

Professional Company

Marine Sea Harvest is a leading provider of marine services in Bangladesh. We offer various services, including ship chandlery, repair, and consultancy. We are committed to providing our customers the highest quality service at a competitive price. Marine Sea Harvest provides a complete range of ship repair services, from routine maintenance to major overhauls. We use only the highest quality parts and materials and our team of experienced technicians are dedicated to providing you with the best possible service. Today, as a well-established and reputed ship repair service company, Marine Sea Harvest continues to grow and evolve, staying true to its core values of reliability, professionalism, and customer-centricity. With over a decade of excellence, Marine Sea Harvest is a trusted partner for shipowners, delivering top-tier ship repair solutions and contributing to the smooth and safe sailing of vessels worldwide.

About Us

Marine Sea Harvest is a renowned ship repair service company that has been a prominent player in the maritime industry since its establishment in 2005. Over the years, the company has earned a reputation for providing top-notch ship repair and maintenance solutions to a wide range of vessels, catering to the needs of shipowners, operators, and maritime enterprises globally.
