

MEDICAL EQUIPMENTS & DEVICES

Disha Exports & Imports India (DEXIM India) functions as a Merchant Exporter in the wide range of Pharmaceutical products. The business has built a solid reputation over the last few years as a merchant exporter. So far, we have helped businesses create pharmaceutical items (capsules, tablets, surgery, and injectables). Production facilities for our affiliate manufacturers are well-equipped. All equipment is fitted in accordance with GMP and WHO-GMP Standards. Manufacturers possess the necessary national and international certifications, such as Schedule-M GMP, WHO-GMP, TGA Certification by the Australian Government, MHRA-UK, PMDA-Japan, and USFDA approvals. Plants with the ability to produce tablets, capsules, liquid preparations, and ointments also have sterile departments for the production of injections.
