# OUR STORY

Born in 2007, LE Vending redefines automated retail through cutting-edge IoT tracking systems and 88+ patented breakthroughs-backed by an expansive 3-tier innovation hub-to deliver seamless, timeless and sustainable smart ecosystems. From commercial-grade coffee machines to 24/7 unattended micro-markets, we empower offices, healthcare, and global hubs with scalable, profit-driving solutions that turn everyday spaces into tomorrow's retail frontiers.

As a national high-tech enterprise founded in 2007, Yile specializes in providing one-stop solutions for the R&D, manufacturing, sales, and service of smart vending machines. A pioneer in the industry, Yile was the first to integrate the Android operating system into traditional vending machines and apply facial scan payment technology. Its product range encompasses fresh ground coffee vending machines, beverage vending machines, ice makers, snack and drink combo machines, and Robot Cafés, all of which integrate dedicated hardware and software to support cash and cashless payments, complemented by a back-office management portal for real-time monitoring and remote management.

The company's 30-acre factory, with a built-up area of 41,000 square meters, includes specialized workshops for vending machine assembly, sheet metal processing, welding and grinding, and cooling system assembly, alongside an 11-story modern office building and an exhibition center. Supported by advanced management and R&D, Yile has obtained ISO 9001, ISO 14001, ISO 45001, CE, and CB certifications, and holds a total of 88 granted patents, including 49 for utility models, 23 for designs, 9 for inventions, and 6 software copyrights. Yile's products have been exported to more than 60 countries worldwide.

# Why Choose LE

Where Innovation Meets Reliability-- Your Partner in Smart Coffee & Vending Solutions.

AI-Driven Innovation for a Retail Revolution

Precision Engineering for Unmatched Quality

Customer-Centric Design with Market Adaptability

03 LE offers API-based payment integration and customizable payment solutions, subject to technical and compliance review.

## 浙江省物联网产业协会

### 关于发布《智能咖啡机云平台通用要求》团体标准的公告

各相关单位：

按照国家标准委《团体标准管理规定》和《浙江省物联网产业协会团体标准管理办法》的要求，由浙江省物联网产业协会提出和归口，杭州以勒上云机器人科技有限公司牵头起草的《智能咖啡机云平台通用要求》团体标准已完成标准制定的相关程序，现批准发布，标准号：T/ZAI11 062-2024。

本标准自发布之日起实施，现予以公告。

## 中国食品工业协会

### 中国食品工业协会团体标准公告

中国食品工业协会批准《智能咖啡饮品设备技术要求》(T/CNFIA 188-2024) 团体标准，予以公告。

附件：

中国食品工业协会团体标准编号名称及实施日期

序号	标准编号	标准名称	实施日期
1	T/CNFIA 188-2024	《智能咖啡饮品设备技术要求》	2024年4月30日

## 信息系统安全等级保护备案证明

依据《信息安全等级保护管理办法》的有关规定，杭州以勒上云机器人科技有限公司 单位

Machine Dimensions	H1930 × W1400 × D860 mm
Net Weight	316kg
Voltage	AC220-240V/110-120V, 430W rated power, 50W standby power
Touchscreen	21.5-inch display
Payment Method	Standard: QR code Optional: Cards, ID cards, Cash.
Back-End Management	PC terminal + mobile terminal
Refrigeration Specifications	R290 compressor refrigeration; 4-25° C (adjustable)
Vandal-Resistant Design	Anti-theft Device inside Delivery Port, Dual-Pane Tempered Glass High-Security Lock

MICRO MARKET PRO-SECURE LIFT & AGE-  
VERIFIED MICRO MARKET SOLUTION

**LE220A**

Safely Sell Fragile, Delicate, and Age-Restricted Products with Precision Lighting and Smart Verification—Your 24/7 Unattended Mini Market, Always Ready.

