# About us

- Ukrainian Product GROUP LTD is a producer of roasted sunflower seeds, cookie-sticks and potato snacks. We manufacture products since 2002.
- The production capacities are located in Ternopil region, in the west of Ukraine.
- The company specializes in manufacturing natural snacks. Thanks to the special technology of processing quality raw materials, we manage to save all useful properties of the food given by nature, as well as enhance the taste of Ukrainian snacks.
- We cooperate in distribution of our own brands and production under private label.
