SEN SEN PROVIDES YOU CABLE & WIRE HARNESS ASSEMBLY SERVICE, LED PRODUCTS & GAMING PARTS

Our Philosophy: Top Quality; Best Service; Reasonable Price

TAIWAN

Sen Sen Electronics Co., Ltd, located in Taipei Taiwan, is specialized in LED products, customized Harness and Gaming parts. With years of experiences and expertise, we are able to manage and deliver successful OEM/ODM project to satisfy our customers.

Quality, Service and Price are the core philosophy of Sen Sen, we can guarantee to supply the highest quality products to our customers. It is also our advantage to keep us in front of other competitors. Sen Sen is willing to share business know-how and market information to create the most wealth for our customers.

Sen Sen Electronics produces a wide variety of custom wire harness products and cable assemblies for Gaming Machines, Automotive Appliances, Medical Devices, Electrical Vehicles and Motorcycles.

Design & Development

Sen Sen's engineering team can work virtually to assist in the design process of the custom wiring harness or cable harness assemblies.

Drawings, Pre-Prototypes and Prototypes

Regardless of informal drawing, CAD drawings, a verbal explanation or modifications to an existing product, we can create a functional prototype. With an extensive component library, strong purchasing presence, and dedicated prototype team, our engineering department is able to support prototype builds in a condensed time frame.
Wire Harness & Connectors

CAD Modeling

Our goal is to get our customers' projects off the ground quickly and efficiently.

Partners from Concept to Prototype to Production

Our engineering professionals can offer creative alternatives and solutions that will improve your quality and productivity. You can trust Sen Sen with your custom wire harness and cable assembly needs.

Quality Assurance

All Sen Sen manufactured products are 100% electrically tested before delivery.

Gaming Parts

From push buttons to counters, we provides various gaming parts for your selection.
