CHOCOLATE

# NAMA CHOCOLATE

Nama Chocolate is our signature product. The moisture content of our Nama Chocolate is 17-18%. The content of fresh cream and pure cocoa accounts for one fourth of the total ingredients. Such a high content of fresh cream can only be achieved with cream made from locally-drawn Hokkaido milk. The delicate silky palate comes from here.

# POTEGOMA COOKIES

**Crunchy cookie mixed with potato chips and black sesame, coated with chocolate on one side.**

# NUTTY BAR CHOCOLATE

The appeal of the Nutty Bar Chocolate lies in the fragrant milk chocolate and the gianduja of hazelnuts and almonds. The appeal is further enhanced by the unique and rich flavor of soft nuts like pecan, cashew, and macadamia and the crispy almonds.

## CHOCOLATE WAFERS

Hazelnut cream is sandwiched between crispy wafers coated with moderately sweet chocolate. This Chocolate Wafers is a favorite among adults who are attracted by the cocoa fragrance.

## BATON COOKIES

The concept is by combining the best of both chocolate and cookies, a light touch and a taste of “can’t stop eating”. The crispy light palate, fundamental for the Baton Cookies, is achieved by fine-tuning the delicate thickness of the cookie and the chocolate.

## CHOCOLATE BAR

Chocolate Bar is the first product of Royce’. It’s authentic, rich and smooth texture is made from specially selected ingredients. It’s the best item to enjoy the pleasant taste of chocolate, anytime and anywhere.

## Pâte Chocolat

Creamy and rich paste from almond and hazelnut. Excellent for bread and can be melted in water.

## Amande Chocolate

Roasted almonds coated in smooth Royce' milk chocolate, dark chocolate under powdered sugar and creamy white chocolate.

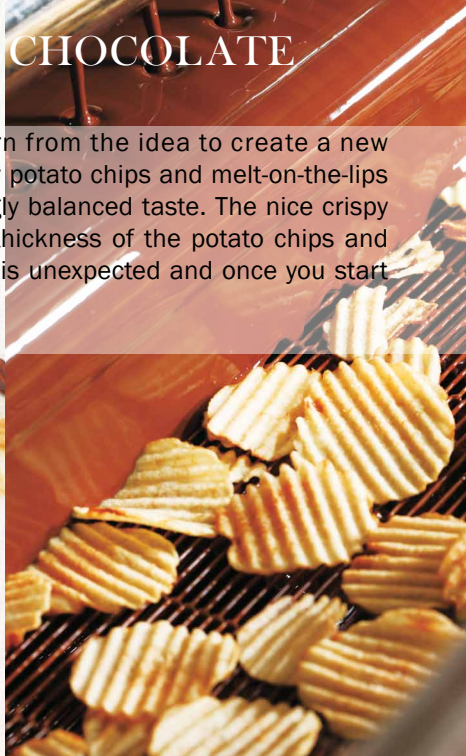

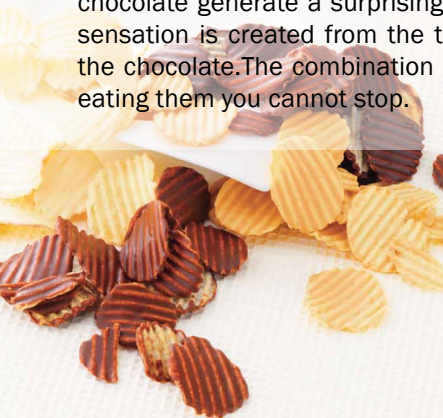

## Popcorn Original

Salty popcorn coated with moderately sweet chocolate and sprinkled with chopped candied almonds.

# POTATOCHIP CHOCOLATE

Potatochip Chocolate was born from the idea to create a new palate and original taste. Crispy potato chips and melt-on-the-lips chocolate generate a surprisingly balanced taste. The nice crispy sensation is created from the thickness of the potato chips and the chocolate. The combination is unexpected and once you start eating them you cannot stop.
