Elkanah Silicone Bag Collections

Elkanah

Plastic is harming marine animals, ecosystems and hazardous to human health

One Reusable Elkanah Bag can save more than 200 single use plastic bags

## Our Sustainable Solution: Reusable Silicone Bags

- **Reusable and Durable:** Our premium-quality, extra-thick reusable silicone bags are engineered to stand the test of time. They can last for years, providing a sustainable and eco-friendly alternative that saves thousands of disposable plastic bags from entering landfills.
- **Non-Toxic and Safe:** Rest assured, our silicone bags are crafted from non-toxic materials with absolutely no fillers. They are free from harmful substances like BPA and plastic, ensuring that your family's health and well-being are protected.
- **FDA Approved:** Our silicone bags have received approval from the Food and Drug Administration (FDA), meeting stringent safety and quality standards. This certification guarantees that our bags are not only eco-conscious but also safe for storing food and other essentials.

Investing in our silicone bags means investing in a premium, user-friendly, and eco-conscious storage solution that will enhance your daily life while keeping your items fresh and secure.

## Key Features

- **Premium Quality Materials:** We take pride in offering premium-quality products that meet the highest standards. Our silicone bags are crafted exclusively from 100% food-grade Platinum Silicone, ensuring that they are free from any fillers or additives.
- **User-Friendly Design:** The innovative stand-up design not only maximizes storage space but also allows for convenient access to your items. The easy-to-use zip seal ensures a secure closure, keeping your contents fresh and protected.
- **Effortless Maintenance:** We understand the importance of convenience in your daily life. That's why our silicone bags are dishwasher safe, making cleanup a breeze. No more tedious hand washing or scrubbing; simply toss them in the dishwasher, and they'll be ready for reuse.
- **Extended Freshness:** Our silicone bags are not just about storage; they're about preserving the quality of your food. These containers have a tight seal that stops air and moisture from getting in, preserving your food for longer and preventing freezer burns, so it stays just as tasty as when you stored it.

## Microwave, Freezer & Oven Safe

- **Microwave Safe:** The silicone bags are safe for use in the microwave, allowing for quick and convenient reheating or cooking of dishes. This means you can enjoy warm meals quickly.
- **Freezer Safe:** The silicone bags are safe for use in the freezer, allowing you to store leftovers or ingredients without worrying about quality loss. This ensures your food stays fresh and protected from freezer burn.
- **Oven Safe:** The silicone bags can withstand oven temperatures up to 425°F (220°C), allowing you to use them for baking, roasting, and more.
- **Dishwasher Safe:** The silicone bags are dishwasher safe, which allows for easy cleanup and reuse. You can simply place them in the dishwasher instead of hand washing.
- **Sous Vide Bag:** Silicone bags do not release harmful chemicals when exposed to heat, making them a safe and healthy choice for sous vide cooking.

## Multi-purpose

Our silicone bags are incredibly versatile and designed to meet your various needs.

- **Food Storage Bag:** The silicone bags are an excellent choice for storing raw or cooked food. They can be used for storing leftovers and meal preparation, ensuring your food stays fresh and organized.
- **Freezer Bags:** Our silicone bags are designed to withstand freezing temperatures, preventing freezer burn and preserving your ingredients' quality.
- **Sandwich/Kids Snack Bag:** The silicone bags are ideal for packing kids' snacks due to their perfect size for children's portions and their ease of use for little hands.
- **Camping Containers:** The silicone bags are excellent for outdoor activities like camping. They can be used to store items such as trail mix, dried fruits, or other camping essentials, keeping them safe and dry.
- **Soup Bag:** The silicone bags are heat-resistant and leakproof, making them ideal for storing soups and other hot liquids securely during storage and transport.
- **Microwave Vegetable Steamer:** Our bags double as microwave vegetable steamers. Simply add your veggies, steam, and enjoy nutritious, tender-crisp vegetables in minutes.
- **Makeup/Toiletry/Travel Bag:** They can be used to store makeup, toiletries, or travel essentials. Their leakproof design ensures your items stay contained and organized during your travel

## Why Us?

- **Exceptional Quality:** The product is of exceptional quality, crafted with meticulous attention to detail using top-notch materials and manufacturing processes. This ensures the product is reliable, durable, and consistently performs well.
- **Value for Money:** The product offers value for money by providing a combination of quality and affordability. It's not just a purchase, but a cost-effective investment that delivers long-term value.
- **Customer Approved:** The product is customer-approved, with a loyal and satisfied customer base. Positive reviews and testimonials reflect customers' trust in the brand and endorsement of the product's quality and performance.

### Very thick

Reviewed in the United States on February 26, 2023

Color: Clear

I think these are probably thicker and maybe more durable than Stasher, but for a much better price, and no accessory zipper closer to lose.

### The best freezer bag you can buy!

Reviewed in Canada on April 2, 2023

Love the shape, capacity and transparency of these bags. We use them to store our homemade raw cat food and not only do the portions stay safe from freezer burn but the bags come out perfectly clean

### Hard to find this large size in a good quality!

Reviewed in the United States on April 17, 2023

Color: Clear

Love these large silicone standing bags. they are easy to fill, easy to clean, good seal and not super thin like other brands. Will be purchasing more soon!

### Been looking for this for so long

Reviewed in the United Kingdom on September 10, 2023

Bought to use in freezer. I have been looking for large enough bags for the freezer for ice for so long and these are amazing. Have only stored solid items in them so far. Not sure i would put a liquid in there and lay them down, but for solids such as ice, veg, poultry (not all in same bag) these are the best size i have found.

### Fantastic and 100% eliminates the need for nasty ziplock plastic bags

Reviewed in Canada on September 21, 2023

These were truly XL in size. I ordered a different one/brand that said XL and was a medium in size. These two are very large, open nicely and easily for cleaning etc. Run to buy these and please work to get rid of any disposable plastics.
