# PRODUCT CATALOGUE

Shenzhen Visson Technology Co., Ltd.

X-Pest® - Since 2006

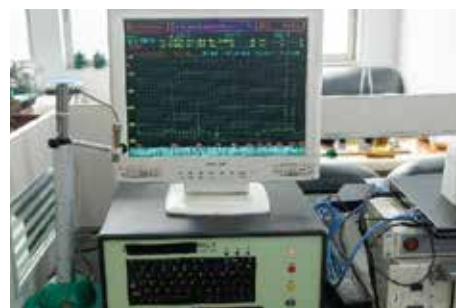

# X-PEST® - Since 2006

Established in 2006, X-PEST®, the main brand of VISSONTECH is the leading manufacturer of domestic pest control products for wholesale export all over the world. With a very professional R & D team and experienced overseas department that remains X-PEST at the cutting edge of the industry. We supply retail brands, supermarkets and E-Commerce stores with high-quality animal and insect control solutions for worldwide consumers.

## R&D TEAM

We build a professional R&D team, including ID engineers, structure engineers, and electronic engineers who are veterans of the pest control industry. The project manager has more than 20 years of industry experience. Hundreds of design patents, utility patents, and invention patents have been gained so far.

## FACTORY

As a company integrating R&D, production, and sales, we have set up a factory covering an area of more than 65,000 square meters in Dongguan, that owns BSCI, ISO9001, and ISO14001 certification. Equipped with advanced production equipment and cutting-edge machinery, we optimize our production lines to maximize productivity and ensure excellent quality.

## OVERSEAS WAREHOUSE

Our overseas warehouse in California, USA, spans 200 square meters (approximately 2153 square feet). Meticulously organized, it exemplifies efficient handling and dispatching of shipments, emphasizing our commitment to seamless logistics solutions.

## ESTEEMED COLLABORATION

We have partnered with the International Innovation Research Institute to conduct in-depth research in the pest control field. The institute will assist us in product development and efficacy testing. We are actively pursuing innovative solutions to pest issues through interdisciplinary collaboration and advanced technologies.

**Zhaojun Sheng**

Obtained a doctoral degree from University of Paris 7 in France, and is the visiting scholar at the Liverpool School of Tropical Medicine in the UK.

# Solar Animal Repeller

The main use of animal hearing, vision and touch characteristics, through different frequencies of ultrasonic to drive repeated stimulation of the animal's auditory nerve, flashing light to stimulate the animal's visual nerve, and PIR(infrared sensor technology) to detect whether there is an animal near. Once close to the protected area, PIR will trigger the product to work, and the intelligent working mode will repeatedly stimulate the animal, making it become restless and escape from the environment that not suitable for survival, so that can effectively drive away squirrels, deer, rabbits, raccoons, skunks, cats, dogs, wild boar, bears, foxes and so on.

# Water-Shooting Animal Repeller

**AR38**

New

Patent

## Features

- ★ Automatically sprays water and activates a flashing light to drive away animals.
- ★ Easily modify the detection range with a customizable sensitivity knob.
- ★ Supports both solar and USB charging for outdoor convenience.
- ★ Simple switches for power and water; features automatic spraying for hassle-free use.
- ★ The IP65 rating ensures reliable performance in various weather conditions.

## Parameters

Product Name:	Water-Shooting Animal Repeller
Model:	AR38
Material:	ABS
Power Supply:	DC 5V, 1A/Solar-powered
Solar Panel:	Poly-silicon
Working Current/Voltage:	DC 3.7V/200mA
Battery:	Li-Battery 3.7V/1800mAh
Detection Distance:	Up to 8m (Depends on weather & environment)
Detection Angle:	110°
Shooting Distance:	Up to 6m
Waterproof Grade:	IP65

# ScareCrow Solar Animal Defender

AR30

New

Patent

## Features

- ★ Uses smart variable ultrasound frequencies to repel various animals.
- ★ Advanced PIR sensor ensures precise and stable detection.
- ★ IP65 is waterproof and reliable for use in any outdoor environment.
- ★ Runs on solar power and DC charge for cloudy days.
- ★ Disrupts animals' hearing by ultrasound waves, making them uncomfortable and driving them away.
- ★ Flashing lights and breathing lights activate to deter animals, especially at night.
- ★ The breathing lights automatically turn off during the day and on at night.
- ★ Supports solar and DC 5V charging, with automatic shutdown when the battery is low and resuming after recharging.
- ★ The foldable solar panel design allows for easy storage and portability.

## Parameters

Product Name:	ScareCrow Solar Animal Defender
Model:	AR30
Material:	ABS
Power Supply:	DC 5V, 1A/Solar-powered
Solar Panel:	Mono-silicon
Working Current/Voltage:	DC 3.7V/50-150mA
Battery:	Li-Battery 3.7V/1800mAh
Ultrasound Frequency:	18-45kHz
DB Value:	90-110dB
Power Consumption:	0.5W
Effective Distance:	4-8m (Depend on weather&environment)
Detective Angel:	110° (Horizontal)
Waterproof Grade:	IP65
Dim(mm):	173*113*58(L*W*H)

# Ultrasonic Animal Repellent

**AR51**

New

Patent

## Features

- ★ IP65 waterproofing ensures strong protection against rain and dust for reliable outdoor use.
- ★ Smart power-saving: automatically stops below 3.0V and restarts at 3.5V to extend battery life.
- ★ Adjustable sensitivity and working modes, including alarm sound—give you flexible, effective animal repelling options.
- ★ Enlarged PIR sensor detects motion up to 8 meters for faster response and wider coverage.
- ★ Flashing lights and different ultrasonic frequencies activate to deter animals, especially at night.

## Parameters

Product Name:	Ultrasonic Animal Repellent
Model:	AR51
Material:	ABS
Power Supply:	DC 5V, 1A/Solar-powered
Solar Panel:	Poly-silicon
Working Current/Voltage:	DC 3.6V/50-90mA
Battery:	NI-MH, AA*3PCS, 1.2V/800mAH
Ultrasound Frequency:	13.5-45.5kHz
DB Value:	90-110dB
Effective Distance:	Up to 8m (Depends on weather&environment)
Detective Angel:	110°
Waterproof Grade:	IP65
Dim(mm):	104*141*78.5(L*W*H)

# 360° Smart Scarecrow Animal Repeller

AR52

New

Patent

## Features

- ★ Provides 360° protection against invading animals and birds from all directions.
- ★ Five selectable modes help prevent animal adaptation and effectively target different species.
- ★ Smart three-sided design with independent PIR sensors and ultrasonic speakers on each side, providing 360° animal-repelling coverage. One unit is equivalent to three 110° repellers.
- ★ IP65 waterproof design ensures reliable operation in rain, snow, or sunshine, suitable for all-weather use.
- ★ Long-lasting performance: runs for up to one month on a full charge.
- ★ Automatically enters standby mode after animals leave, helping to save energy and extend working time.
- ★ Automatically deters unwanted animals with ultrasonic waves and a flashing light.
- ★ Solar-powered with a DC charging option for reliable use in all weather conditions.

## Parameters

Product Name:	360° Smart Scarecrow Animal Repeller
Model:	AR52
Power Supply:	DC 5V, 1A/Solar-powered
Charging Current:	700mA
Solar Panel:	Mono-silicon, 5V/105mA
Working Voltage/Current:	DC 3.7V/50-90mA
Standby Voltage/Current:	4.2V/180uA
Battery:	Li-Battery, 3.7V/2200mAh
Waterproof Grade:	IP65
Sensor Distance:	Up to 8m (Depends on weather&environment)
Detection Angle:	360°
Ultrasound Frequency:	13.5-45kHz
DB Value:	90-110dB
Dim(mm):	106*103*150(L*W*H)

# Solar Animal Repeller

AR50

New

Patent

## Features

- ★ **Effective LED Deterrent:** The amber LED flame lights mimic bonfires and predator's eyes, effectively repelling nocturnal animals at night.
- ★ **Dual Charging Options:** Charges via solar panel with an option for USB charging on cloudy days.
- ★ **Long Battery Life:** Lithium battery provides up to 58 hours (6 days) of use on a full charge, offering long-lasting performance without the need for frequent recharging.
- ★ **Automatic Day-Night Operation:** Works at night to repel animals and charges or rests during the day, ensuring optimal energy efficiency.
- ★ **Waterproof:** IP44 waterproof rating ensures reliable performance in all weather conditions.
- ★ **Clear Charging Indicator:** The red charging light illuminates during charging and turns off when the battery is fully charged.
- ★ **Versatile Placement:** Easily hangs on trees, posts, fences, or doorways. Install at different heights for various animals, and use multiple units for 360° coverage.
- ★ **Portable and Easy to Use:** Compact design with a solar panel for easy outdoor placement. Simply press the power button and hang it for 360° protection.

## Parameters

Product Name:	Solar Animal Repeller
Model:	AR50
Material:	ABS+PC
Power Supply:	Solar-powered/Type-C to USB Charging Cable
Solar Panel:	Poly-silicon
Working Voltage/Current:	DC 3.7V/50mA
Battery:	Li-Battery 3.7V/600mAh
Power Consumption:	0.2W
Waterproof Grade:	IP44
Charging Current:	360mA
QTY of Amber Lights:	13pcs
Dim(mm):	130*89*35 (L*W*H)

AR39

# Scarecrow Protector

## AR39

New

### Features

- ★ Uses smart variable ultrasound frequencies to repel various animals.
- ★ Advanced PIR sensor ensures precise and stable detection.
- ★ IP65 waterproof for reliable use in any outdoor environment.
- ★ Runs on solar power and USB charge for cloudy days.
- ★ Disrupts animals' hearing by ultrasound waves, making them uncomfortable and driving them away.

RoHS

### Parameters

Product Name:	Scarecrow Protector
Model:	AR39
Material:	ABS
Power Supply:	DC 5V, 1A/Solar-powered
Solar Panel:	Poly-silicon
Working Current/Voltage:	DC 3.7V/50-90mA
Battery:	Li-Battery 3.7V/600mAh
Ultrasound Frequency:	18-45kHz
DB Value:	90-110dB
Lumen Value:	1000-1300lux
Effective Distance:	Up to 8m (Depends on weather&environment)
Detective Angle:	110°
Waterproof Grade:	IP65
Dim(mm):	146.5*102*57(L*W*H)
Package size(mm):	154*104*90(L*W*H)

# Ultrasonic Rodent Defender

**UR06**

New

Patent

## Features

- ★ Easily attaches to metal surfaces for quick and convenient setup without tools.
- ★ Utilizes ultrasonic waves and flashing lights to deter various wildlife efficiently.
- ★ Offers solar, and battery power supply for flexible usage in any environment.
- ★ Designed to withstand rain and outdoor conditions, ensuring durability and reliability.
- ★ Sleek and space-saving, suitable for indoor and outdoor applications.

