- Group Establishment: 1963
- **Factory Site :**
@ampl, # 17, GIDC Phase-II,
Dared, Jamnagar 361 004
Gujarat, India
- Work force Strength: 100 +
- Machinery Assets: 300 +
- Quality Accreditation: ISO 9001

Company Mission

***To provide high level of excellence consistently,
to our customers, thereby adding value to their
business & providing them utter satisfaction
and Peace of Mind.***

Core Values that drives us

1. CUSTOMER FIRST

The purpose of our existence is our customer & we strive to understand their need first than anything else.

2. RESPECT FOR INDIVIDUALS

We believe in philosophy of “more you give, more you get”. It promotes Trust and encourages Collaboration.

3. COMMITMENT

Either you do or don't. There is no “in between”. commitment is thus a promise we make to our self.

4. SERVE WITH SMILE

We are always excited & curious to always serve our customer with cheerfulness

5. EXCELLENCE

We are committed to be better with each day. To be progressive each day. We endeavor to surpass our own benchmarks.

6. VALUE TIME

It is said time is money. We believe time is more precious than money. We believe everything is worth value only under perspective of time.

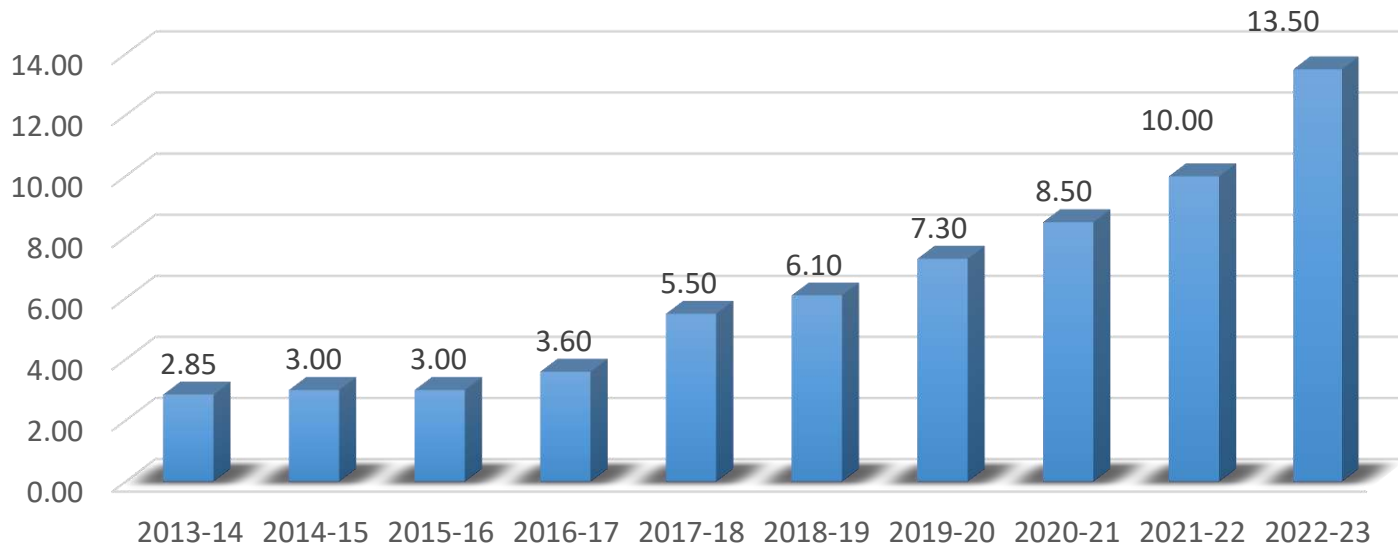

7. TEAM WORK

We believe in collective intelligence. Individual talent gets magnified many times over through collective lens of effective team. Working together is a success.