## Highlights

Energy  
Efficient

Fragile-item  
Lift System

Smart Age  
Verification

Expanded  
Capacity

Round-the-clock  
operation

Modular  
Design

Vandal  
Resistant

Smart & Remote  
Management

## Functional Parameters

Configuration	LE220A
Capacity	~300 items, 6 layers with 10 slots each
Machine Dimensions	H1881 × W1390 × D898 mm
Net Weight	300kg
Voltage	AC220-240V/110-120V, 450W rated power, 50W standby power
Touchscreen	21.5-inch display
Payment Method	Standard: QR code Optional: Cards, ID cards, cash.
Delivery Mechanism	Vertical lift system
Age Verification System	Optional
Back-End Management	PC terminal + mobile terminal
Refrigeration Specifications	R290 compressor refrigeration; 4-25° C (adjustable)
Vandal-Resistant Design	Anti-theft Device inside Delivery Port, Dual-Pane Tempered Glass, High-Security Lock.

## HEATSERVE PRO-HOT FOOD VENDING SOLUTION

**LE221B**

Instant Heat, Infinite Convenience --- Your Smart Micro Market, Always.

### Highlights

Commercial  
Microwave

Fragile-item  
Lifting System

AI powered  
Temp Control

Expanded  
Capacity

Round-the-clock  
operation

Modular  
Design

Vandal  
Resistant

Smart & Remote  
Management

## Functional Parameters

Configuration	LE221B
Vending Capacity	≈~350items, 6layers, 10 slots each
Machine Dimensions	H1930 × W1400 × D860 mm
Net Weight	300kg
Voltage	AC220-240V/110-120V,5000W rated power,50W standby power
Touchscreen	21.5-inch display
Delivery Mechanism	X and Y-axis lift system(vertical & horizontal movement)
Heating Module	Commercial Microwave (3kw)
Payment Method	Standard: QR code Optional: Cards, cash.
Back-End Management	PC terminal+mobile terminal
Refrigeration Specifications	Refrigeration with R290 compressor, 4 - 25° C (adjustable)
Vandal-Resistant Design	Anti-theft Device inside Delivery Port Dual-Pane Tempered Glass, High-Security Lock.

# ICE CREAM VENDING MACHINE

MODULAR REFRIGERATED AND TAMPER-PROOF VENDING SOLUTION

**LE1010A**

When the heat surges, refreshment is just a touch away: Self-service ice cream machine, instantly cooling the summer heat!

## Highlights

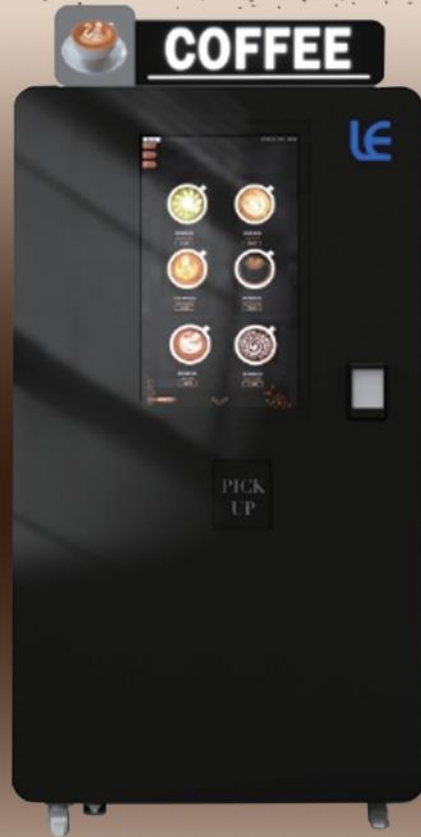

Energy Saving	DIY Flavor	Intelligent Temperature Control	Multi - function Application
Low Noise	Visual Window	Tamper - Resistant	Intelligent Remote Management

Functional Parameters	
Configuration	LE1010A
Daily Capacity	200cups
Machine Dimensions	H1950 × W1050 × D920 mm
Net Weight	380 kg
Voltage	AC220-240V/110-120V,1950 rated power,50W standby power
Touchscreen	27-inch display
Payment Method	Standard: QR code Optional: Cards,cash.
Back-End Management	PC terminal+mobile terminal
Refrigeration Specifications	Refrigeration with R290 compressor, 4 - 25° C (adjustable)
Cup Capacity	200 cups
Milk Base Capacity	20L
Fruit Syrup Capacity	3 kinds
Topping Capacity	3 kinds

# NEW PRODUCT LAUNCH

INNOVATION, QUALITY, ELEVATE

LE308G-E

- 32" Ultra-HD Display: Enjoy lightning-fast ordering with an intuitive, user-friendly interface.
- Auto-Capping & Cup Handling: Features smart cup transfer and perfect, automatic capping.
- Diverse Drink Options: Configured with 7 powder hoppers, 6 syrup choices, and sparkling water.
- Smart Cloud Pro: IoT full-domain visibility, health prediction, sales insight, maintenance foresight.
- Wide Temperature Control: Master every drink with a broad range from -10°C to 95°C.
- 24/7 Autonomous Service: Operate unattended with a high daily output of hundreds of cups.