## Parameters

Product Name:	Ultrasonic Rodent Defender
Model:	UR06
Material:	ABS
Power Supply:	USB 5V/ 4*AA Batteries (not included)
Working Current/Voltage:	15mA/5.6V
Power Consumption:	0.1W
Ultrasound Frequency:	15-55kHz
Waterproof Grade:	IP65
Applications:	Indoor, Outdoor, Vehicles
Dim(mm):	80*43*116(L*W*H)
Package Size(mm):	105*47*120(L*W*H)

# Solar Animal Repellent

**AR37**

New

Patent

## Features

- ★ The device features 360° flashing lights that scare animals away by targeting their visual system.
- ★ Easy to install with a secure, stable design for long-term use.
- ★ IP44 waterproof, perfect for all outdoor environments.
- ★ Charges via solar panel with an option for USB charging on cloudy days.
- ★ Emits ultrasonic sound waves to disturb animals' hearing and keep them away.

## Parameters

Product Name:	Solar Animal Repellent
Model:	AR37
Material:	ABS
Power Supply:	DC 5V, 1A/Solar-powered
Solar Panel:	Poly-silicon
Working Current/Voltage:	DC 4.8V/100mA
Battery:	Ni-MH, 4*AA battery
Ultrasound Frequency:	Mode1: 21-55kHz ,Mode 2: 13.5-45kHz
Wattage:	0.5W
DB Value:	90-110dB
Effective Distance:	Up to 8m (Depends on weather&environment)
Detective Angel:	110°
Waterproof Grade:	IP44
Dim(mm):	143*138*340(L*W*H)
Package Size(mm):	200*142*112(L*W*H)

# Ultrasonic Dog Bark Deterrent

DR01

**DR01**

New

Patent

## Features

- ★ Combines ultrasonic waves and a strobe light to suppress barking, modify behavior, and repel aggressive dogs.
- ★ Compact design with a flashlight and strobe light functions, perfect for on-the-go use.
- ★ Ultrasonic feature automatically stops after 8 seconds to protect puppies' hearing.
- ★ Functions as a flashlight and strobe light for illumination and emergency signaling.
- ★ Simple button controls for quick, convenient use anytime.

## Parameters

Product Name:	Ultrasonic Dog Bark Deterrent
Model:	DR01
Material:	ABS
Power Supply:	USB-Type C
Battery:	Li-Battery, 3.7V 2200mA
Charging Time:	About 3h
Ultrasound Frequency:	25kHz
Ultrasound Wattage:	2W
Flashlight Wattage:	1W
Illumination:	13000-15000LUX
DB Value:	120dB
Effective Distance:	10-12m
Dim(mm):	50*46*135(L*W*H)

# Ultrasonic Animal Repellent

AR02

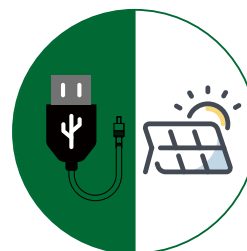

**AR02**

New

Patent

## Features

- ★ Upgraded PIR sensor for better light resistance, interference protection, and longer detection range.
- ★ Uses smart variable ultrasound frequencies to repel various animals.
- ★ IP65 waterproof for reliable use in any outdoor environment.
- ★ Runs on solar power and USB charge for cloudy days.
- ★ Disrupts animals' hearing by ultrasound waves, making them uncomfortable and driving them away.

## Parameters

Product name:	Ultrasonic Animal Repellent
Model:	AR02
Product Material:	ABS
Power Supply:	Type-C 5V, 1A/Solar-powered
Solar Panel :	DC 3.7V/50-90
Working Current/Voltage:	Poly-silicon
Battery:	Li-Battery 3.7V/1800mAh
Ultrasound Frequency:	18-45kHz
DB Value:	90-110dB
Effective Distance:	Up to 8m (Depends on weather&environment)
Detective Angle:	110°
Waterproof Grade:	IP65
Dim(mm):	84*132*58(L*W*H)

# FlameGuard Solar Deterrent

**AR33S**

New Patent

AR33S

## Features

- ★ This device is powered by solar energy, reducing environmental impact and lowering costs.
- ★ It repels animals through ultrasonic waves, which is a safe and humane method of pest control.
- ★ It has an automatic night-time mode that can turn on flame lights for decoration or pest control at night.
- ★ The device also features flashing lights, which can visually scare away animals.
- ★ The device is designed to be waterproof, making it durable and long-lasting.
- ★ It can be used to repel a wide range of animals, including birds, cats, dogs, and more.
- ★ The device is easy to use and install, making it accessible to anyone who needs it.

## Parameters

Product Name:	Solar Animal Repeller
Model:	AR33S
Product Material:	ABS
Power Supply:	Solar panel, USB 5V/1A
Working Current/Voltage :	DC 3.7V/50-60mA
Ultrasound Frequency:	13.5-45kHz
Effective Range:	110°
Effective Distance:	Up to 8m (depends on weather & environment)
Waterproof Grade:	IP44
Battery Parameter:	3.7V/600mAh Li-Battery
N.Weight:	237g
DB Value:	90-110dB
Dim(mm):	96*65*144 (L*W*H)
QTY Per 20' FCL:	22,104 PCS (36pcs)

# 360° Smart Scarecrow Animal Repeller

AR16

**AR16**

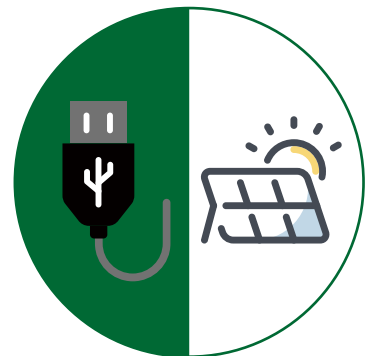

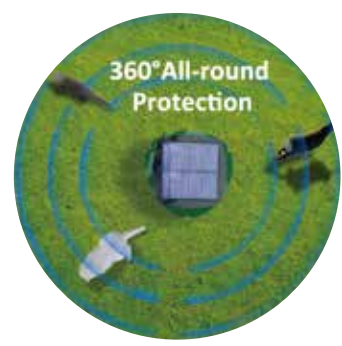

## Features

- ★ Tri-Face scarecrow provides a 360 degree protection against invading animals from all directions.
- ★ Smart design, every face has PIR sensor, two LED lights and ultrasonic speaker, can work individually.
- ★ PIR sensor to detect the invading animals and activate the unit to work automatically by flashing LED light and emitting ultrasound.
- ★ Ultrasound at different frequency (20kHz~60kHz) targets on different animals.
- ★ 6 seconds after animals leave, tri-face scarecrow enters stand-by mode to keep low energy consumption.
- ★ Solar-powered, rechargeable batteries are included.
- ★ Waterproof design, can work outside in rainy days.

## Parameters

Product Name:	360° Smart Scarecrow Animal Repeller
Model:	AR16
Power Supply:	Solar or USB
Solar Panel:	5V, 120mA/Polysilicon
Working Voltage/Current:	3.7V/60mA
Battery:	3.7V, 2200mAh, 18650 Li-Battery
Waterproof Grade:	IP44
Sensor Distance:	4-8m (Depends on environment, temperature)
Detection Range:	360°
Ultrasonic Frequency:	20-60kHz
DB Value:	90-120dB
N.Weight:	400g
Dim(mm):	115*115*480 (L*W*H)
Package Size(mm):	145*120*153 (L*W*H)
QTY Per 20' FCL:	10,224 PCS

AR17S-PRO

# Solar Animal Repeller

## AR17S-PRO

New

Patent

### Features

- ★ The red flashing light mimics a flame effect, effectively repelling nocturnal animals.
- ★ High-grade waterproof rating ensures normal operation even on rainy days.
- ★ Powered by high-efficiency solar panels, eliminating the need for charging and promoting eco-friendliness.
- ★ Suitable for yards, gardens, patios, chicken coops, ranches, and other locations.
- ★ Multiple units used together provide enhanced effectiveness and broader protection.

### Parameters

Product Name:	Solar Animal Repeller
Model:	AR17S-PRO
Power Supply:	Solar powered
Material:	ABS
Working Current/Voltage:	12mA/1.2V
Battery:	1*AA 400mAh, 1*AA Battery
Waterproof Grade:	IP44
Effective Area:	100m <sup>2</sup>
N.Weight:	75g
Dim(mm):	100*35*68 (L*W*H)
Package Size(mm):	100*75*75(L*W*H)

# Solar Nocturnal Animal Repellent

**AR21**

New

Patent

## Features

- ★ Automatically detects approaching animals using PIR sensor technology, triggering the repelling function promptly.
- ★ The night light simulates a flame to effectively deter nocturnal animals.
- ★ IP44 waterproof rating ensures it works normally even in rainy conditions.
- ★ Powered by high-efficiency solar panels, eliminating the need for charging and promoting eco-friendliness.
- ★ Compact and exquisite design allows for easy hanging on fences or other locations.
- ★ Suitable for use in yards, gardens, patios, chicken coops, ranches, and more.
- ★ Enhanced effectiveness with multiple units used together, offering broader protection.

## Parameters

Product Name:	Solar Nocturnal Animal Repellent
Model:	AR21
Material:	ABS
Working Current/Voltage :	1.2V/100mA
Sensor Angle:	120°
Battery Parameter:	Ni-MH Battery, 1.2V/800mAh
Waterproof Grade:	IP44
Dim(mm):	144*90*65 (L*W*H)

AR17S

# Solar Animal Repeller

## AR17S

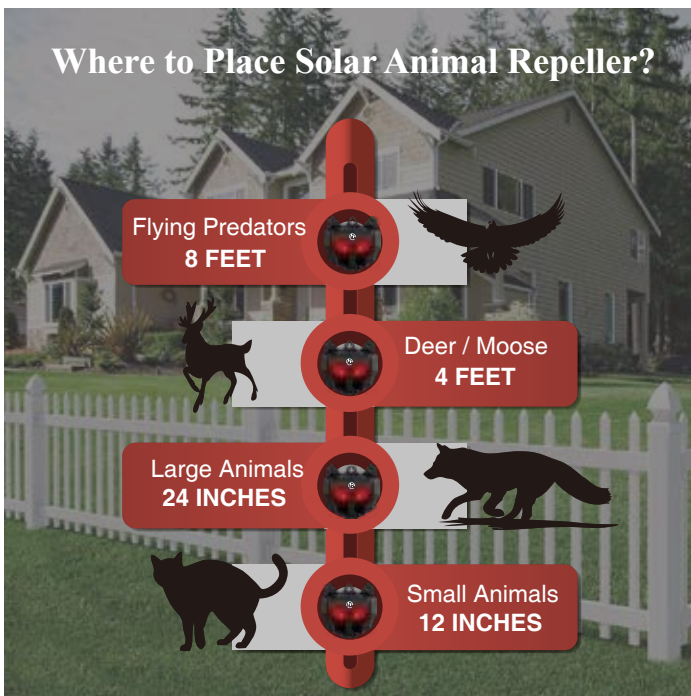

### Features

- ★ Flashing red lights like fire to drive homiothermal animals away.
- ★ Solar-powered, built-in rechargeable battery.
- ★ No chemicals or poisons, 100% environmentally friendly  
Light sensor to detect surrounding light and turn ON/OFF the repeller automatically.
- ★ Different height installed aims to various kinds of animal.
- ★ Applicable places: on the tree, trunk, stake, post, wall, fence or elsewhere as required.

