### **ABOUT LUMINATII**

Luminatii Technology Co., Ltd. (Formerly Shenzhen Zhongrun Optoelectronics Technology Co., Ltd.) is a company integrating R&D, manufacturing and sales of LED displays in one of the national high-tech enterprises. On November 28, 2022, Beijing Fengshang Culture Media Group Co., Ltd. successfully completed the investment in Luminatii Optoelectronics, opening the art culture and new reality science technology fusion.

Luminatii LED display products are exported to 87 countries and regions, with a robust global sales and service network. Product application fields cover DOOH, stage, museum, sports stadium and other various industries.

Luminatii upholds high-quality manufacturing standards, as well as principles of rigorous research and development, ingenious design, and considerate service, persist in continuously innovating products, and strives to lead the healthy development of the LED industry, realizing a luminous vision of the LED Display World.

# **Rental LED Screen**

Suitable for indoor and outdoor use.

Die-casting Aluminum cabinet, extremely lightweight and thin thickness.

Curve design support from -15° to 15° adjustable angle installation.

Modular design, easy front and rear maintenance for the modules and power receiving cards as well.

Excellent flatness process.

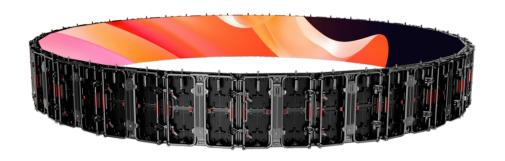

Corner protection design, makes each pixel well-protected.

Various installation methods, including use as a floor led screen.

### Application

Product Model	ZR-IR-P2.6	ZR-IR-P2.9	ZR-IR-P3.9	ZR-OR-P2.9	ZR-OR-P3.9	
Pixel Pitch	2.6mm	2.976mm	3.9mm	2.976mm	3.9mm

IP Rating		Indoor IP30		Outdo	or IP65	
Refresh Rate			3840HZ			
Cabinet Material	Die-casting Aluminum					
Maintenance Way						
Viewing Angle						
Operating Voltage		AC 110-240V				
Working Environment			-10°C to +60°C, 10%-90%RH			

# **Outdoor Led Screen**

Simple Design Convenient Installation
Light and thin, reducing the load bearing capacity of the wall, saving the cost of installation and transportation.

#### Stable and Reliable

Energy saving, high heat dissipation efficiency Modules adopt pin connection without cables.

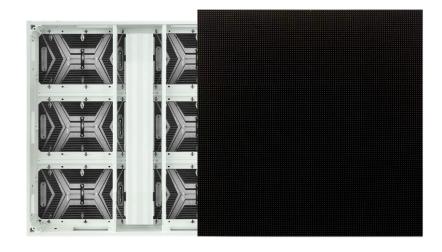

#### Durable in any weather conditions and climates.

IP65. No fan or air conditioner required for cooling.

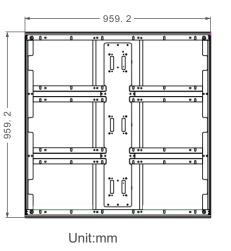

#### Wall-mount Installation

Without steel structure, cabinets can fixed on the wall directly, saving the cost of steel structure and installation. Support front and rear access maintenance.

### Application

Cabinet Material		Alumin	um			
Cabinet Weight		22kg	7			
Maintenance Way		Front&F	Rear			
Viewing Angle	160°/120°					
IP Rating	IP65					
Operating Voltage	AC 110-240V					
Working Environment		-30°C to +60°C, 1	10%-90%RH			

# **Holographic LED Film Screen**

#### Ultra-thin & Ultra-light

Screen thickness is less than 2.5mm, the minimum weight is 4.5kg per square meter.

#### High Transparency

Without the obstruction of the frame, the transparency of the screen can reach 90%.

The module can be bent, curved and cut freely.

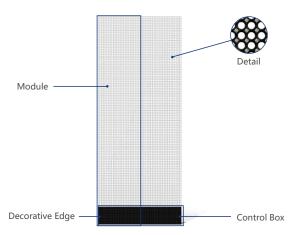

High transparency does not affect the high-definition display of the screen.

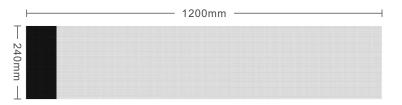

#### No Steel Structure is Required

The module can be easily attached to the glass without any complicated construction, effectively reducing the cost of transportation, structure, and manual installation.

