Welcome to **Our Company** About Us

About Us

Established in 2008, **Augustina Impex Ltd** is a premier mining consultancy and mineral trading company with expertise in sourcing, financing, and exporting a wide range of industrial minerals. Our services cater to mining businesses, investors, and industrial clients seeking reliable mineral supply, business financing, and strategic partnerships.

We specialize in:

- ✓ **Mining Consultancy & Advisory**
- ✓ **Mineral Trading & Export Services**
- ✓ **Mining Business Financing & Loan Sourcing**
- ✓ **Joint Venture Partner Sourcing**
- ✓ **Mining & Mineral Production**
- ✓ **Mine Acquisition & Licensing Assistance**

Our operations focus on critical minerals, including **Zinc Ore, Lithium Ore, Fluorite Ore, Monazite Sand, Zircon Sand, Ilmenite, Tin Ore, Columbite, Manganese Ore, Iron Ore, Titanium, Gold, Lead Ore, and Copper Ore**, all of which are essential in various industries worldwide.

”

Augustina Impex Limited is a dynamic mining and export company specializing in the sourcing, processing, and global supply of high-quality minerals and agricultural commodities, driven by excellence, integrity, and strategic partnerships.

Welcome to Our Company

Our Services

Our Services

1. Mineral Trading & Export Services

We facilitate seamless local and international mineral trade by connecting buyers with verified mineral suppliers. Our services include:

- **Mineral Sourcing & Supply** – We source high-quality minerals from trusted miners and suppliers.
- **Export Logistics & Documentation** – We handle all export documentation, customs clearance, and regulatory compliance.
- **Mineral Quality Testing & Due Diligence** – We conduct mineral quality assessments to ensure buyers receive top-grade materials.
- **Strategic Market Development** – We assist businesses in expanding their reach into international markets.

2. Mining Consultancy & Advisory

We provide expert guidance for mining businesses, helping them optimize operations and maximize profitability. Our consultancy services include:

- **Feasibility Studies & Market Research** – We conduct in-depth market research to determine the viability of mining projects.
- **Regulatory Compliance & Licensing** – We help clients navigate mining laws, permits, and environmental regulations.
- **Mineral Processing & Value Addition Advisory** – We advise on efficient beneficiation techniques for increased mineral value.
- **Mining Investment Advisory** – We offer strategic insights for investors looking to enter the mining sector.

3. Mining Business Financing & Loan Sourcing

Securing funds for mining operations can be challenging. We assist mining businesses in obtaining financing for expansion, equipment purchase, and mineral trading. Our financing solutions include:

- **Loan Sourcing & Fundraising** – We connect businesses with financial institutions for mining project funding.
- **Trade Finance for Mineral Exporters** – We facilitate trade financing for seamless mineral export transactions.

Augustina Impex Limited is a trusted leader in mineral and agricultural commodity trading, mining consultancy, and export solutions, committed to delivering quality resources and strategic partnerships to clients worldwide.

- **Equipment Financing & Leasing Arrangements** – We help businesses acquire mining equipment through financing or leasing options.
- **Investor Relations & Pitch Deck Preparation** – We prepare professional investment proposals to attract funding.

4. Joint Venture Partner Sourcing

We connect mining businesses with the right financial and technical partners to facilitate sustainable growth. Our services include:

- **Identifying Potential Investors & Partners** – We match businesses with local and international investors.
- **Structuring & Negotiating JV Agreements** – We help structure joint ventures for profitable mining projects.
- **Technical Partnership Development** – We connect clients with experienced mining professionals and engineers.
- **Legal & Regulatory Compliance Support** – We ensure all JV agreements meet local and international legal standards.

5. Mining & Mineral Production

We are presently involved in direct mining operations and extracting minerals, with plans to expand into processing in the future. Our mining operations include:

- **Zinc Ore** – Used in steel production, batteries, and alloys.
- **Lithium Ore** – Essential for lithium-ion batteries, renewable energy storage, and EVs.
- **Fluorite Ore** – Used in metallurgy, ceramics, and fluorochemicals.
- **Monazite Sand** – Rich in rare earth elements for high-tech industries.
- **Zircon Sand** – Crucial for ceramics, nuclear energy, and refractories.
- **Ilmenite** – Primary source of titanium dioxide for aerospace and coatings.
- **Tin Ore** – Key component in electronics, soldering, and alloys.
- **Columbite** – Essential for niobium extraction in superconductors and alloys.
- **Manganese Ore** – Used in steelmaking and battery production.
- **Iron Ore** – Key material in steel production and infrastructure.
- **Titanium** – Used in aerospace, medical, and industrial applications.
- **Gold** – Highly valuable for jewelry, electronics, and investment.
- **Lead Ore** – Used in batteries, radiation shielding, and construction.
- **Copper Ore** – Essential for electrical wiring, construction, and alloys.

Augustina Impex Limited provides comprehensive services in mineral and agricultural commodity trading, mining consultancy, export facilitation, contract sourcing, and investment partnerships to support global business growth.

6. Mine Acquisition & Licensing Assistance

We assist both local and foreign clients in acquiring mines in Nigeria and obtaining the necessary licenses and permits to operate. Our services include:

- **Mine Sourcing & Due Diligence** – Identifying viable mining sites and conducting feasibility studies.
- **Licensing & Permit Procurement** – Assisting clients in acquiring mining licenses and permits from relevant authorities.
- **Legal & Regulatory Compliance** – Ensuring all acquisitions and operations adhere to Nigerian mining regulations.
- **Transaction Facilitation** – Structuring and negotiating mine acquisition deals for clients.

We specialize in mineral and agricultural commodity trading, export facilitation, mining consultancy, contract sourcing, and investment partnerships to drive global business success.