### Where to Place Solar Animal Repeller?

### Parameters

Product Name:	Solar Animal Repeller
Model:	AR17S
Power Supply:	Solar powered
Solar Panel:	2V, 50mA/ Polysilicon
Working Voltage/Current:	1.2V /8mA
Battery:	1*AA, 400mAh Ni-MH
Waterproof Grade:	IP44
Effective Area:	100m <sup>2</sup>
Detection Range:	120°
N.Weight:	75g
Dim(mm):	89*32*87 (L*W*H)
Package Size(mm):	91*68*91 (L*W*H)
QTY Per 20' FCL:	83,640 PCS

# Solar Bird Repeller

BR01

**BR01**

New

Patent

## Features

- ★ Ultrasonic bird repeller is to make survival environmental degradation of bird with sending out the ultrasonic so that the bird could not build the nest within the effective range and has to go away.
- ★ Two-band ultrasonic and automatic frequency sweep design.
- ★ The bird will not adapt the rule to guarantee that this product is effective perennially. Low-power dissipation, steady working with speed.
- ★ Compared with sound repeller, the function is more reliable and takes less time on maintenance. It is noise-free except during testing.
- ★ Solar panel and rechargeable cell combine perfectly and can be used separately.
- ★ With a separate charger, it is convenient to use as normal in rainy days.
- ★ With a totally-enclosed water-proof design, it can be used as normal in rainy days.

## Parameters

Product Name:	Solar Bird Repeller
Model:	BR01
Power Supply:	Solar panel / DC 5V
Material:	ABS
Solar Battery:	5V , 200mA
Charging Current:	700mA
Battery:	3.7V / 2000mAh, rechargeable battery
Waterproof Grade:	IP44
Power Consumption	400mW
Service Time:	3 Days after fully charged
Frequency:	TEST:1-8kHz ; ULT-I: 40-60kHz ULT-II :18-40kHz
N.Weight:	558g
Dim (mm):	160*160*194(L*W*H)

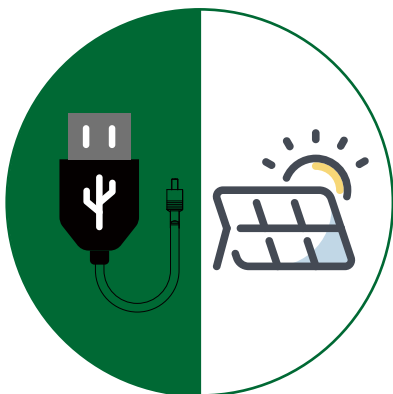

# Solar Animal Repeller

**AR33**

## Features

- ★ With IP44 waterproof grade, which can be used in rainy days.
- ★ Two ways for power supply, solar panel + DC.
- ★ The Passive Infrared sensor(PIR) detects motion and triggers the ultrasonic speaker.
- ★ Ultrasonic sounds and flashing LED to scare away common wild animals.
- ★ Adjustable sensitivity to change range of protection as you required.
- ★ Adjustable frequency to repel different animals with 5 working modes.
- ★ Fine adjustment every few days for emitting ultrasound at varying frequencies.
- ★ Emitting a tone that makes animals feel uncomfortable thus to leave the protected area.

## Parameters

Product Name:	Solar Animal Repeller
Model:	AR33
Power Supply:	<ul style="list-style-type: none"> <li>● 5V, 45mA/ Polysilicon</li> <li>● DC 5V/1A</li> </ul>
Working Voltage/Current:	DC 3.7V/20-35mA
Battery:	Li-Battery, 3.7V/600mAh
Waterproof Grade:	IP44
Product Material:	ABS
Effective Range:	110°
Ultrasonic Frequency:	13.5-45kHz
DB Value:	90-110dB
N.Weight:	237g
Dim (mm):	334*90*55(L*W*H)
Package Size(mm):	145*95*87 (L*W*H)
QTY Per 20' FCL:	22,104 PCS

# Smart Scarecrow Solar Ultrasonic Repeller

**AR01**

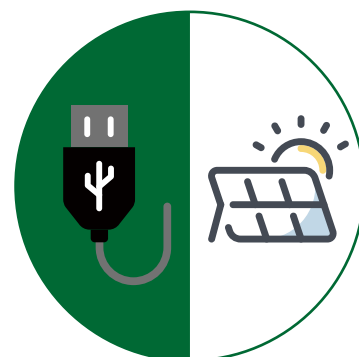

## Features

- ★ Solar-powered, rechargeable batteries are included.
- ★ Smart design, PIR sensor to detect the invading animals and activate the unit to work automatically.
- ★ Gradually enhanced ultrasound, flashing light and alarming sound combine to scare different animals away.
- ★ Four working modes run circularly, so it keeps a better effectiveness for same animals.
- ★ Stand-by mode to keep low energy consumption.
- ★ Waterproof grade IP44 makes it unaffected by heavy rain or storm, don't have to remove when flooding may occur.

## Parameters

Product Name:	Smart Scarecrow Solar Ultrasonic Repeller
Model:	AR01
Power Supply:	Solar or USB
Solar Panel:	5.5V, 80mA/ Polysilicon
Working Voltage/Current:	3.7V/20-35mA
Battery:	3.7V, 600mAh, Li-Battery
Waterproof Grade:	IP44
Sensor Distance:	Up to 8m (Depends on weather and environment)
Detection Range:	110°
Ultrasonic Frequency:	13.5-45kHz
DB Value:	90-120dB
N.Weight:	434g
Dim(mm):	101*90*430 (L*W*H)
Package Size(mm):	132*106*131(L*W*H)
QTY Per 20' FCL:	12,600PCS

# Solar Animal Repeller

**AR17**

AR17

## Features

- ★ Flashing red lights like fire to drive homoiothermal animals away.
- ★ Solar-powered, built-in rechargeable battery.
- ★ No chemicals or poisons, 100% environmentally friendly.
- ★ Light sensor to detect surrounding light and press the ON/OFF button to make the repeller work automatically.
- ★ Different height installed aims at various kinds of animal.
- ★ Applicable places: on the tree, trunk, stake, post, wall, fence or elsewhere as required.

## Parameters

Product Name:	Solar Animal Repeller
Model:	AR17
Power Supply:	Solar powered
Solar Panel:	2V, 50mA/Polysilicon
Working Voltage/Current:	1.2V /8mA
Battery:	1*AA, 400mAH Ni-MH
Waterproof Grade:	IP44
Effective Area:	100m <sup>2</sup>
Detection Range:	120°
N.Weight:	75g
Dim(mm):	85*31*82(L*W*H)
Package Size(mm):	87*68*87(L*W*H)
QTY Per 20' FCL:	83,640PCS

# Solar mole repeller with garden light

M8

New

Patent

## Features

- ★ Screw design allows easy and secure placement in the soil.
  - ★ The flickering firefly LED light adds a whimsical touch to your garden.
  - ★ Motor-driven vibrations mimic earthquakes, providing stronger and more effective deterrence.
  - ★ IP65 waterproof rating ensures durability in outdoor conditions.
- Solar-powered for energy-efficient pest control.

## Parameters

Product Name:	Solar Mole Repeller with Garden Light
Model:	M8
Material:	ABS
Power Supply:	Solar panel/USB line
Solar Panel:	Poly-silicon
Battery:	Li-Battery, 3.7V/600mAh
Charging Current:	300mA
Working Current:	45-55mA
Waterproof Grade:	IP65
Dim(mm):	264*88*83(L*W*H)

# Motor Mole Repellent Screw

**AR08M**

New

Patent

## Features

- ★ The pipe adopted a unique spiral design for easier installation.
- ★ Motor will producing sonic waves that stimulate earthquake to interfere moles' auditory system and drive away efficiently.
- ★ IP65 waterproof, can be used in rainy days, no need to remove.
- ★ Solar automatic charging, can work for 4 days once fully charged.
- ★ Three kinds of working mode that changes every 24 hours.

## Parameters

Product Name:	Motor Mole Repellent Screw
Model:	AR08M
Power Supply:	Solar panel
Material:	ABS
Solar Panel:	4.5V, 45mA / Polysilicon
Working Current :	45-55mA
Battery:	3.7V/200mAH, rechargeable battery
Waterproof Grade:	IP65
Working Mode:	The three working modes work in cycles
N.Weight:	110g
Dim(mm):	65*70*250(L*W*H)
Package Size(mm):	75*110*255(L*W*H)
QTY Per 20' FCL:	26,784PCS (2pack)

# Solar Mole Repeller

**AR08S**

New

Patent

AR08S

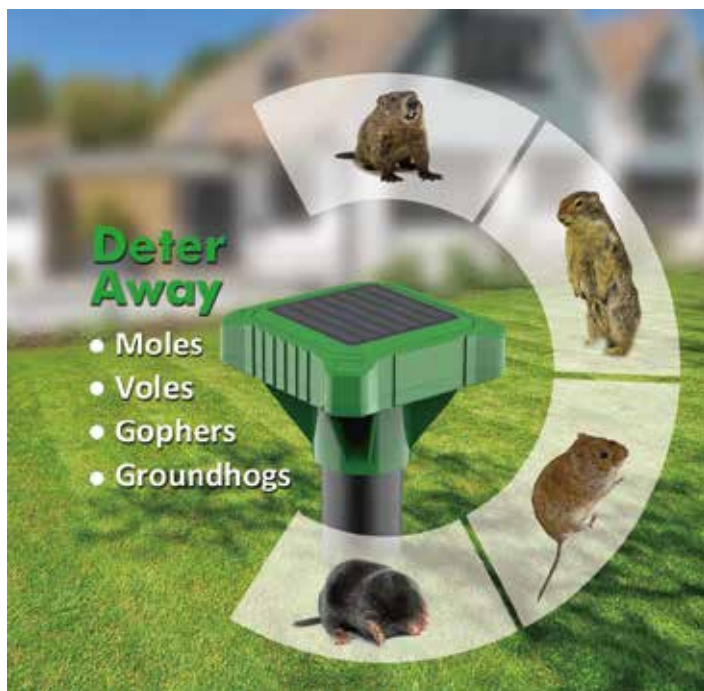

## Features

- ★ Work for 3 seconds, with an interval of 32 seconds, and work by cycle.
- ★ Poison-free way to drive away moles, gophers and voles.
- ★ IP65 waterproof, can be used in rainy days, no need to remove.
- ★ Solar automatic charging, can work for 6 days once fully charged.
- ★ Wide effective range, up to 6000sq.ft.

## Parameters

Product Name:	Solar Mole Repeller
Model:	AR08S
Power Supply:	Solar
Material:	ABS+PC
Solar Panel:	2V, 50mA/ Amorphous Silicon
Working Voltage/Current:	1.2V/10mA
Battery:	1.2V, 80mAh, Ni-MH Button Battery
Waterproof Grade:	IP65
Working Mode:	Working for 3s, and rest for 32s
DB Value:	50-60dB
Frequency:	400±50 Hz
N.Weight:	73g
Dim(mm):	68*68*260 (L*W*H)
Package Size(mm):	72.5*72.5*290(L*W*H)
QTY Per 20' FCL:	26,352PCS

# Solar Mole Repeller with LED Light

T1S

Patent

## Features

- ★ Built-in LED night light, automatically started by light source induction.
- ★ IP66 waterproof, can be used in rainy days, no need to remove.
- ★ Smart working mode, 4 kinds of sound waves work circularly.
- ★ Solar automatic charging, can work for 6 days once fully charged.
- ★ Wide effective range, up to 6000sq.ft.
- ★ Non-toxic drive field mice, ground squirrels, moles and other underground animals.