160mm\*1200mm 240mm\*1200mm 250mm\*1200mm

### Application

Street shops, automobile 4S stores real estate, jewelry brand stores brand clothing stores unmanned supermarkets

Guardrails for shopping malls scenic spots, airports, etc

Decoration

Demonstration walls in brand shops elevator rooms and showrooms

**Creative Show** 

Creative display of cultural tourism activities stage, etc

IP Rating	IP30	IP30	IP30

# **Adhesive LED Transparent Screen**

### Ultra-thin & Ultra-light

5mm Screen Thickness and 10kg each square meter.

#### High Grayscale Rating

14-16 bit Grayscale Rating restores every subtle color and display the ultimate exquisite picture quality.

Transparency up to 85%, without visual impact on the original building.

### Strong Stability, Size Customization

Customized the panel sizes according to the project requirements freely.

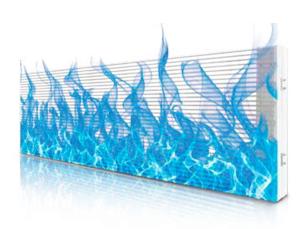

#### **Elegant Appearance**

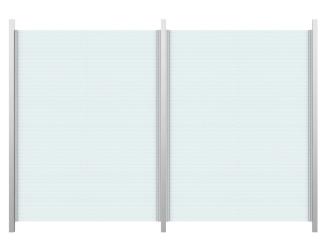

Frameless design, can quickly and seamlessly splice and stick any screen size on the glass.

#### Multiple Installations

Adhesive, hang & fix installation.

### Application

Creative Ceiling Screen, Glass Curtain Wall, Shopping Mall, Sightseeing Elevator Curtain Wall

**Brand Chain Stores** 

3C Experience Store, Bank Business Hall, Restaurant Bakery, Shoe Clothing Store, Jewelry store

Airport Terminal, High-Speed Rail, Subway Station **Bus Station** 

Bars, Stage Event, Landscape Cultural Tourism, TV Shows

# **Indoor LED Transparent Screen**

#### Thin & Light Design

Ultra-thin transparent screen box, the thickness is only 80 mm, and the thinnest part of the edge is only 20 mm.

### Heat Dissipation without Air Conditioning

Good heat dissipation for energy saving and environmental protection.

Transparency can reach more than 75%, without affecting the indoor lighting

#### Easy to Maintain

Pluggable and Modular design, easy to connection operation and save maintenance costs.

#### Brightness Optional

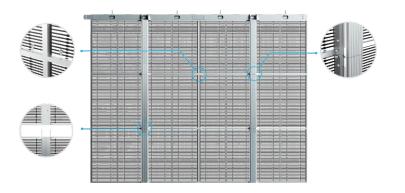

High & low brightness solutions available. 5000 nit highlight could be visible clearly under strong light.

#### Multiple Installation Methods

Hang installation, bottom bracket type or ceiling type installation.

### Application

Creative Ceiling Screen, Glass Curtain Wall, Shopping Mall, Sightseeing Elevator Curtain Wall

3C Experience Store, Bank Business Hall, Restaurant Bakery, Shoe Clothing Store, Jewelry store

High-end Auto Show, Luxury Goods Show Large expositions, Science and Technology Museums

# **Outdoor LED Transparent Screen**

Unique Appearance Patent
High-Speed Rail-Shaped Power Box Design

#### **High Transparency**

58% Transparency

### **High Brightness**

SMD 1921 LED configuration support for 5000 nits

### Radian Locks & Bevel Cabinet Deisgn

Support for concave 15°~convex 15°(option) & 90° angle screen stitching.

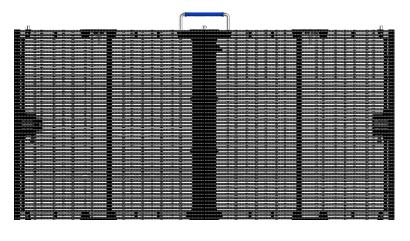

#### Fit for Outdoor Use (IP65)

SMD Glue Process create an excellent water-proof performance.

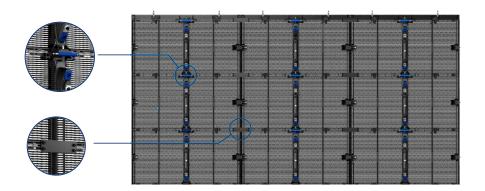

#### **Various Installation Methods**

Hang & seat installation, rental & fixed installation.

