Company Profile

YOMATO Group is a high-tech enterprise focusing on R&D, manufacturing, verification and sales of die casting machine solution.

Company's headquarter is located in **Changzhou, Jiangsu**, with branches in Ningbo, Nanjing, Zhongshan and Nanning. The company currently has more than **500 employees**, with annual sales **100 million USD**. YOMATO has developed its own **one-stop solution** base for die casting machine and production, which is far ahead of most of competitors in the same industry.

YOMATO has also established **long-term and stable** cooperative relationships with many well-known brands and customers in China and abroad.

Besides, YOMATO has always focused on the die casting industry, guided by market demand, centered on technological innovation, and guided by the principle of **quality first**.

It cooperates with **upstream and downstream resources** to continuously provide customers with **stable quality and affordable** die casting solution.

Development Process

Start from 1999

1999

Yomato's predecessor (Changzhou **HUACHEN** Casting Co., LTD. with product casting and small die-casting machine production as the starting point.

2008

Develop and produce **130-1100 tons** die casting machine.

2012

-our founders set up **CHANGZHOU YOMATO** to separate the die casting machine production and create the YOMATO brand specifically **for export**.

-Develop and produce **1300-2000 tons** die casting machine.

Development Process

2015

Develop export markets, sell well in Russia, India, East Europe, South America and Southeast Asia;

2017

-Totally **400 units** were sold at home and abroad, and 2500 units were sold globally.
-The **2000~3000 tons** heavy duty machines are worked well for customers.

2018

-Winning the **No.1** comprehensive strength of emerging **brand in China**;
-Moving into new industry park in Jintan, Changzhou, **PC up to 700sets/year**;

Development Process

2021

- Invested SM as a shareholder for **hot chamber die casting machine**;
- Invested BQ as a shareholder for **low pressure & gravity die casting machine**;
- Invested **GX-Yomato** as a shareholder for exporting service.

2023

- Develop and produce **4000-6000 ton** heavy duty die casting machine;
- **Exported 20+ countries, 100+ sets.**