RoHS

## Parameters

Product Name:	Solar Mole Repeller with LED Light
Model:	T1S
Power Supply:	Solar
Material:	ABS+PC
Solar Panel:	2.5V, 50mA Polysilicon
Working Voltage/Current:	3.7V/20mA
Battery:	3.7V/600mAh, Li-Battery
Waterproof Grade:	IP65
DB Value:	50-60 dB
Frequency:	400± 50 Hz
Coverage Area:	Up to 6,000sq.ft.
N.Weight:	112g
Dim(mm):	89*44*304 (L*W*H)
Package Size (mm):	95*50*310 (L*W*H)
QTY Per 20' FCL:	18,200PCS

# Solar Mole Repeller

QTY Per 20' FCL:	26,352PCS

# Solar Powered Snake Repeller

3125

**VS312S**

New

Patent

## Features

- ★ Focus on driving snakes, with strong vibration and super effect.
- ★ High frequency motor vibration design, better snake driving effect.
- ★ Work for 5 seconds, with an interval of 115 seconds, and work by cycle.
- ★ IP65 waterproof, can be used in rainy days, no need to remove.
- ★ Solar power supply, one full charge can last for 5 days
- ★ Wide effective range, up to 6000sq.ft.
- ★ Non-toxic to drive snakes, voles, ground squirrels, moles and other animals.
- ★ Three vibration modes, which change every 24 hours.

## Parameters

Product Name:	Solar Powered Snake Repeller
Model:	VS312S
Material:	ABS+PC
Solar Panel:	5V/120mA, Polysilicon
Working Current:	80-100mA
Battery:	3.7V/600mAh, Li-Battery
Waterproof Grade:	IP65
Working Mode:	Work for 5s, rest for 115s
Power Reserve:	Last up to 4-5 days after fully charged
DB Value:	50-60dB
Coverage Area:	Up to 6000sq.ft.
N.Weight:	315g
Dim(mm):	155*155*370(L*W*H)
Package Size( mm):	340*158*92(L*W*H)
QTY Per 20' FCL:	4,820PCS

AR32

# Sonic Mole Repeller

AR32

Hot

Patent

## Features

- ★ Work for 3 seconds, with an interval of 32 seconds, and work by cycle.
- ★ IP65 waterproof, can be used in rainy days, no need to remove.
- ★ Solar automatic charging, can work for 38 hours once fully charged.
- ★ Wide effective range, up to 6000sq.ft.
- ★ Non-toxic drive voles, ground squirrels, moles and other underground living animals.

## Parameters

Product Name:	Sonic Mole Repeller
Product Model:	AR32
Working Current:	10mA
Product Material:	ABS+PC
Solar Panel:	Polysilicon, 2V/50mA
Battery Parameter:	Ni-MH Battery 1.2V/80mAh
Sonic Frequency:	400±50 Hz
Working Mode:	Work for 3s, stop for 32s
Waterproof Grade:	IP65
Effective Range:	Up to 6000sq.ft.
N.Weight:	74g
Dim(mm):	75*65*255(L*W*H)
Product Size(mm):	65*75*265(L*W*H)
QTY Per 20' FCL:	10,848PCS

# Solar Mole Spike

**VS316D**

## Features

- ★ Work for 2 seconds, with an interval of 30 seconds, and work by cycle.
- ★ IP44 waterproof, can be used in rainy days, no need to remove.
- ★ Solar automatic charging, can work for 7 days once fully charged.
- ★ Wide effective range, up to 6000sq.ft.
- ★ Non-toxic drive voles, ground squirrels, moles and other underground living animals.

## Parameters

Product Name:	Solar Mole Spike
Model:	VS316D
Power Supply:	Solar
Material:	ABS+PC
Solar Panel:	2V, 50mA/Polysilicon
Working Voltage/Current:	1.2V/10mA
Battery:	1.2V, 400mAh, Ni-MH Battery
Waterproof Grade:	IP44
Working Mode:	Sonic pulses emitted 2s in every 30s
Power Reserve:	A full solar charge lasts 7 days.
DB Value:	50-60dB
Frequency:	400±50 Hz
Coverage Area:	Up to 6000sq.ft.
N.Weight:	175g
Dim(mm):	109*109*279(L*W*H)
Package Size(mm):	112*112*332(L*W*H)
QTY Per 20' FCL:	10,848PCS

# Ultrasonic Mouse Repeller

Ultrasonic interference technology is used to stimulate and destroy the central nervous system and auditory system of mice, rats and other pests, so that they feel nervous, listless and can not bear to escape from homes.

# Ultrasonic Rodent Repeller

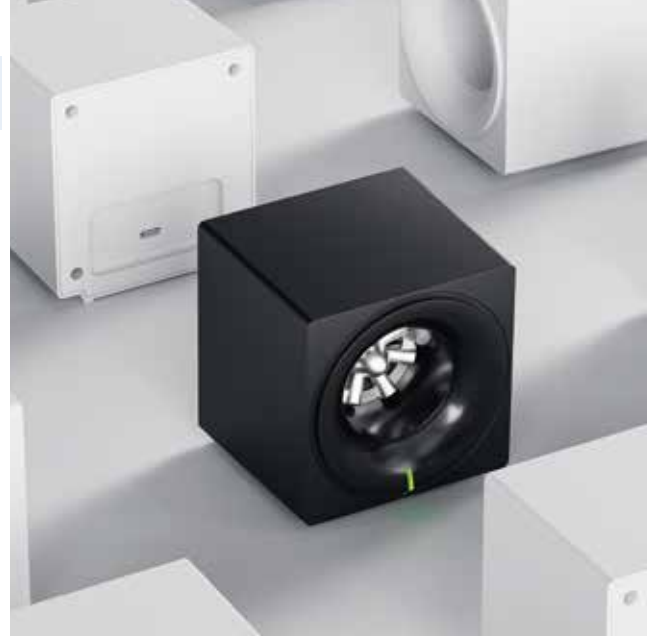

AR40

New

Patent

## Features

- ★ Emits fluctuating ultrasonic waves that disrupt the hearing of rodents, effectively driving them away.
- ★ The varying frequencies prevent pests from adapting to the sound, ensuring long-lasting effectiveness.
- ★ Energy-efficient and silent, using just 1W of power for chemical-free, humane pest control.
- ★ Compact and lightweight, easy to place anywhere for flexible pest control.
- ★ Suitable for use in bedrooms, garages, kitchens, offices, warehouses, attics, barns, and more.

## Parameters

Product Name	Ultrasonic Rodent Repeller
Product Model	AR40
Product Material	ABS
Power Supply	Type-C 5V
Power	1W
Working Current/Voltage	200mA/5V
Ultrasound Frequency	22-45kHz±1kHz
DB Value	110dB
Dim(mm)	90*96*82(L*W*H)

# High Power Ultrasonic Mouse Repellent

AR25S

New

Patent

## Features

- ★ Features six adjustable levels and three modes (fixed, variable, random) within a wide frequency range of 15-50kHz.
- ★ Delivers powerful 120dB sound from three ultrasonic speakers that work 30-40 second intervals of operation.
- ★ Alternates between ultrasonic waves, flashing lights, and simulated cat sounds to continuously disrupt pest behavior.
- ★ Protects areas up to 600m<sup>2</sup>, making it ideal for homes, offices, and warehouses.
- ★ A low power consumption of 2.83Wh allows for 24/7 operation with minimal energy use.

## Parameters

Product Name:	High Power Ultrasonic Mouse Repellent
Model:	AR25S
Input Voltage:	110-220V
Adapter:	DC 15V/1A
Power :	20W
Effective Range:	Up to 600m <sup>2</sup> (6450sq.ft.)
Ultrasonic Frequency:	15-50kHz
DB Value:	120dB
Dim(mm):	220*210*166(L*W*H)

# Ultrasonic Mouse Sentry

**UR02S**

New

Patent

## Features

- ★ Uses ultrasonic waves and flashing lights to provide highly effective pest control, keeping rodents away.
- ★ Equipped with a built-in PIR infrared sensor, this rodent repeller can detect the presence of rodents and trigger its operation automatically.
- ★ The fixed and variable ultrasound frequency modes are set to prevent rodents from becoming immune, ensuring long-lasting and reliable pest control.
- ★ Ultrasonic Mouse Sentry is completely safe and humane, making it a great choice for families with pets and children.
- ★ With its easy-to-use design, simply plugging the device into an outlet is all that's needed to start working, making it a hassle-free solution for pest control.
- ★ Suitable for use in various spaces, including living rooms, kitchens, offices, storage rooms, garages, etc.

## Parameters

Product Name:	Ultrasonic Mouse Sentry
Model:	UR02S
Product Material:	ABS
Current/Voltage:	DC 5V/1A
Max. Working Current:	300mA
Power Consumption:	Less than 1.8W
Ultrasound Frequency:	22-36kHz/ 25kHz
Effective Range:	Up to 120m <sup>2</sup> (1290sq.ft.)
DB Value:	100-125dB

UR02

# Ultrasonic Rodent Repeller

## UR02

New

Patent

### Features

- ★ With 9 LED flashing lights design, the repelling effect can be enhanced, and it can turn on automatically at night and turn off in the daytime.
- ★ Effective in controlling rats, mice, roaches, fleas, crickets, ants, and most of the other pests.
- ★ 4 FUNCTION SWITCH
  - TEST** = Blue light is on. This setting simulates the sounds that rodents hear, proving that the product works normally under the condition of ultrasound.
  - ULTRA** = The frequency conversion ultrasonic of 22-35kHz starts working. Blue light is on.
  - TRANS** = The 25kHz ultra solid frequency ultrasonic starts to work. Green light is on.
  - DUO** = Both ultrasonic waves work at the same time, and the blue and green indicators light up at the same time.
- ★ No chemicals, poisons, or traps, safe for you and your family.
- ★ Easy to use, plug-and-play.

### Parameters

Product Name:	Ultrasonic Rodent Repeller
Model:	UR02
Working Voltage:	DC 9V/300mA
Input Voltage:	100-240V, 50/60Hz
Power Consumption:	Less than 2.7W
Effective Range:	Up to 120m <sup>2</sup> (1290sq.ft.)
Ultrasonic Frequency:	22-35/25kHz
DB Value:	100-125dB
Dim(mm):	92*105*76(L*W*H)
Package Size(mm):	95*130*85(L*W*H)
QTY Per 20' FCL	25,248PCS

# Ultrasonic Rodent Repeller

## UR03

### Features

- ★ Conveniently operate the device from a distance with the included remote control, allowing easy settings adjustment without direct interaction.
- ★ Equipped with ultrasonic technology, providing 360° coverage for effective rodent expulsion, ensuring a worry-free living environment.
- ★ Integrated with a flashing light, preventing rodents from escaping, and enhancing protection during nighttime activities.
- ★ PIR sensor design, that activates only upon detecting movement, minimizing power consumption and extending the device's lifespan.
- ★ Uses ultrasonic technology without chemicals, ensuring safety for people and pets while protecting the environment.

