# OUR STRENGTH

01

We hold official distribution rights through direct agreements with brand partners, ensuring the reliable supply of authentic products.

Authorized  
Distribution  
Rights

02

Our direct sourcing and efficient distribution structure allow us to provide highly competitive pricing in the market.

Competitive  
Pricing

03

With secured sourcing channels and inventory management, we ensure a stable and continuous supply to our partners.

Stable Supply

04

Backed by over 30 years of manufacturing experience, we operate our business with strong reliability and operational stability.

Trusted  
Company  
Background

# Our Business Expansion

## Core Business

### Precision Glass Processing

- Over 30 years of manufacturing experience
- Advanced precision glass technology
- Stable production capacity and consistent quality management

- Official distribution rights for cosmetic products
- Competitive pricing through direct sourcing
- Reliable product supply through partners

### Cosmetic Distribution

## New Business

## Future Growth

### Global Market Expansion

- Expansion of the cosmetic distribution network
- Development of global sales channels
- Continuous diversification of our business

# K-Beauty Market

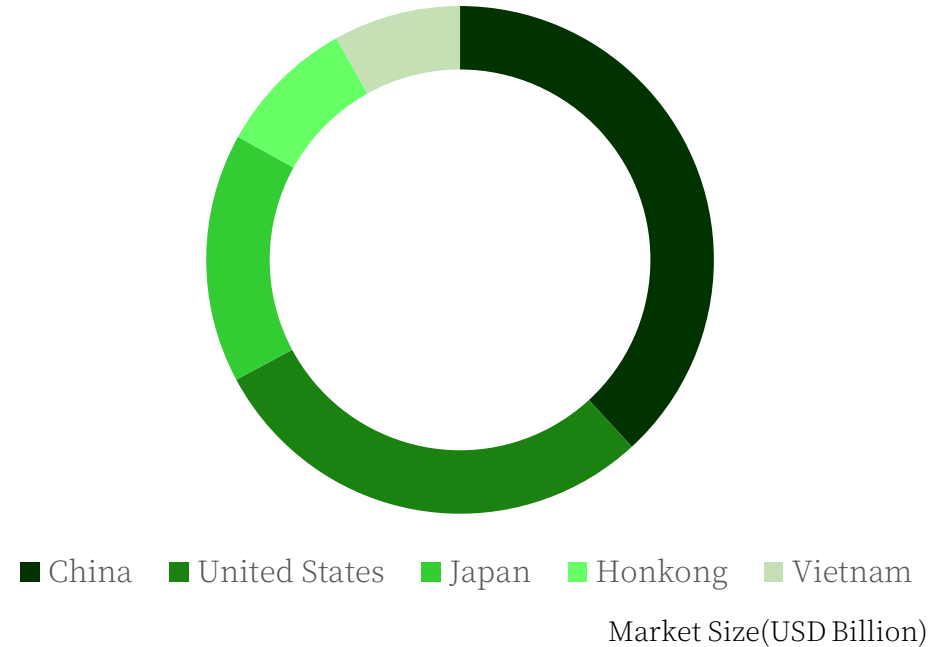

## K-BEAUTY

K-beauty refers to skincare and cosmetic products developed in South Korea. It is known for innovative ingredients and advanced skincare routines.

### Key characteristics

- A focus on skin health and hydration
- Innovative ingredients(e.g., centella asiatica)
- Multi-step skincare routines
- Global popularity driven by Korean culture

Export Value

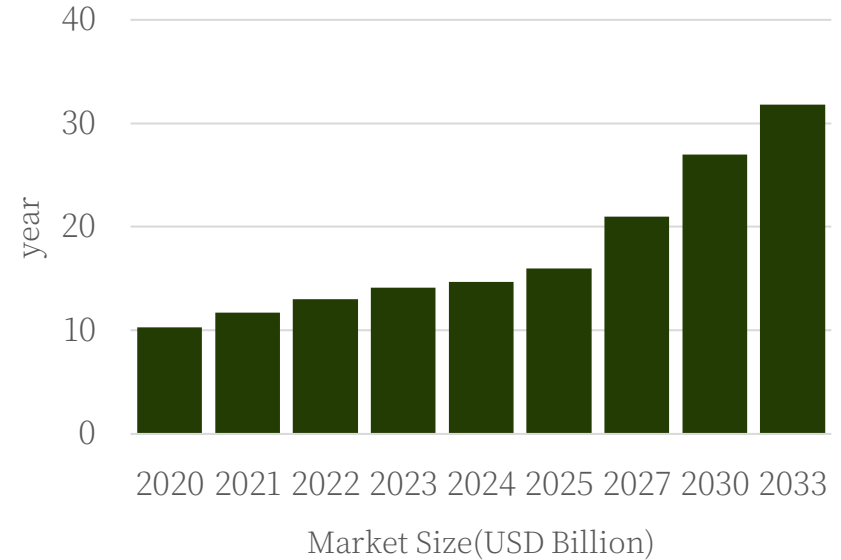

China is the largest importer of Korean cosmetics, followed by the United States and Japan. These markets play a key role in the global expansion of the K-beauty industry.

# K-Beauty Market

Skincare products dominate the K-beauty market, accounting for approximately 67.3% of the market, while other beauty categories such as makeup and haircare make up the remaining 32.7%.

# Distribution Model

## B2B Distribution Model For International Buyers

Our company focuses on a B2B distribution model, targeting international buyers and business partners rather than individual consumers.

# Partnership Opportunity

## Official Product Distribution

Products are sourced directly from manufacturers and distributed through authorized channels.

## Stable and Reliable Supply

We ensure a consistent and reliable product supply through strong partnerships with manufacturers.

## Manufacturing-Based Foundation

Our manufacturing background enables us to better understand product quality, production standards, and industry requirements.

## Global B2B Business Opportunities

We work with international buyers and partners to expand the global reach of Korean beauty products.