### Application

#### Outdoor Curtain Wall

Large Building Facade, City Landmarks, Municipal Buildings, Airports

#### **Creative Cultural Tourism**

Landscape Attractions, Cultural Tourism Town Creative Landscape, Light Art

#### **Transportation Advertising Media**

Airport Terminal, High-Speed Rail, Subway Station Bus Station

#### Stage Performing Arts

Bars, Stage Event, Landscape Cultural Tourism TV Shows

## **LED Mesh Screen**

#### Ultra Light Weight

Light weight panel, simple structure, suitable for large area display.

#### **High Transparency**

Transparency is up to 90%.

#### **IP66 Waterproof**

Suitable for permanent outdoor use.

#### **Good Flexibility**

Flexible led module, any irregular shape or size could be customized

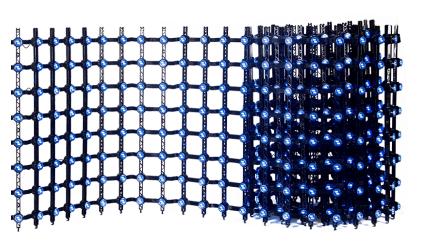

### **Lower Power Consumption**

Energy saving for cost-effecting.

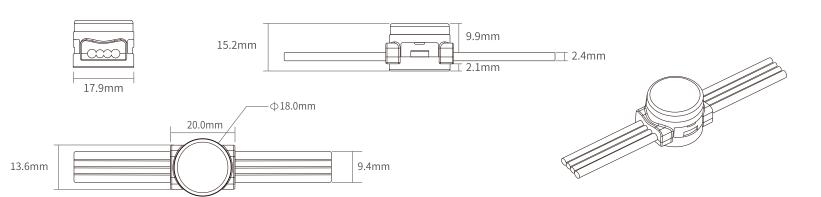

#### **Fast Installation**

Fast installation and maintain without screws, also apply for the fixed and rental installation.

### Product Dimension

### Application

Creative Ceiling Screen, Glass Curtain Wall, Shopping Mall, Sightseeing Elevator Curtain Wall, Background Wall Decoration

Attraction Buildings, Landmark buildings, Villas, High-end Business Buildings, Large Clubs design

Science and Technology Museum, Aguarium, Museum, Exhibition Hall, Design Center

**Performing Arts Event** 

Bars, Stage Event, Landscape Cultural Tourism, TV Shows

Brightness	2000nits	930nits	600nits
Max. Power Consumption	240W/m <sup>2</sup>	94W/m <sup>2</sup>	60W/m <sup>2</sup>
Ave. Power Consumption	80W/m <sup>2</sup>	32W/m <sup>2</sup>	20W/m <sup>2</sup>

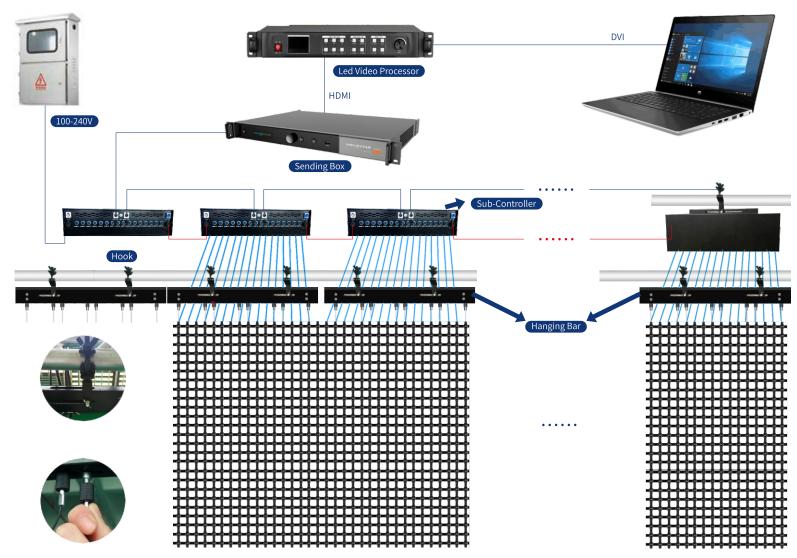

## System Topology

# **LED Curtain Screen**

#### High Transparency

High Transparency
60% transparency, making the building curtain wall into a realistic video wall.

#### Thin and Light

Light weight design, 18kg/m<sup>2</sup>, easy to install and maintain.

#### No Steel Structure

When installed on the wall of a building, no steel structure is required.

#### **Energy Conservation Technology**

Using high-brightness LED and high conversion efficiency power supply, the power consumption is more than 50% less than that of traditional products.