### Parameters

Product Name:	Ultrasonic Rodent Repeller
Model:	UR03
Product Material:	ABS
Current/Voltage:	DC 5V/1A
Max. Working Current:	300mA
Power Consumption:	Less than 2.7W
Ultrasound Frequency:	22-35 kHz±1kHz/25kHz
Effective Range:	Up to 120m <sup>2</sup> (1290sq.ft.)
DB Value:	100-125dB

Non-toxic No Chemicals Non-radiation Odorless

# Plug-in Ultrasonic Mouse Repeller

UR05A

**UR05A**

**New**

## Features

- ★ Emit 25 ultrasonic frequencies at 100-120 dB to repel pests without chemicals.
- ★ Easy to install, plug into an AC outlet for instant, effortless operation.
- ★ Covers up to 50m<sup>2</sup> perfect for homes, garages, and basements. Made from fireproof ABS material for long-lasting use and safety.

Ultrasonic

Plug-in

## Parameters

Product Name:	Plug-in Ultrasonic Mouse Repeller
Product Model:	UR05A
Product Material:	ABS+PC
Power Input:	AC 110V/AC 220V, 50Hz/60Hz
Power Consumption:	0.5W/110V , 0.8W/220V
Ultrasound Frequency:	25kHz
DB Value:	100-120dB
Effective Area:	50m <sup>2</sup>
Dim(mm):	70*70*54(L*W*H)
Package Size(mm):	74*74*60(L*W*H)

# Mini Ultrasonic Mouse Repeller

UR05B

**UR05B**

**New**

## Features

- ★ Feature a strobe light that enhances an extra layer of protection, effectively repelling pests.
- ★ Easy to use, connect to an AC outlet for immediate activation—no complicated setup needed.
- ★ Protect areas up to 50m<sup>2</sup> ideal for a variety of indoor environments.
- ★ Adopt fireproof ABS, ensuring durability and safe operation in any setting.

## Parameters

Product Name:	Mini Ultrasonic Mouse Repeller
Product Model:	UR05B
Product Material:	ABS+PC
Power Input:	AC 110V/AC 220V, 50Hz/60Hz
Power Consumption:	0.5W/110V, 0.8W/220V
Ultrasound Frequency:	25kHz
DB Value:	100-120dB
Effective Area:	50m <sup>2</sup>
Dim(mm) :	68*54*105(L*W*H)
Package Size(mm):	72*58*110(L*W*H)

# Mini Ultrasonic Mouse Repeller

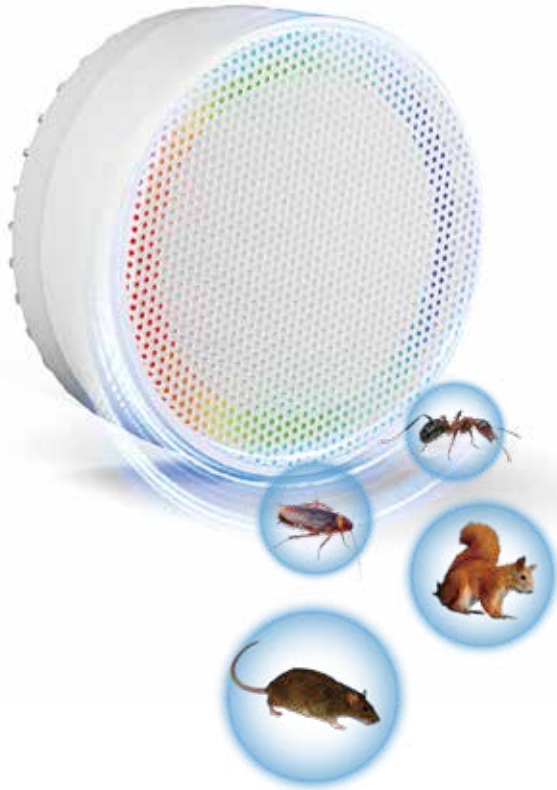

## UR04

New

Patent

### Features

- ★ With its simple plug-and-play functionality, the device is incredibly user-friendly.
- ★ Just plug it into a wall socket, and press the ON/OFF button.
- ★ Emits high-frequency sound waves that highly irritate rodents, effectively driving them away.
- ★ This non-toxic, chemical-free solution is safe for your family and pets.
- ★ Provides a humane and eco-conscious alternative to traditional pest control methods.
- ★ Available for various indoor spaces, such as homes, offices, garages, living rooms, etc.

### Parameters

Product Name:	Mini Ultrasonic Mouse Repeller
Model:	UR04
Product Material:	ABS+PC
Power Input:	AC 110/220V, 50HZ /60HZ
Power Consumption:	0.2W
Ultrasonic Frequency:	22-65kHz
DB Value:	100-110db
Efective Area:	50m <sup>2</sup>
Dim(mm):	61*61*49 (L*W*H)

### LED Night Light

Offers gentle lighting for easy nighttime use

# 360° Multiple Pest Repeller

**VS361N**

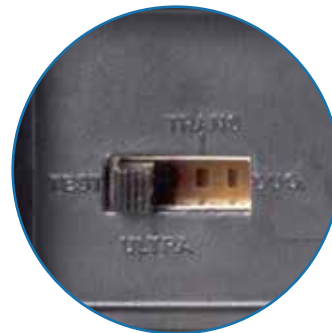

## Features

- ★ Consists of the transducer and dual speakers, emits high attack waves and 16kHz-35/25kHz changing ultrasonic sounds, effective in controlling rats, mice, roaches, fleas, crickets, ants and most other common pests.
- ★ 4-FUNCTION SWITCH:
  - TEST = test tone, simulates the sounds that pest hear, check if the ultrasonic sound is working properly.
  - ULTRA = ultrasonic sound, repels mice, roaches, fleas, crickets, ants etc effectively.
  - TRANS = attack waves, repels squirrels effectively.
  - DUO = attack waves + ultrasonic sound.
- ★ No chemicals, poisons or traps, safe for you and your family.
- ★ Easy to use, plug-and-play.

## Parameters

Product Name:	360° Multiple Pest Repeller
Model:	VS361N
Working Voltage/Current:	9V/130-200mA
Input Voltage:	100-240V
Adapter:	DC 9V/500mA
Effective Range:	Up to 100m <sup>2</sup> (1076sq.ft.)
Ultrasonic Frequency:	16-35/25kHz
DB Value:	120dB
N.Weight:	300g
Dim(mm):	120*120*70(L*W*H)
Package Size(mm):	160*125*85(L*W*H)
QTY Per 20' FCL:	15,900PCS

# Indoor Ultrasonic Rodent Repellent

AR10

**AR10**

## Features

- ★ Consists of ultrasonic transducer and dual ultrasonic speakers, emits stable ultrasonic sound at frequency of about 23.5-25kHz±0.5kHz and variable ultrasonic sound at frequency of 14-33kHz±1kHz.
- ★ Effective in controlling rats, mice, roaches, fleas, crickets, ants and most of the other common pests.
- ★ 4-FUNCTION SWITCH:
  - TEST = test tone, simulates buzz greatly that pest hear, check whether the ultrasounds work or not.
  - TRANS = variable ultrasonic sound at frequency of about 14-33kHz±1kHz.
  - ULTRA = stable ultrasonic sound at frequency of 23.5-25kHz±0.5kHz, with adjustable intensity.
  - DUO = variable and stable ultrasonic sound work together.
- ★ No chemicals, poisons or traps, safe for you and your family.
- ★ Easy to use, plug-and-play

## Parameters

Product Name:	Indoor Ultrasonic Rodent Repellent
Model:	AR10
Working Voltage/Current:	9V/130-200mA
Input Voltage:	100-240V
Adapter:	DC 9V/500mA
Effective Range:	Up to 100m <sup>2</sup> (1076sq.ft.)
Ultrasonic Frequency:	14-33kHz±1kHz, 23.5-25kHz±0.5kHz
DB Value:	90-110dB

# High Power Ultrasonic Mouse Repellent

AR25

## Features

- ★ The repellent uses ultrasound to stimulate the rat's auditory and nervous systems
- ★ Wood box with higher density, so that the ultrasonic wave is not distorted
- ★ Double large horn design, so that the spread of the ultrasonic range is wider
- ★ 5 Different frequencies, targeted drive different animals
- ★ Mimicking a cat's meow makes the rat take fright and run away
- ★ Variable ultrasound frequency can effectively prevent adaptation and immunity of mice
- ★ High power drive, double effect, suitable for the use of large area

## Parameters

Product Name:	Bionic & Ultrasonic Mouse Repellent
Model:	AR25
Input Voltage:	AC 110-240V, 50/60Hz
Effective Range:	Up to 600m <sup>2</sup> (6450sq.ft.)
Ultrasonic Frequency:	15-45kHz/33kHz
DB Value:	120dB

# Ultrasonic Marten Repeller

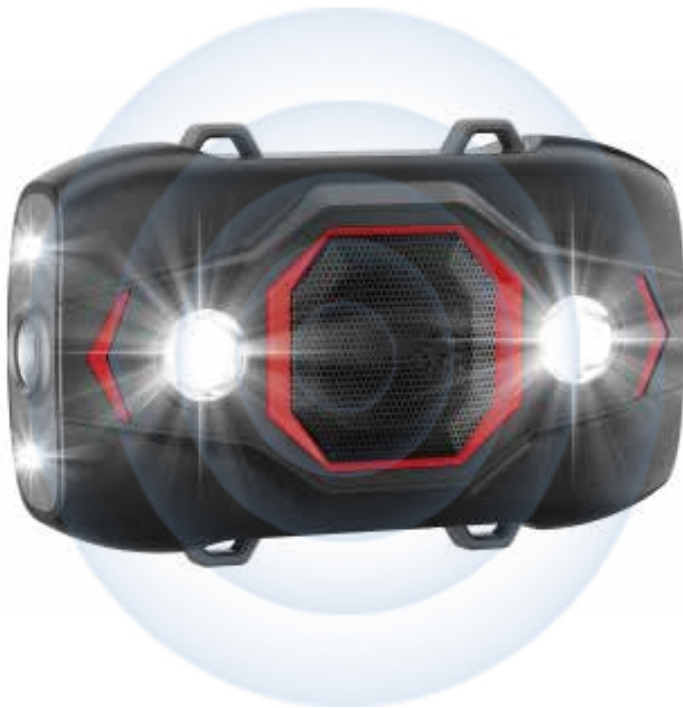

CR04

CR04

## Features

- ★ Operates on four batteries, providing flexibility and portability without the need for a power outlet.
- ★ Utilizes fixed and variable-frequency ultrasonic waves through dual speakers and a strobe light to repel a wide range of rodents and pests.
- ★ Simply insert the batteries, switch on, and let the device automatically cycle through its modes for easy use.
- ★ Ideal for homes, garages, and vehicles, offering flexible pest protection in various places.

