Kiam

Leading the Way in Kitchenware Manufacturing in Bangladesh

Since its inception in 1990, Kiam has been a trailblazer in Bangladesh's kitchenware manufacturing industry. With a legacy of excellence and innovation, Kiam has grown into the country's largest producer of cookware and household utensils. Based in the BSCIC Industrial Estate, Kushtia, in Southwestern Bangladesh, the company has grown beyond domestic markets, establishing a strong presence on the global stage.

Renowned for its high-quality products at competitive prices, Kiam has earned the trust of customers both at home and abroad. The company offers a diverse portfolio, including **Aluminum Utensils, Non-Stick Cookware, Die-Cast Products, Rice Cookers, Pressure Cookers, Blenders, Gas Burners, Food Pots, Induction Cookers, Flasks, Electric Kettles, Digital Scales, and Electric Irons.** Among its specialties, Non-Stick Cookware, SS Tri-ply Cookware, and Pressure Cookers stand out, crafted with precision to meet international standards.

Kiam has successfully penetrated global markets, exporting to the **USA, Canada, Saudi Arabia, Qatar, Dubai, Australia, England, France, and India.** These exports not only contribute to the company's growth but also bolster the national economy through foreign currency earnings.

Equipped with cutting-edge manufacturing technology and a highly skilled workforce, Kiam ensures superior product quality and unmatched production capabilities. The company's large-scale production capacity allows it to seamlessly meet both domestic demand and international export orders.

Moreover, Kiam has extensive expertise in handling **OEM & ODM (Original Equipment Manufacturing & Original Design Manufacturing)** projects for renowned global brands. Its world-class production standards make it a trusted partner for companies seeking high-quality cookware on a global scale.

With a commitment to innovation, quality, and customer satisfaction, Kiam continues to set new benchmarks in the kitchenware industry.

Why Choose Kiam?

Kiam stands as a leader in the cookware manufacturing industry, recognized for its unmatched quality, innovation, and global reach. Here's what sets us apart:

Massive Production Capacity – With one of the largest manufacturing facilities in Bangladesh, we efficiently handle high-volume orders for both local and international markets.

OEM & ODM Expertise – Decades of experience allow us to produce customized cookware solutions tailored to the specific needs of global brands.

World-Class Quality Standards – Every product meets rigorous international quality benchmarks, ensuring durability, safety, and excellence.

Global Market Presence – Our products are trusted across multiple continents, including the USA, Europe, the Middle East, and Asia.

Sustainability & Innovation – We embrace green manufacturing practices and continuously refine our products and processes to stay ahead of industry trends.

As one of Bangladesh's largest cookware manufacturers, Kiam is the go-to partner for brands looking for high-quality, cost-effective, and reliable kitchenware solutions. With a strong legacy and a future-driven approach, we continue to lead the industry—delivering excellence on time, every time.

Kiam's steadfast dedication to excellence has earned global recognition. The company holds the **ISO 9001:2008** certification, ensuring that all products meet rigorous international quality management standards. In addition, Kiam has been honored with numerous industry awards for its outstanding product quality and exceptional workplace environment.

Insight from the Managing Director

Under the dynamic leadership of **Mr. Md. Mizber Rahman**, Managing Director of Kiam, the company has achieved significant growth and expansion over the years. His strategic vision has not only strengthened Kiam's position in the kitchenware industry but also led to the successful diversification into new ventures, including **Kiam Glassware Industries Limited, Kiam Agro Feed, KB Poultry & Hatchery Ltd., and Kiam Printing & Packaging Industries Limited.**

His forward-thinking approach has been a driving force behind Kiam's continued success, fostering innovation and sustainable growth. In recognition of his exceptional contributions to the national economy, he has been honored with the esteemed **CIP (Commercially Important Person)** title for his impact on the Bangladesh's GDP.

Non-Stick Die-Cast Cookware

Advantages:

- Uses less oil for healthier meals
- Durable die-cast body for long-term reliability
- Scratch-resistant, safe, and non-toxic surface

Enjoy effortless cooking with cookware designed for health and durability. The die-cast body ensures even heating, while the non-stick surface promotes safe, scratch-free cooking with minimal oil.
