Roha Foods

By working closely with more than 50 reputable tomato paste and related product manufacturers, Roha Foods ensures consistent and large-scale supply for customers worldwide.

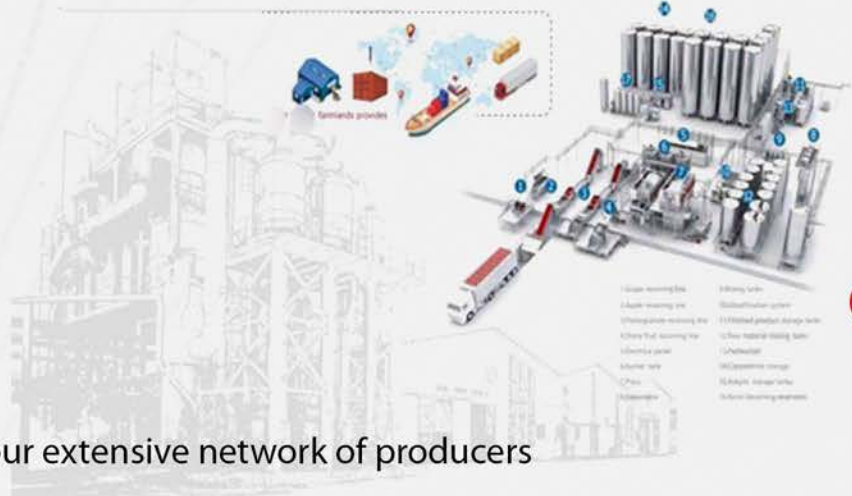

Our main products include:

Aseptic tomato paste

canned tomato paste: in various weights and packaging options

A wide range of tomato-based: sauces in different flavors and packaging formats

We have established a strong position in international markets by focusing on three key principles:

High capacity, supported by our extensive network of producers

Premium quality, guaranteed through the use of fresh raw materials and strict production control

Product variety, tailored to the tastes and needs of diverse global markets

Roha Foods is committed to delivering products that meet international standards, with authentic taste and professional packaging. We are fully prepared to cooperate with importers and distributors around the world to expand into new markets together.

We as ROHA group try our best to supply you requested product and get to your satisfy. The trust of our dear customers to us is our biggest asset. We try to satisfy our customers by providing quality products requested (by customers) at competitive prices.

We are looking for long-term cooperation with our business partners. Our profit is in long-term business with our business partners and we are not looking for high-margin profits in one deal.

The most important thing for us is to keep our customers so that we can work together for long months and years. We are looking for a win-win deal with our customers.

Protecting the interests of our customers is like protecting our own interests, and we do our best to accurately fulfill our customers' requests.

Just enough to trust us on the first deal. The first deal can build a long-term business partnership between us.

The first deal, even in small volume purchases, can create a long-term business partnership between us.

Standards & Certifications

At Roha Foods, we collaborate with a strong network of reputable Iranian producers who hold internationally recognized certifications required by global markets.