Ultrasound

Flashing Light

Non-radiation

## Parameters

Product Name:	Ultrasonic Marten Repeller
Model:	CR04
Material:	ABS
Power Supply:	DC 5V-12V
Max. Working Current:	220mA/5V 120mA/12V
Max. Wattage:	1.2W
Avg. Wattage:	0.25W
Ultrasound Frequency:	22-50KHZ/25KHZ
Dim(mm):	138*87*37(L*W*H)

# Ultrasonic Marten Repeller

CR03

CR03

New

Patent

## Features

- ★ Emits ultrasonic waves that disrupt the nervous system of rodents.
- ★ Features a precision circuit with acoustic holes for faster heat dissipation.
- ★ Operates with a variable ultrasonic frequency ranging from 22-50kHz, and fixed ultrasound frequency at 25kHz.
- ★ Consumes only 1.2W of power when in operation.
- ★ Smartly detects engine start and stop for enhanced vehicle protection.
- ★ Connects directly to the car's power supply, eliminating the need for batteries.
- ★ Includes a low power outage protection function to safeguard the vehicle's battery.

## Parameters

Product Name:	Ultrasonic Marten Repeller
Model:	CR03
Material:	ABS
Power Supply:	DC 5-12V
Max. Working Current:	● 400mA/5V ● 200mA/12V
Max. Wattage:	1.2W
Ultrasound Frequency:	22-50kHz/25kHz
Dim(mm):	101*60*32(L*W*H)

# Battery Operated/Marten Repeller

AR28

Patent

## Features

- ★ Three-in-one power supply mode:
  - 4\*AA Battery.
  - Connect to the car battery.
  - Connect the USB.
- ★ Emit ultrasonic waves and flashing lights that interfere with the rodents' visual and auditory systems.
- ★ The frequency of conversion ultrasonic is 18 khz-36khz.
- ★ Smart identification of engine start and stop, more effective protection of the car.
- ★ High-quality flame retardant material, can withstand high temperatures, and protect the vehicle.
- ★ Application area: indoor, outdoor, car, garage, etc.

RoHS

## Parameters

Product Name:	Battery Operated Vehicle Marten Repeller
Model:	AR28
Material:	ABS
Working Voltage/Current:	12V/10-13mA
Input Voltage:	5-12V
Power Supply:	4*AA Batteries
	DC 5-12V Vehicle Power
	DC12V Adaptor
Ultrasonic Frequency:	18-36kHz
DB Value:	110dB
N.Weight:	138g
Dim(mm):	75*130*34 (L*W*H)
Package Size(mm):	116*40*135(L*W*H)
QTY Per 20' FCL:	44,064PCS

Vehicle

# Underhood Rodent Repeller

CR01

CR01

## Features

- ★ Emit ultrasonic waves that interfere with the rodent's nervous system.
- ★ Precision circuit, acoustic hole heat dissipation faster.
- ★ The frequency of conversion ultrasonic is 22 kHz-45kHz.
- ★ The power consumption of the on-board mouse drive is 0.5W when it is working.
- ★ Intelligent identification of engine start and stop, more effective protection of the car.
- ★ Directly connects to the car's power supply without the need for batteries.
- ★ Low power outage protection function, protect battery.

## Parameters

Product Name:	Underhood Rodent Repeller
Model:	CR01
Working Current:	35-45mA
Product Material:	ABS
Adaptor/Car Battery:	DC 12V
Ultrasonic Frequency:	22-45kHz
Power Consumption:	0.5W
N.Weight:	59g
Dim(mm):	101*70*20(L*W*H)
Package Size(mm):	105*32*120(L*W*H)
QTY Per 20' FCL:	66,501PCS(1pack)

# Underhood Rodent Repeller

AR28C

**AR28C**

Patent

New

## Features

- ★ Protect vehicles from the harmful action of rodents
- ★ Ultrasonic waves swept regularly by turns with different time duration
- ★ Repellent can emit changing ultrasound at frequency 18kHz-36kHz
- ★ The sound waves from this device will chase animals under the hood
- ★ Only 0.5W power consumption while the device is working
- ★ Auto switch by vibrating sensor detecting signal of vehicles start or stop
- ★ Start to work when vehicles stop, stop working when vehicles start
- ★ Safe for use around children and pets when used as directed
- ★ Support 3 modes of power supply: batteries, connect to DC power, and vehicle power.

## Parameters

Product Name:	Underhood Rodent Repeller
Model:	AR28C
Material:	ABS
Working Voltage/Current:	12V/10-13mA
Input Voltage:	5-12V
Power Supply:	4*AA Batteries
	DC 5-12V Vehicle Power
	DC 12V Adaptor
Ultrasonic Frequency:	18-36kHz
DB Value:	110dB
N.Weight:	138g
Dim(mm):	75*130*34(L*W*H)
Package Size(mm):	116*40*135(L*W*H)
QTY Per 20' FCL:	44,064PCS

- ✓ Portable and durable
- ✓ Efficient repellent
- ✓ Free battery rechargeable
- ✓ Connect to vehicle battery
- ✓ Low energy consumption
- ✓ No toxic chemicals
- ✓ Easy to use
- ✓ Child and pet safety

# Under Hood Rodent Repeller

AR05

## Features

- ★ Emit ultrasonic waves that interfere with the rodent's nervous system.
- ★ Precision circuit, acoustic hole heat dissipation faster.
- ★ The frequency of conversion ultrasonic is 22kHz-50kHz.
- ★ The power consumption of the on-board mouse drive is 0.5W when it is working.
- ★ Smart identification of engine start and stop, more effective protection of the car.
- ★ Low power-off function, protect battery.

# Vehicle Rodent Repellent

## CR02

### Features

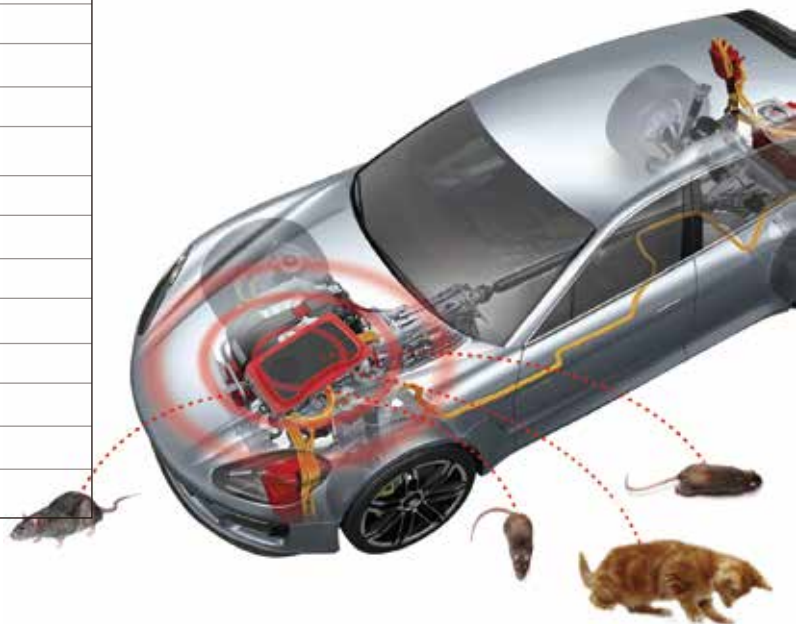

- ★ Professionally developed waterproof and dustproof design.
- ★ Ultrasound interferes with the rodent's nervous system.
- ★ The ultrasonic frequency conversion range is 12kHz-24kHz.
- ★ Flash and ultrasonic work for 3 seconds at the same time, stop for 57 seconds.
- ★ Features intelligent identification of engine start and stop for more effective car protection.
- ★ Supports three power supply modes, ensuring the rodent repellent is not limited by the power source.
- ★ Application area: indoor, outdoor, car, garage, etc.

RoHS

### Parameters

Product Name:	Vehicle Rodent Repellent
Model:	CR02
Material:	ABS
Working Current:	12mA
Waterproof Grade:	IP45
Power Supply:	DC 5-12V/ 4*AA Battery
Effective Range:	Up to 45m <sup>2</sup> (484sq.ft.)
Ultrasonic Frequency:	12-24kHz
Power Consumption:	0.06W
N.Weight	129g
Dim(mm):	136*79*31(L*W*H)
Package Size(mm):	144*117*36(L*W*H)
QTY Per 20' FCL:	46,640PCS

# Mouse Trap

The mouse trap designed by the mouse hole can lure the mouse to the bait faster, and the mouse can be captured alive in a non-toxic way. The product is made of durable PC, and can be cleaned and disinfected with boiled water after catching the mouse. It is safe and environmentally friendly for reuse.

# THANOS MK47

**MK47**

New

Patent

MK47

## Features

- ★ Sensor-activated for quick, automatic strikes—no constant checking required.
- ★ Humane, toxin-free rodent control with no need to touch dead animals.
- ★ Delivers up to 360 strikes on a single charge for efficient rodent elimination.
- ★ Long-lasting battery life—up to 60 days on one charge.
- ★ Fast 4-hour recharge with low battery indicator.
- ★ Works indoors and outdoors—ideal for homes, offices, and warehouses.

## Parameters

Product Name:	THANOS MK47
Model:	MK47
Material:	ABS
Adapter:	5V/1A(Type-C)
Charging Current/Voltage:	5V/700mA
Charging Time:	4h fully charged
Standby Time:	60 days
Battery:	Li-Battery 2200mA/3.7V
Max. Wattage:	1W

# Double Kill<sup>®</sup> Mouse Trap

**MK22**

New

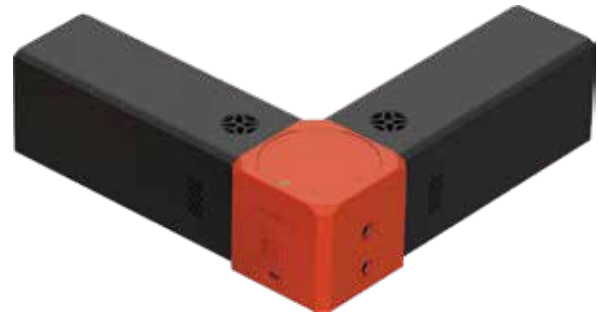

Patent

MK22

## Features

- ★ Double-kill<sup>®</sup> system for faster, more effective rodent elimination.
- ★ Cube design fits perfectly in corners and tight spaces.
- ★ Modular design for flexible, customizable setup.
- ★ Replaceable shock plate for easy maintenance.
- ★ Humane, no-contact solution for effortless cleanup.
- ★ Safe for indoor use in homes, warehouses, and offices.

## Parameters

Product Name:	Double Kill <sup>®</sup> Mouse Trap
Model:	MK22
Material:	ABS
Power Supply:	5V/1A(Type-C)
Voltage Output:	AC 2000V±10%
Battery:	Li-Battery 2200mA/3.7V
Max. Wattage:	2.5W

# Electric Mouse Trap

**MK03**

New

Patent

MK03

## Features

- ★ Utilizes high voltage electric shock to eliminate rats, ensuring a non-toxic and dependable solution.
- ★ Designed with advanced technology, it boasts low power consumption.
- ★ Equipped with a safety protection switch to prevent accidental shocks to humans.
- ★ Allows for a safe and hygienic disposal of rodents without seeing or touching rats.
- ★ Perfectly suited for use in dining rooms, kitchens, bedrooms, offices, and hotels.
- ★ The electric shock plate is replaceable, no need to clean it, making upkeep easy.

