## Agro Product

We have identified geographical areas which produce top quality cereals and grains and we have been able to establish direct contact with the farmers in those areas. Thus for cereals and grains such as Javar, Maize, Wheat, Rice, Barley, Millet, etc. we make purchases directly from the fields and get them transported to our godowns. At our godowns they are cleaned, dehusked, sorted and packed into HDPE bags of 15 kg's and 50 kg's.

### Agro Product

- Wheat
- Rice
- Barley
- Millet (Bajra)

## Fresh Fruits & Vegetable

We have integrated our business forward and backwards in our attempt to provide top quality products for our customers. As a backward integration we have established our own farms over an area of 150 bighas of land. Vegetables and fruit are grown here under controlled conditions ensuring top quality output. They are hand picked and then sorted and graded in our own godowns before being packed for the market. Our Alphonso & Kesar Mango plantation is spread over 350 acres (180 hectares) with nearly 20000 Mango Trees, that

are cultivated naturally. We have 17000 mango trees that produce the Jumbo Kesar Mango. Name of Gulabwadi (Ratang-Gir). Our mangos are allowed natural ripening under controlled climatic conditions. Thus what you get are mangoes that are zero chemical, harvested fruit. All mangos are then individually wrapped in polystyrene sleeves and packed in Cartons of 3 ply / 5 ply craft paper corrugated boxes which can withstand transport handling and stacking.

Fruit Packing : Normally in 3 Kg. Packing With 9/12 Fruits Per Cartoon Box

### Pulp

Kesar Mango Pulp

Our company was founded on the belief that everyone deserves access to healthy, affordable cooking oils as well as a variety of other goods including natural honey, peanut butter and many more other products.

At our company we are committed to sustainability and responsible sourcing. We work closely with farmers and suppliers to ensure that our ingredients are ethically sourced, and we use environmentally-friendly practices in our production process. We are also committed to reducing waste and minimizing our impact on the environment.