2024

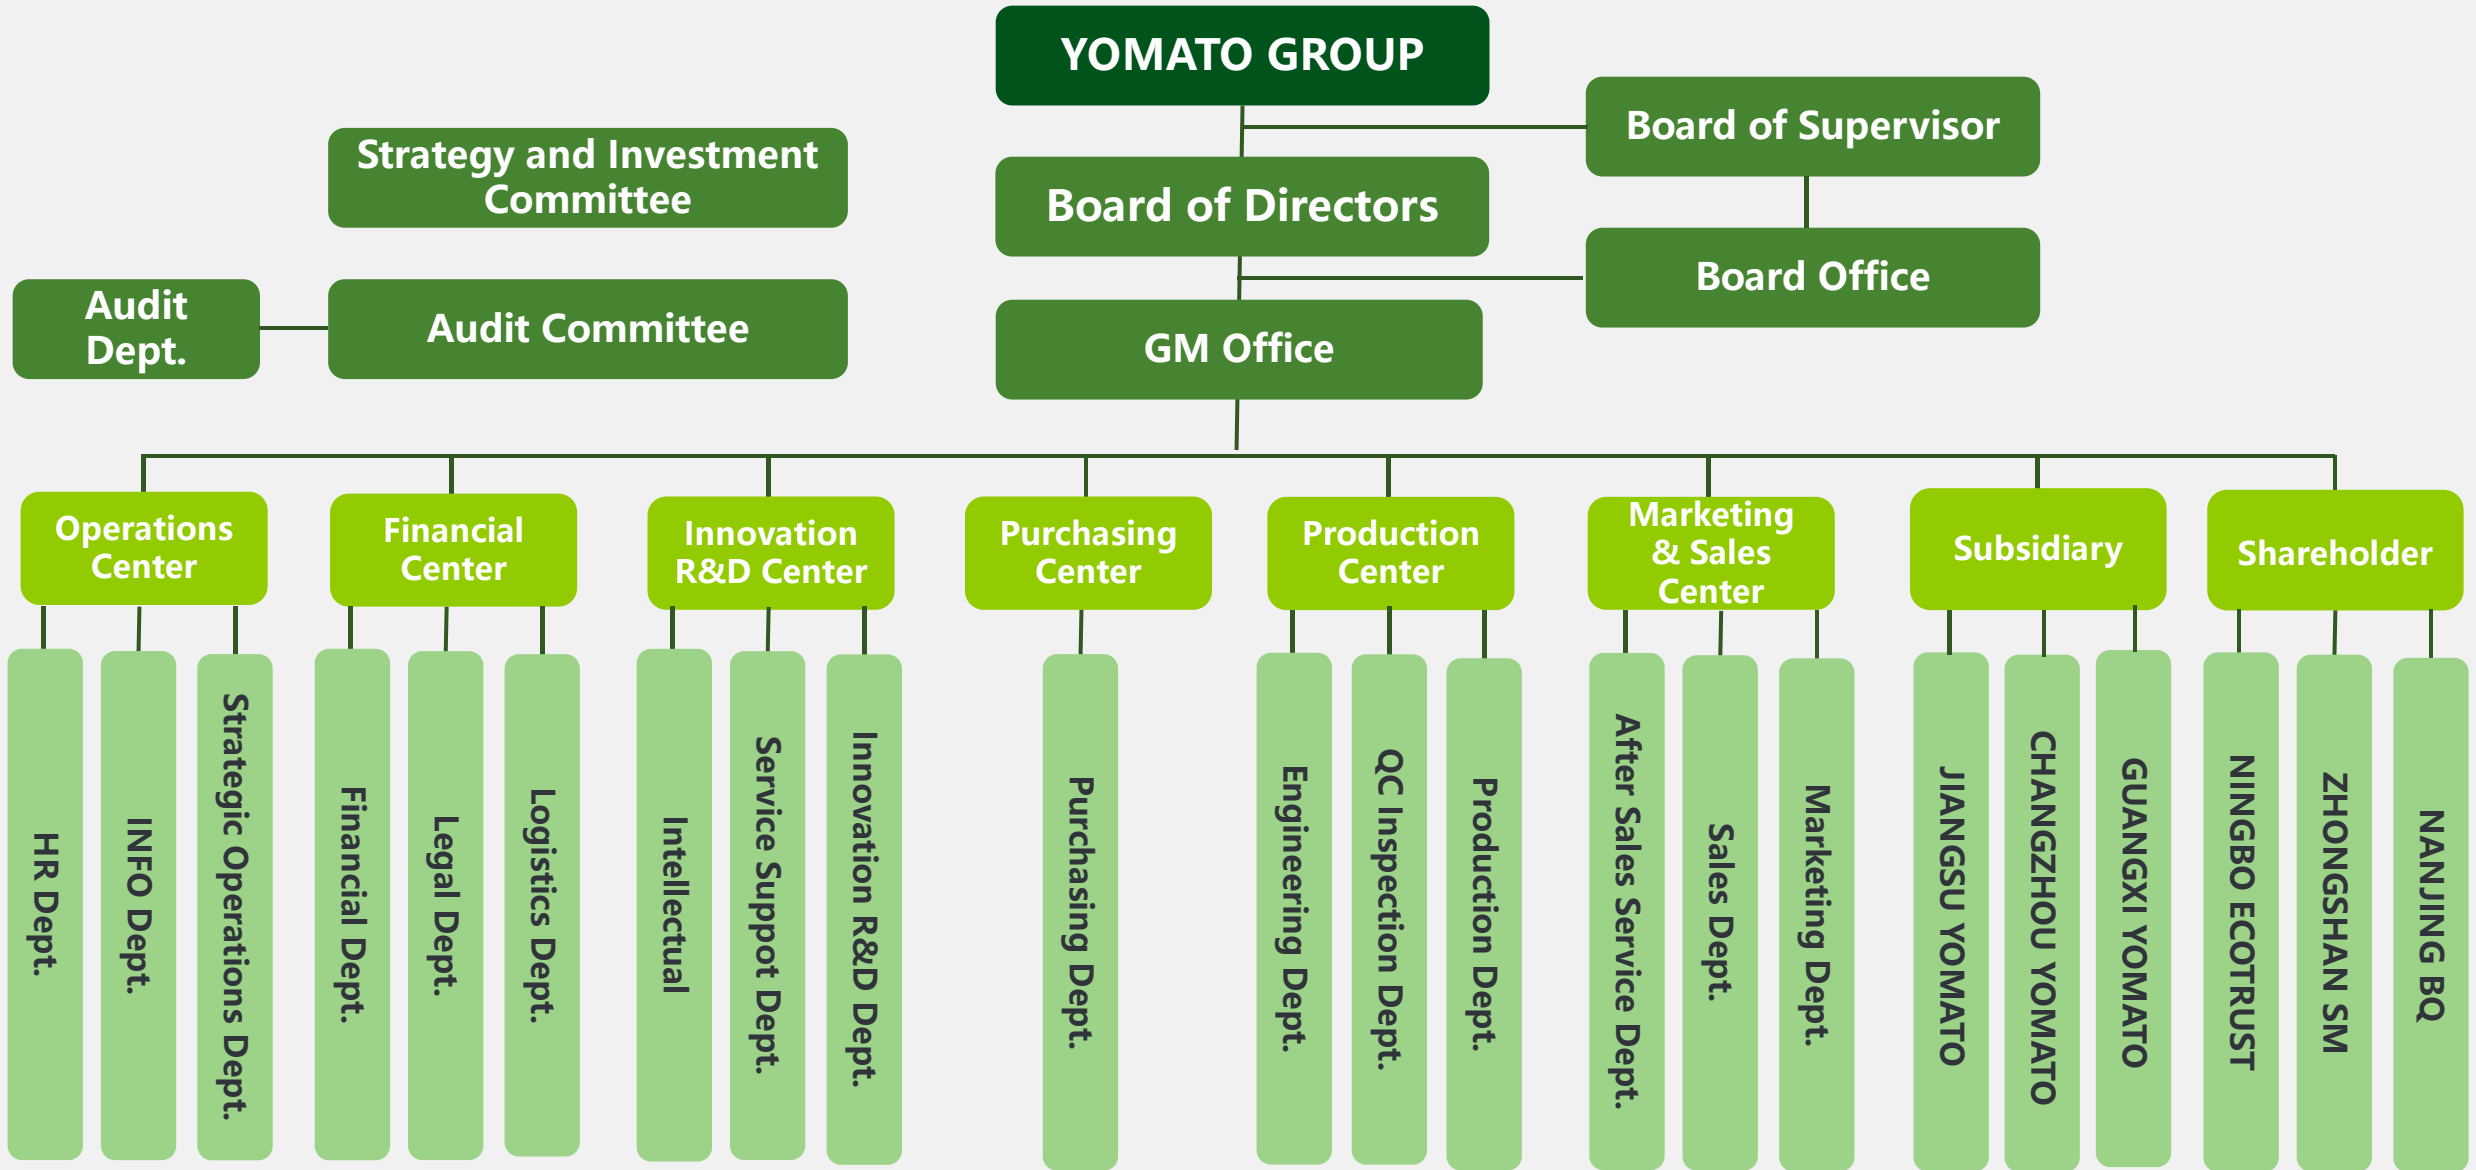

Sales Target up to 1200+ sets; export up to 150+ sets.

Keep running~

R&D Capability

R&D Achievements

YOMATO has attached great importance to intellectual property since 2008, so that its achievements in product research and development will not be subject to intellectual property problems. YOMATO has obtained five invention designs and one utility model designs in the field of die casting.

YOMATO has established the leading position in die casting technology.