LE308H

- 32" Ultra HD Display: Enjoy lightning-fast ordering with an intuitive, user-friendly interface.
- Intelligent Robotic Arm: Cup dispensing, beverage filling, lid pressing, serving — fully unmanned, hygienic delivery.
- Auto-Capping & Cup Handling: Features smart cup transfer and perfect, automatic capping.
- SmartCloud Pro IoT: Gain full remote control, machine health alerts, sales analytics, and maintenance forecasts.
- Wide Temperature Control: Master every drink with a broad range from -10°C to 95°C.
- 24/7 Autonomous Service: Operate unattended with a high daily output of hundreds of cups.

INNOVATION, QUALITY, ELEVATE

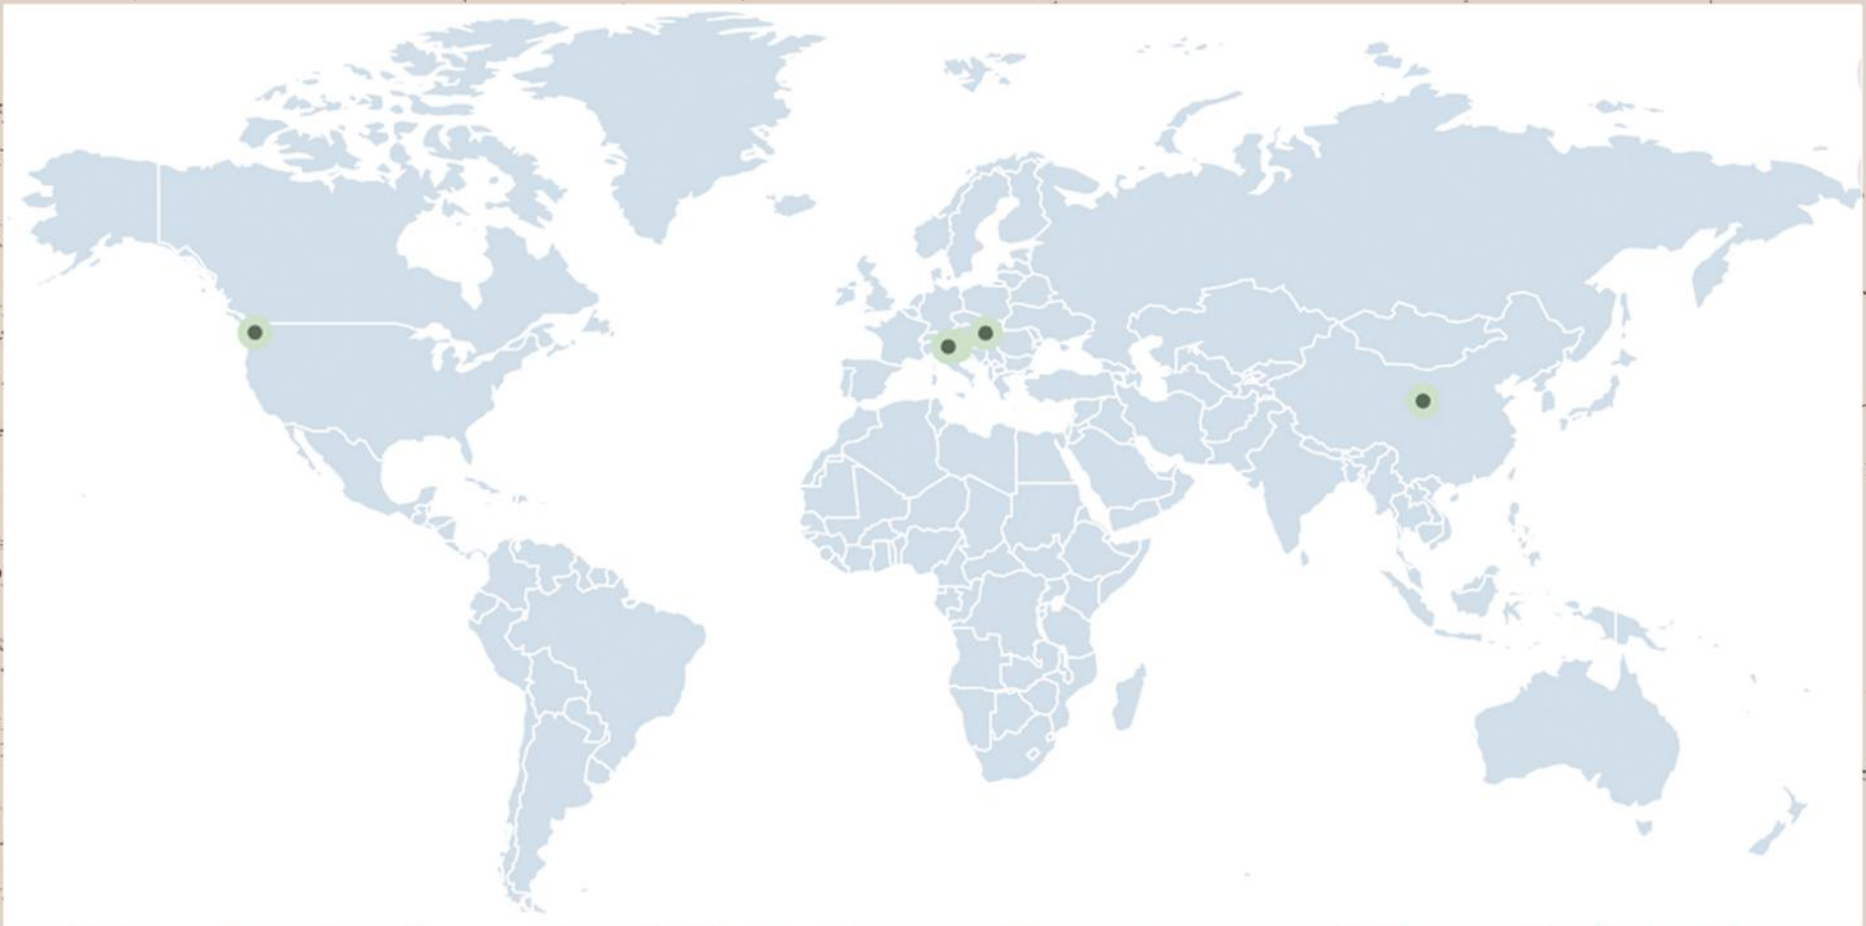

## The Robotic Coffee Barista (2.5 sqm)

This compact, intelligent station crafts the art of coffee with a precision robotic arm. It offers six-dimensional customization for ice/heat, strength, temperature, sweetness, ice amount, and coffee dose, delivering freshly ground coffee and 50+ fresh specialties (like milk tea, matcha, chocolate) in just 45 seconds.

- Featuring dual-arm robot technology: It can simultaneously brew coffee and steam milk, expertly combining them to create exquisite lattes that surpass human barista skills.
- All-Season Beverage Mastery: It comes with a built-in rapid ice maker (down to  $-10^{\circ}\text{C}$ ) and a heater ( $85-95^{\circ}\text{C}$ ), ready to serve both hot and cold drinks on demand.
- A 10.1-inch HD Touchscreen: It provides an intuitive interface with dynamic content and menu navigation, effectively boosting marketing impact. The smart IoT system enables real-time monitoring, sales data analytics, and remote management, significantly reducing operational costs.
- Smartcloud Enterprise Platform: It enables real-time monitoring, sales data analytics, and remote management, significantly reducing operational costs.
- Top-tier Brewing & Milk Frothing Technology: 800ml commercial - grade brewing device. Refrigerated milk tank (optional) for fresh lattes and cappuccinos.
- Automatic cup dispenser: Hygienic, with large - capacity cup storage (150 + cups), featuring automatic dispensing and sealing functions.
- Advanced aesthetic design: Stylish, futuristic appearance with LED lights, having high - end retail appeal.
