

BLAGODARIN LLC

TIN 2308286878

Blagodarin LLC produces high-quality sunflower oil that meets all industry standards. Our refined and unrefined sunflower oil is available in 1 and 5-liter PET plastic bottles at affordable prices.

Our products retain all the beneficial properties for the consumer. Partnering with us ensures impeccable quality and guaranteed product safety.

THE CYCLES OF OIL REFINING

- **Neutralization** removes free fatty acids from the product.
- **Freezing** eliminates waxes.
- **Bleaching** removes enzymes responsible for the oil's color.
- **Deodorization** eliminates any specific odor from the finished product.

Mechanical filtration is used to obtain **unrefined sunflower oil**, which involves only primary purification using equipment.
