About Hongsheng

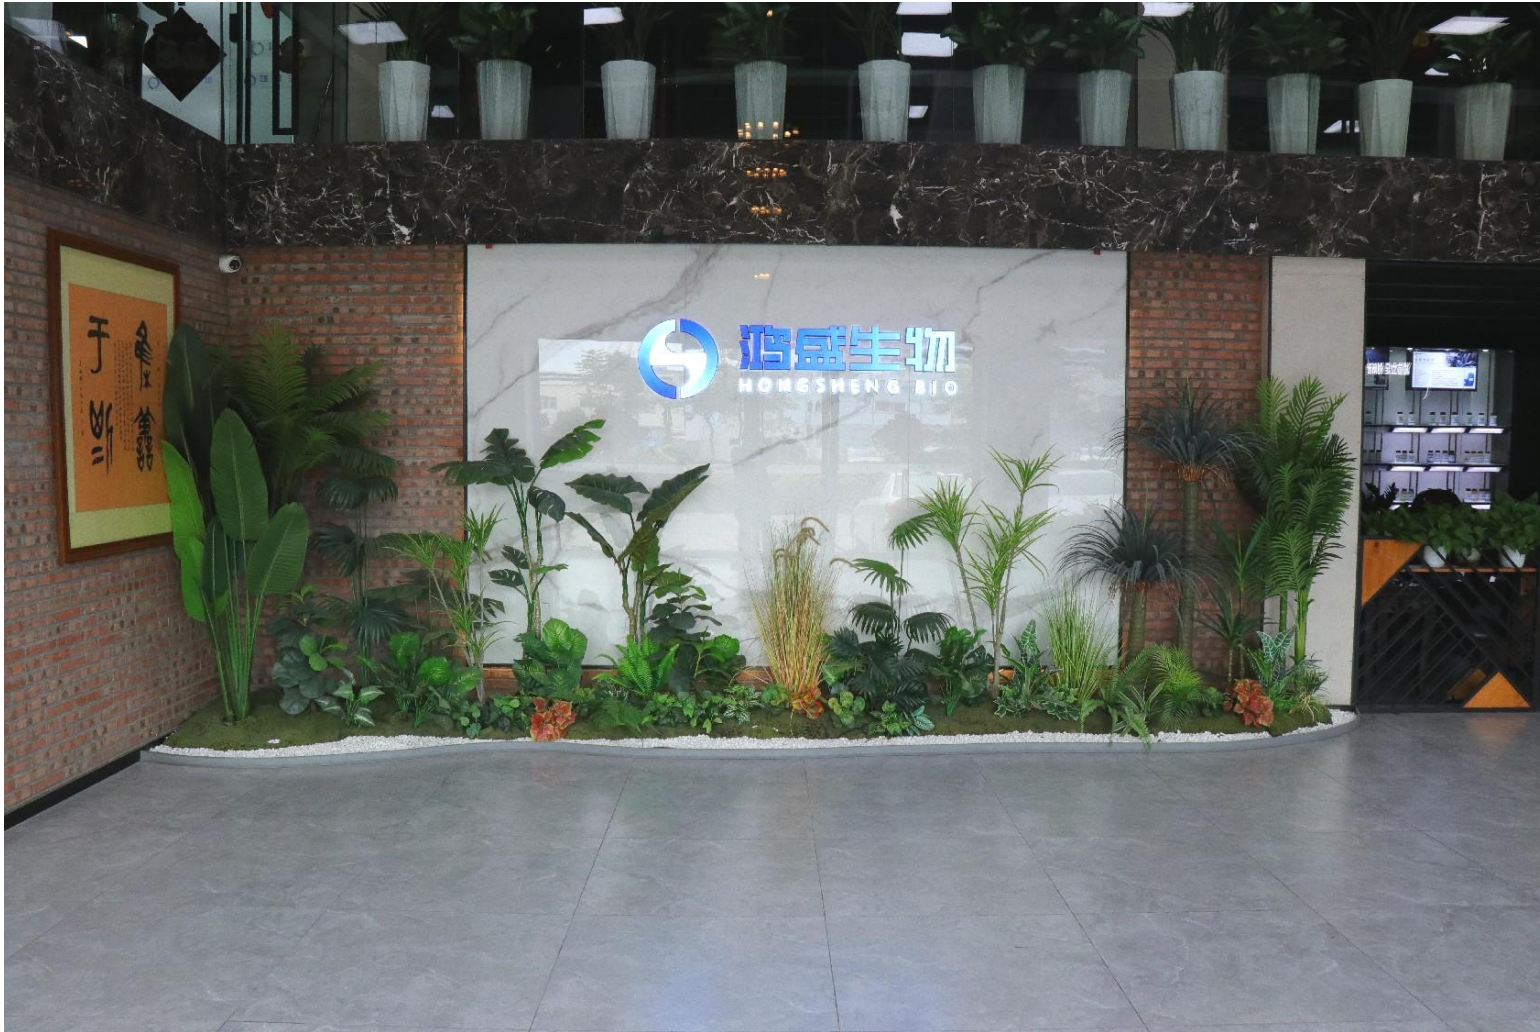

Denim washing aids and solutions
Supplier

About us

- Zhongshan Hongsheng Biotechnology Co., Ltd. was founded in 2005 and is committed to the research and development, production, and application of environmentally friendly textile new materials. After more than a decade of trials and tribulations, it has continuously grown and its influence in the textile printing and dyeing industry has continued to increase. In 2017, it officially established the "Hongsheng" brand.
- The product lines covered by Hongsheng include: denim washing, garment dyeing, textile printing and dyeing, yarn sizing, and functional finishing. The products have successively passed the certification of third-party environmental protection organizations such as ZDHC, GOTS, Scivera, and EIM.