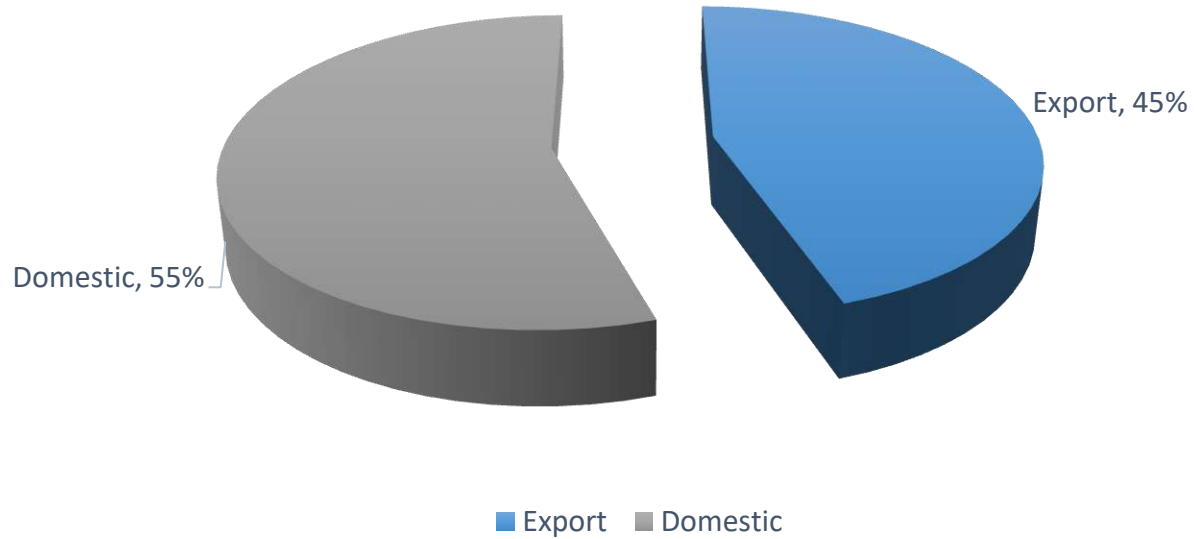

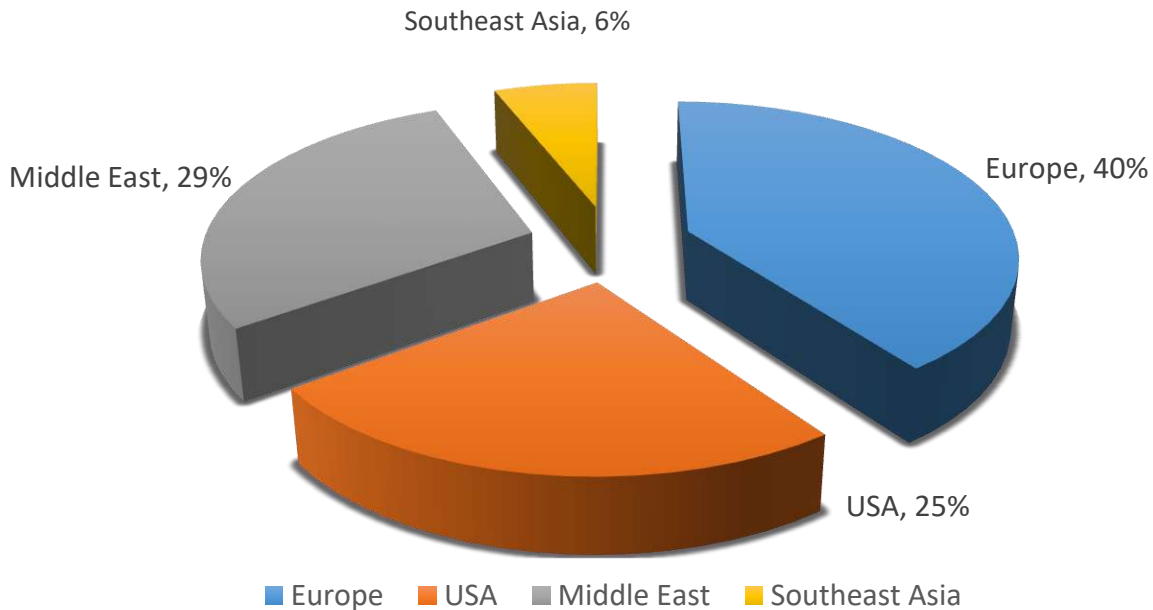

Business Growth

Export Regions

- UK
- USA
- Germany
- Italy
- France
- Spain
- Sweden
- Czech Republic
- UAE
- Saudi Arabia
- Malaysia
- South Africa
- Sri Lanka

Our Metals

Processing expertise for various Metals & Metal Alloys

Brass

Copper

Bronze

Stainless Steel

Mild Steel

Aluminum

Our Machines

- CNC Machines 5 Axis Sliding Head
- VMC- vertical machining centers
- CNC Lathe Machines
- Multi Axis Sheet Metal forming Machine
- Hot Forging Machine Horizontal Automatic
- High Speed Auto Lathes
- Shell Molding Machine for Casted Parts
- Surface grinding machines
- Special purpose machines including deep hole drilling machines,
- drilling, boring and other conventional machines,
- Bar cutting machines to cater to requirements of different industries.
- Laser Marking Machine

- Multi Axis Turing Milling Machine auto Troube 1/2"
- Power Press
- Flower Press
- Lathe Turning Auto Troube 3/4"
- Lathe Turning Auto Troube 1"
- Milling Machine SPM
- Section Cutting Machine SPM
- 1/2 " Drilling Machines
- Thread Machines SPM
- Tool Grinders 1/2"
- Multi Function Index Rotary Machines 4 in 1
- Multi Slide Automat 15mm Capacity PLC Based
- Double Cam Shaft Automat Multi Speed

Our Machines

Our Quality

- Camera based Measurement System with Probe
- Spectrometer for raw material chemistry testing
- Optical camera based Inspection Machine High Speed
- Hardness Testing Machine
- Plating Thickness Testing Machine
- Surface plate of granite
- Depth Gauge
- Thickness Gauge
- Vernier Calipers
- Micro Meters
- Torque Testing Equipment
- Qualified Gauges TRG, TPG, PPG, PPG
- Surface Roughness Tester
- Height Gauge

Our Advantages

*There are many good reasons to choose us.
Few are here.*

➤ **COST EFFICIENT PRICING**

With us you can be confident that you get value for money products. We improve our prices by value engineering

➤ **Quality excellence**

Through our rigorous internal controls & advanced manufacturing facility, we ensure you get high quality products and utter satisfaction.

➤ **Customized inventory management**

- For prompt deliveries, we keep Kanban & JIT inventories.
- Also third party warehousing facility for long established orders.

➤ **Raw material control**

Controls over material is of utmost important at VK India. We are sticklers about testing, retesting and certifying, that the raw materials received are exactly as per the standards & specifications.

➤ **On time delivery**

- 98.00% delivery rating for the period 2015-16
- 99.70% delivery rating for the period 2016-17

➤ **Array of value added services**

We offer an array of services so that you not need to use multiple suppliers, minimizing turnaround time and cost.
