# About Us

## Trusted Partner in Clothing Manufacturing!

We have been manufacturing garments in Bandung, Indonesia since 2002. We produce at scale for both international fashion brands and organisations that need uniforms, workwear, and specialty apparel. With more than two decades of experience, our factory is built to handle high-volume orders with consistent quality and strict quality control at every stage.

### Our Vision

To help brands and organisations bring their ideas to life with garments that are well-made, reliable, and delivered at scale.

### Our Mission

- Provide consistent garment production on time and to specification
- Maintain clear and easy communication, so clients always know where things stand
- Invest in people, training, and technology to keep raising standards
- Build lasting partnerships based on trust and dependability

## We Work With:

➤ Medium to large fashion brands and department stores to bring their ideas to life with garments that are well-made, reliable, and delivered at scale.

➤ Corporations and government institutions that require uniforms, workwear, and bulk apparel.