CE

RoHS

## Parameters

Product Name:	Electric Mouse Trap
Model:	MK03
Material:	ABS
Power Supply:	Adapter 5V/1A, 4*AA Batteries
High Voltage:	1800V±10%
Power Consumption:	2.5W
Accessories:	1*trap, 1*USB line
Dim(mm):	200*62*85(L*W*H)

# Electric Rat Trap

**MK08S**

New

Patent

MK08S

## Features

- ★ Utilizes high voltage electric shock to eliminate rats, ensuring a non-toxic and dependable solution.
- ★ Designed with advanced technology, it boasts low power consumption.
- ★ Equipped with a safety protection switch to prevent accidental shocks to humans.
- ★ Allows for a safe and hygienic disposal of rodents without seeing or touching rats.
- ★ Perfectly suited for use in dining rooms, kitchens, bedrooms, offices, and hotels.
- ★ Battery-powered, capable of delivering electronic shocks approximately 30 times.

## Parameters

Product Name:	Electric Mouse Trap
Product Model:	MK08S
Product Material:	ABS+Electro Plated Stainless Steel
Battery:	4*C Batteries(not included)
Power Consumption:	4W
Output Voltage:	3900±10%
Dim(mm):	230.2*103*84.2mm
Accessories:	1*trap, 1*user manual, 1*adaptor

# Electronic Rat Killer

**MK08**

## Features

- ★ Delivers high voltage electronic shock to kill mouse, nonpoisonous and reliable.
- ★ Use micro-electronic circuit technology for product design, and low power consumption.
- ★ Set with safety protection switch, in order to prevent mistake shock to person.
- ★ Dump the rodents into the trash for a safe, clean, no-see, no-touch disposal.
- ★ This unit widely applies in dining room, cookroom, bedroom, office and hotel.
- ★ Battery can be supplied for electronic shock around 30 times.

## Parameters

Product Name:	Electronic Rat Killer
Product Model:	MK08
Product Material:	ABS+PC
Battery	Li-Battery/3.7V/1800mAh
Output Voltage:	AC 2200V
Power Consumption:	3W
Charging Current:	700mA
N.Weight:	550g
Dim(mm):	260*100*96.5(L*W*H)
Package Size(mm):	265*105*110(L*W*H)
QTY Per 20'FCL:	9,432PCS

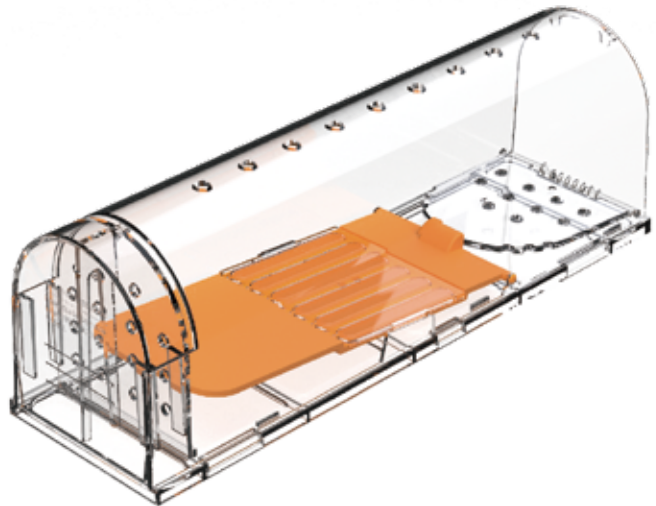

# Humane Mouse Trap

**AR04S**

## Features

- ★ To catch and release mice, rats, hamsters, gerbils, and other rodents.
- ★ With air holes on the product to prevent rodents from suffocating.
- ★ No poisons and chemicals, it's safe for use around kids and pets.
- ★ Designed with durable PC material that can be used many times as needed.
- ★ The pedal is highly sensitive and is effective to catch. Bait suggested: Peanuts, hams, bread, and cookies.

**RoHS**

## Parameters

Product Name:	Humane Mouse Trap
Model:	AR04S
Material:	PC
Weight:	155g
Application:	Both indoors and outdoors
Dim(mm):	215*72*66mm(L*W*H)

# Humane Mouse Trap

## AR04E-PRO

AR04E-PRO

## Features

- ★ Imported PC material, anti-bite setting of bait groove, durable.
- ★ High appearance level, and high quality, can effectively catch rats and mice.
- ★ Thickened plastic, is wear-resistant, can be washed and disinfected, and recycled.
- ★ The pedal is very sensitive and can be closed in less than one second.
- ★ Applicable scenarios: kitchen, living room, utility room, warehouse, etc.

## Parameters

Product Name:	Humane Mouse Trap
Model:	AR04S
Material:	PC
Weight:	140 g
Application:	Both indoors and outdoors
Dim(mm):	193*70*77mm(L*W*H)

# Mouse Killer Trap

MT04

## Features

- ★ **Powerful & High Sensitive:** The trap is made of powerful stainless steel spring which enhances the sensitivity and efficiency, to faster and more effectively kill the mice, only needs 5 grams to trigger the traps.
- ★ **Easy To Use & Set:** Just put a bait in the slot and press the spring of the trapper to finish the setup, then place the mouse traps in the area where rats are active. DO NOT touch the traps after setup, and keep them far away from children and pets.
- ★ **Reusable & Easy To Clean:** This trap is made of durable high-quality polystyrene which is reusable and easy to clean. It would not absorb any smells or stains, unlike the wood mouse traps.
- ★ **Safe to Use:** You DO NOT need to worry about poison, glue, and snapping fingers like in traditional methods.
- ★ **Quick Kill & No Touch:** These are quick response traps to kill the mice. Place the traps anywhere you have problems, they will do their job and you have no need to touch them when you remove them.

## Parameters

Product Name:	Mouse Killer Trap
Model:	MT04
Material:	ABS
Weight :	43g
Application :	Indoors and Outdoors
Dim(mm):	105*48*54(L*W*H)
Package Size(mm):	150*105*90(L*W*H)
QTY Per 20'FCL:	111,744PCS

Model:	AR09
Material:	PC
Weight:	227g
Application:	Both indoors and outdoors
Dim(mm):	252*82*72(L*W*H)
Package Size(mm):	264*88*80(L*W*H)
QTY Per 20'FCL:	14,680PCS

# Mosquito Killer Lamp

The mosquito killer lamp uses a physical method to eliminate mosquitoes. Attracted by UVA light, insects are drawn to the 360-degree UVA light. A DC fan creates a vortex, sucking them into the trap, where they are either dried by airflow or electrocuted by high-voltage electrodes, effectively eliminating mosquitoes and flies.

## Mosquito Attraction

1. Simulates human odors for attraction
2. Slow-release tech, effective for 3-4 weeks
3. Adopt safe component
4. 90% trapping rate.
5. Compatible with various devices

# MosquitoShield Solar Guard

18029

**MK09**

New

Patent

## Features

- ★ Effortlessly combines mosquito killing and illumination in one outdoor device.
- ★ Utilizes UV light to attract mosquitoes and eliminates them with an electric grid upon contact.
- ★ Can be easily mounted on outdoor walls or at doorways for optimal mosquito control.
- ★ Equipped with motion sensors that activate the light when someone approaches, providing additional illumination.
- ★ Designed specifically for outdoor use, ensuring efficient mosquito control and dependable lighting.
- ★ Enjoy uninterrupted evenings outdoors with the peace of mind that comes from a mosquito-free environment and well-lit surroundings.

## Parameters

Product Name:	MosquitoShield Solar Guard
Model:	MK09
Product Material:	ABS+PC
Battery:	1*Li-Battery, 3.7V/1800mAh
Power Supply:	Solar Panel
Output Voltage:	DC 1000V
Power Consumption:	1W
Working Current of Illumination:	110mA
Working Current of UVA Light+High Voltage:	210mA
QTY of LED Lights:	6(White Beads) 5(Purple Beads)
Wavelength:	395nm
Dim(mm):	108*108*66 (L*W*H)

# Mosquito Killer Lamp

**MK10**

New

Patent

## Features

- ★ The fan can be turned ON or OFF manually to meet different requirements.
- ★ 395nm UVA light, dry kill, non-toxic, no chemical, safe for children and pets.
- ★ No glare, low power consumption, and environmental protection.
- ★ Exquisite appearance, soft lighting, can be used as night lights.
- ★ Pure physical mosquito-killer, to eliminate mosquitoes silently, safe and hygienic.
- ★ Widely used in hotels, restaurants, hospitals, and other indoor places.
- ★ Light waves attract flies, moths, mosquitoes and other insects.
- ★ Effective area is around 50-100 square meters.

## Parameters

Product Name:	Mosquito Killer Lamp	Current of light and Electric shock:	370mA
Product Model:	MK10	Current of light, Fan And electric shock:	540mA
Input Voltage/Current:	DC 5V/1A	Effective range:	50-100m <sup>2</sup>
Product Material:	ABS+PC	Dim(mm):	134*134*235(L*W*H)
Output Voltage:	DC 1800V	Package Size(mm):	140*140*245(L*W*H)
Power consumption:	3W	QTY Per 20'FCL:	5,130PCS
Wavelength:	395nm		
Quantity of beads:	14pcs		

# Bug Zapper

**MK04**

## Features

- ★ No spray, No smell, No poison, No fumes, No mess. There are no side effects or adverse reactions to humans.
- ★ This unit utilizes high-quality LED lights to attract insects into the grill where they are electrocuted by the high-voltage current released by metal grids above 8 LEDs.
- ★ The circuit is designed to limit electric current, reduce energy consumption, and promote high efficiency.
- ★ Folding plug makes the appliance portable and easy to keep.
- ★ Removable collection tray provides a safe. Clean and no-touch disposal.

## Parameters

Product Name:	Bug Zapper
Model:	MK04
Input Voltage:	110V/60Hz
Grid Voltage/Current:	700-900V/9mA
Grid Power:	1W
Dim(mm):	65*35*120(L*W*H)

# Indoor Bug Zapper

**MK01**

## Features

- ★ Emit attractive light waves to stimulate the phototaxis of mosquitoes.
- ★ The metal gate is equipped with high voltage to shock flying insects.
- ★ Folding plug, easy to carry and store.
- ★ Purple LED light design, harmless to humans and pets.
- ★ Grid protection design, hands can not touch, in case of electric shock.
- ★ Plug and play, is very convenient to use.

## Parameters

Product Name:	Indoor Bug Zapper
Model:	MK01
Material:	ABS(Anti-UV)
Power Supply:	Plug into the socket
Input Voltage:	110V
Grid Current/Power:	9mA/0.6-0.8W
Wavelength:	365nm UVA light
Grid Voltage:	700-900V
Detection Range:	150m <sup>2</sup> (1620sq.ft.)
N.Weight:	89.5g
Dim(mm):	57.4*46*98(L*W*H)
Package Size(mm):	65*50*102(L*W*H)
QTY Per 20'FCL:	78,120PCS

# Fly Trap

The fly trap uses a physical method to eliminate flying insects like mosquitoes and flies. Sensitive to UVA light in the 315-400nm range, these flying insects are drawn to the 395nm UVA light. A high-efficiency adhesive board inside the device captures them, ensuring effective elimination.