Innovative achievements

- Practical New Design of Injection Control
- Practical New Design of Template
- Practical New Design of Hydraulic
- Practical New Design of Electrical Layout
- Innovative Design of Die Casting Craft

Our Vision

**Committed to be the best
China die-casting solution
supplier.**

Our Sales Goal

-2025, up to \$150 million

**-2030, up to \$500 million and
become a listed company**

Our Plan

- Integrate more high-quality suppliers**
 - Create a more open platform**
 - Link more customers with more professional solutions**
-

Customer Service

Service Goal: Beyond Customer Expectations, Beyond Industry Standards

Pre-sale service

- ① Provide free technical advisory services for users.
- ② Provide catalogue, business profiles, credit certificates & other information.
- ③ Visit product design, process flow and quality management system.
- ④ Free design and type selection according to site conditions and user needs.

In-Sale Service

In the process of product manufacturing, the relevant technical personnel of users are invited to visit our company to inspect the inspection of each process in the manufacturing process, and the inspection standards and results of products are provided to the relevant technical personnel of users.

After-sale service

- ① Technical training should be carried out according to users needs, and products should be improved in time according to users' needs.
- ② The customer calls and letters are processed within 8 hours, and the service engineer is on standby 24 hours. If the fault is not processed, the service engineer can not leave the site, and the customer's permission is required to leave the site.

Guarantee Policy

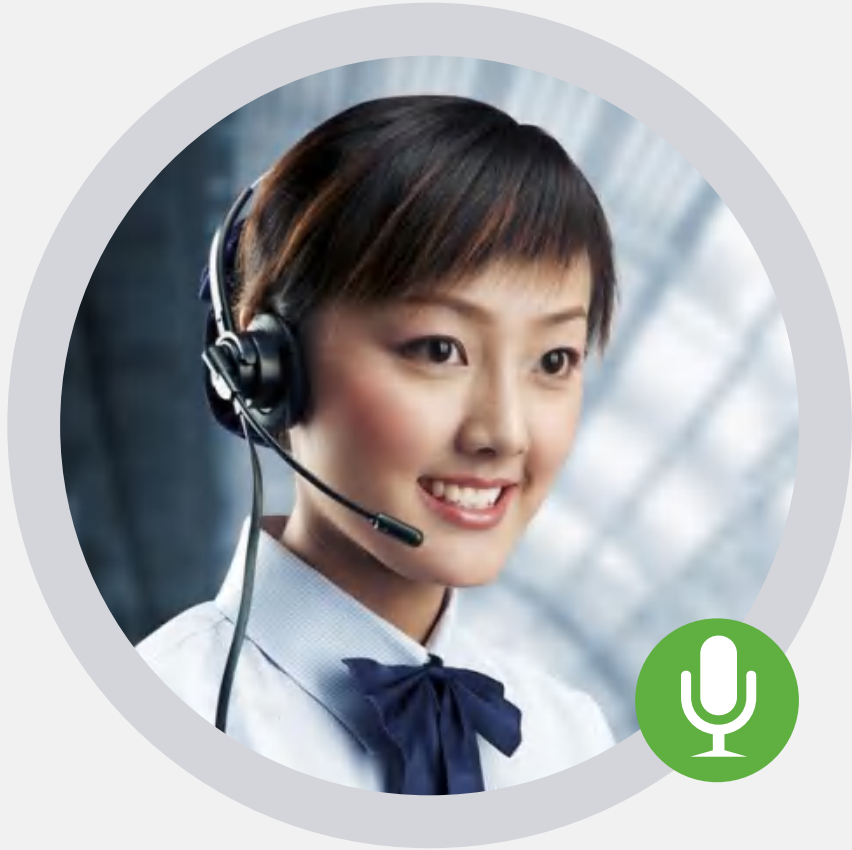

- GENERAL GUARANTEE: **1.5 YEARS**
- PLATEN,-TIE BARS & TOGGLE: **3 YEARS**

-EXCLUDED THE EASILY BROKEN PARTS, LIKE PLUNGER, SHOT SLEEVE, ETC.

Golden
Guarantee