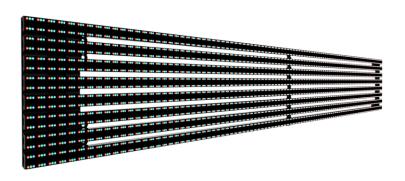

#### **High Protection Level**

For the first time in the industry, the entire screen has an IP67 protection level, effectively extending the service life of the product.

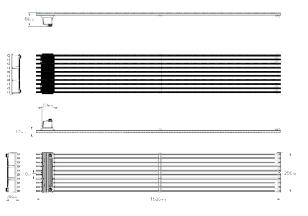

Works trouble-free at temperatures -30 C° to 60 C°, and the wind-resistant design can withstand strong winds.

### Product Details

### Application

Glass Curtain Wall, Shopping Mall, Sightseeing Elevator Curtain Wall

Iconic Building Displays, Theaters, Towers, Sports Venues

Airport Terminal, High-Speed Rail, Subway Station, **Bus Station** 

TV Shows

Product Model	ZR-GS-P25-16	ZR-GS-P25-25	ZR-GS-P31.25-31.25
Shell Material	Aluminum Profile	Aluminum Profile	Aluminum Profile
LED Configuration	DIP 1R1G1B	DIP 1R1G1B	DIP 1R1G1B
Pixel Pitch (H/V)	25.6mm/16 mm	25.6 mm/25mm	32mm/31.25 mm
Pixel Density	2438dots/m²	1562dots/m²	1000dots/m²
Module Dimension	256×1536mm	256×1600mm	256×1500mm
Module Resolution	10×96 dots	10×64 dots	8×48 dots
Brightness	8000nits	6000-8000nits	7000nits
Transparency	60%	60%	70%
Weight	18kg/m²	18kg/m²	$18  \mathrm{kg/m^2}$
Input Voltage	AC 110 -240 V	AC 110 -240 V	AC 110 -240 V
Max. Power Consumption	400 w/m²	400 w/m <sup>2</sup>	400 w/m²
IP Rating	IP67	IP67	IP67
Gray Scale	RGB 16384 bit(3×14bit)	RGB 16384 bit(3×14bit)	RGB 16384 bit(3×14bit)
Refresh Rate	≥1920 Hz	≥1920 Hz	≥1920 Hz
Repeat Frequency	≽60 Hz	≥60 Hz	≥60 Hz
Working Environment	T: -30°C-60°C; H: 10%-90%	T: -30°C-60°C; H: 10%-90%	T: -30°C-60°C; H: 10%-90%

# Flexible LED Screen

#### Lightweight and Flexible

Made of FRC material, the appearance is super light and thin, and high flexibility performance.

#### Outstanding Display Performance

Your visuals will be enhanced through the 16-bit gray scale and excellent refresh.

### 360°Viewing Angle

Seamless stitching function to support the fully display streamlined appearance structure design requirements.

#### User Friendly Installation

Strong magnetic adsorption type installation, quick installation and convenient maintenance.

#### **Customized Freely**

Diversified display shapes can be customized according to project requirements.

It can be bent, folded, and can be freely composed of various shapes, artistic and creative.

## Application

Glass Curtain Wall, Shopping Mall, Sightseeing Elevator Curtain Wall

3C Experience Store, Bank Business Hall, Restaurant Bakery, Shoe Clothing Store, Jewelry store

Airport Terminal, High-Speed Rail, Subway Station, **Bus Station** 

Bars, Stage Event, Landscape Cultural Tourism, TV Shows

### 240mm\*120mm Specs

# **Spherical LED Screen**

360 degree view angle.

Various installation methods, floor standing, hanging, column mounted, embedded and so on. column mounted, embedded and so on.

Size customized freely.

High refresh and clear image can display a vivid audio & visual effect.

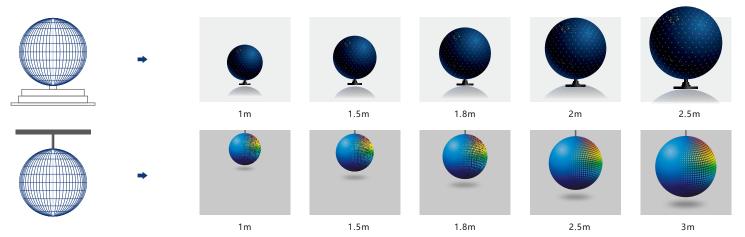

Seamless assembly.

Less than 1.5m diameter it will be delivered as an integral ball, The user no need to do assemble while they get it. Just power it on, then it will work.