# TripleCatch Fly Trap

**MK21**

New

Patent

## Features

- ★ 395nm UVA Light Attraction—UVA light waves in the wavelength range of 315-400nm can effectively attract flying insects such as mosquitoes and flies.
- ★ Triple-Sided Sticky Trap—Three sticky surfaces improve the trapping rate of flying insects.
- ★ Pure Physical Pest Control—No chemicals, no radiation, safe for humans and pets.
- ★ Night Light Function—Soft, non-glare warm light adds comfort to your space.
- ★ Silent Operation—Works quietly without disturbing sleep or daily activities.
- ★ Low Power Consumption—Energy-saving design with long-lasting performance.
- ★ Compact and Stylish Design—Blends seamlessly into homes, hotels, restaurants, and more.
- ★ Easy to Use and Maintain—Simple power supply options and replaceable glue pads.
- ★ Safe and Hygienic—Mess-free insect disposal with no electric shock or burnt odors.

## Parameters

Product Name:	TripleCatch Fly Trap
Model:	MK21
Material:	ABS+PC
Power Supply:	Plug-in/Type-C USB
Input Voltage:	AC100-240V, 50/60Hz
Wavelength:	395 nm UVA light
Effective Range:	20 m <sup>2</sup>
QTY of Purple Lights:	4 pcs
QTY of Warm Lights:	1 pc
Power Consumption:	0.8W
Dim(mm):	78*75*53(L*W*H)

## Features

- ★ Leverages potent light waves to lure and eliminate mosquitoes effectively.
- ★ Safe for family use, including pregnant women, children, and pets, with no associated risks.
- ★ Perfect for multiple indoor areas, maintaining a comfortable and bug-free setting.
- ★ Includes strong adhesive boards that securely trap insects, preventing their escape.
- ★ Comes with a powerful ultraviolet LED light to draw in and capture flying insects efficiently.
- ★ It takes 4h to get fully charged, and it can last for 16h for work.

## Parameters

Product Name:	Flying Insect Trap
Model:	GE02B
Material:	ABS+PC
Working Voltage:	5V
Charging Voltage/Current:	5V/700mAh
Battery:	Rechargeable battery 1800mAh
Charging Time:	4h full charge
Input Voltage:	AC 100-240V, 50/60Hz
Wavelength:	395nm UVA light
Power Consumption:	0.6W
Effective Range:	20m <sup>2</sup>
QTY of LED Lights:	Purple: 5pcs Blue: 6pcs
Dim(mm):	75*44*82(L*W*H)

# Electronic Bug Zapper

GE04

New

## Features

- ★ Uses powerful light waves to effectively attract and eliminate mosquitoes.
- ★ Safe for use around families, including pregnant women, children, and pets, with no harm.
- ★ Suitable for various indoor areas, providing a comfortable and insect-free environment.
- ★ Features strong glue boards that securely trap insects, preventing their escape.
- ★ Equipped with a highly effective ultraviolet LED light to attract and capture flying insects.
- ★ It takes 4h to get fully charged, and it can last for 16h for work.

## Parameters

Product Name:	Electronic Bug Zapper
Model:	GE04
Material:	ABS+PC
Working Voltage:	5V
Charging Voltage/Current:	5V/700mAh
Battery:	Rechargeable battery 1800mAh
Charging Time:	4H full charge
Input Voltage:	AC 100-240V, 50/60Hz
Wavelength:	395nm UVA light
Power Consumption:	0.9W
Effective Range:	20 m <sup>2</sup>
QTY of LED Lights:	Purple: 6pcs Yellow: 4pcs
Dim(mm):	109*70*42(L*W*H)

# Electronic Fly Trap

**MK06**

New

Patent

MK06

## Features

- ★ The product has the characteristics of light wave stability.
- ★ 395nm UVA wave length design, harmless to humans and pets.
- ★ No glare, low power consumption, and environmental protection.
- ★ Exquisite appearance, soft lighting, can be used as night lights.
- ★ Pure physical mosquito control, silent design, silent mosquito control, safe and hygienic.
- ★ Widely used in hotels, restaurants, food processing plants, hospitals, and other places.
- ★ Light waves attract flies, moths, mosquitoes and other insects.
- ★ Effective area is around 20 square meters.

## Parameters

Product Name:	Electronic Fly Trap
Model:	MK06
Material:	ABS+PC
Power Supply:	Plug into the socket
Input Voltage:	AC 100-240V, 50/60Hz
Wavelength:	395nm UVA light
Effective Range:	20m <sup>2</sup>
Power Consumption	0.4w
N.Weight:	65g
Dim(mm):	68*68*36(L*W*H)
Package Size(mm):	140*55*100(L*W*H)
QTY Per 20'FCL:	58,800PCS

# Wasp Trap Outdoor

**FT01**

New

Patent

## Features

- ★ Utilizes solar power for hassle-free outdoor use, effectively capturing wasps and other flying insects.
- ★ Specifically designed to trap wasps, featuring a baited container that makes entry easy but escape difficult.
- ★ Includes a smart lighting system with UV light for wasp trap.  
Seamless day-to-night transition with photocell technology, ensuring efficient energy use.  
Chemical-free and user-friendly, providing a safe solution
- ★ for outdoor insect control with minimal upkeep.  
Liquid bait suggestions: beer, fruit juice, honey water, sugar water, etc.

## Parameters

Product Name:	Wasp Trap Outdoor
Model:	FT01
Material:	ABS+PS
Power Supply:	Solar-powered
Battery:	Ni-MH Battery
Waterproof:	IP44
Working Current:	3mA
Dim(mm):	101*93*117(L*W*H)

AR27

# Fly Repellent Fan

AR27

New

Patent

## Features

- ★ With ON/OFF button that the product is very easy to use.
- ★ Two ways for installation which can be put on the table or hang up.
- ★ The fan is made by soft PVC material that won't hurt your fingers.
- ★ Soft blades rotate 350-400 circles per minute to protect your food from contamination.
- ★ Blades come to a stop if something touches them, then resume as soon as the obstacles is removed.
- ★ The reflective strips on the blades stimulate the eyes of flies, repel flies effectively.
- ★ With the hook design in the bottom, you can hang it when it is inconvenient to put on the table.

## Parameters

Product Name:	Fly Repellent Fan
Model:	AR27
Material:	ABS+PVC
Power Supply:	2*AA rechargeable batteries, DC 5V
Working Current:	80-100mA
Fan Speed:	350-400 circles/min
Power Consumption:	0.3W
Blade Size:	390mm
Dim(mm):	76*76*230(L*W*H)
Package Size(mm):	80*80*165(L*W*H)
QTY Per 20'FCL:	24,360PCS

AR15S

# Fly Trap

## AR15S

New

Patent

### Features

- ★ Easily and safely eliminate fleas, mites, bugs, cockroaches, mosquitoes, flies, moths.
- ★ Uses the phototaxis of insects to attract and uses the sticky board to adsorb.
- ★ Give out attractive lights and use the phototaxis and thermotaxis of insects.
- ★ Lure the flying insects to land on the sticky board, and unable to extricate.
- ★ Suitable for restaurants, kitchens, convenience stores and open spaces.
- ★ Additional sticky boards prevent crawling insects from escaping.

### Parameters

Product Name:	Fly Trap
Model:	AR15S
Power Supply:	Plug in
Material:	ABS+PC
Working Voltage:	AC 120V
Light Consumption:	7W
Applicable:	fleas, bedbugs, moths, cockroaches
Coverage:	Up to 50-100m <sup>2</sup> (540-1076sq.ft.)
N.Weight:	284g
Power cable:	2m/0.842mm <sup>2</sup>
Dim(mm):	161*161*120(L*W*H)
Package Size(mm):	165*97*165(L*W*H)
QTY Per 20'FCL:	6,920PCS

# Battery-Operated Fly Trap

**AR13-B**

AR13-AR13B

## Features

- ★ Easily and safely solve the problems of fleas, cockroaches, mosquitoes and flies
- ★ Emit two kinds of attractive lights, using the phototaxis and thermotaxis of insects
- ★ Emit different spectral frequencies to attract target insects:
  - Mode 1-2: Fleas, mites, and Bugs
  - Mode 3-4: Mosquitoes, flies, and moths
- ★ Attract flying insects to land on the armyworm board, strong adhesion, unable to extricate themselves
- ★ Suitable for restaurants, kitchens, convenience stores and open places

## Parameters

Product Name:	Battery-Operated Fly Trap
Product Model:	AR13-B
Power Supply:	<ul style="list-style-type: none"><li>● 3.7V/2000mAh Li-battery</li><li>● USB MICRO 5V/1A</li></ul>
Material:	ABS
Working Voltage:	3.7V
LED Wavelength:	365nm UVA light
1-2 Warm LED Light:	Fleas, Mites, Bed bugs, Moths
3-4 Blue LED Light:	Mosquitoes, Flies
Effective Range :	Up to 100m <sup>2</sup> (1076sq.ft.)
N.Weight :	252g
Dim(mm) :	145* 145*100(L*W*H)
Package Size(mm) :	150* 150*120(L*W*H)
QTY Per 20'FCL:	9,990PCS

AR29S

# Fruit Fly Trap

AR29S

New

Patent

## Features

- ★ Captivating and stylish, the fruit fly trap features a pomegranate-inspired shape that adds a touch of elegance to any space.
- ★ The top cover is equipped with funnel-shaped holes, while the bottom section contains bait to attract fruit flies.
- ★ Crafted from durable and high-quality PS material, the fruit fly trap is built to last, ensuring long-term use and effectiveness.
- ★ Simplify your fruit fly control with this user-friendly trap. Just place the bait in the bottom compartment, and the fruit flies are lured in and captured effortlessly.

## Parameters

Product Name:	Fruit Fly Trap
Product Model:	AR29S
Product Material:	Silicone+PS
N.Weight:	42g
Quantity:	4PCS/Box
Dim(mm):	75*75*96(L*W*H)

AR29

# Fruit Fly Trap

AR29

New

## Features

- ★ Easily and safely eliminate fruit flies, flies, wasps, gnats, mosquitoes, moths, etc.
- ★ The fruit fly trap is non-toxic and odorless and can be safely placed on kitchen counters.
- ★ Bright red and attractive peppers-shaped traps are easier to confuse and attract fruit flies and gnats.
- ★ The fruit fly trap adopts an entrance funnel design.
- ★ The upper opening is large, which makes it easy for fruit flies to enter the interior.
- ★ The lower opening is small, which can effectively prevent fruit flies from escaping.
- ★ With the cute outlook, it is not only can eliminate flies, but also decorate your house.
- ★ Applicable to kitchen, drain, sink, bathroom, garden, trash, can or outside on the patio.

## Parameters

Product Name:	Fruit Fly Trap
Product Model:	AR29
Product Material:	Silicone+PS
N.Weight:	42g
Quantity:	4PCS/Box
Dim(mm):	75*75*96(L*W*H)
Package Size(mm):	168*90*68 (L*W*H)
QTY Per 20'FCL:	52,650PCS

A note from our founder, Kevin Law

Finding trusted partners with the highest ethical and commercial standards is paramount to success in today's world. This is why I founded X-Pest, and it's the cornerstone of our business.

All our clients get personal attention and complete confidentiality. No matter where you are in the development process, we can help guide you to success. If you want a brandable off-the-shelf product to get you to market faster, we can help you with that. And if you plan to develop products from scratch, we have over ten years of experience bringing ideas to life.

So if you need a quote or simply some advice, why not jump on a call with one of our friendly team today!
