BLIND BUYER PROCUREMENT PROFILE (PRE-LOI VETTING)

PREPARED BY: Makinto Global Trade Links Ltd

(Direct to Titleholder)

DATE: April 2, 2026

TARGET PRODUCT: Diesel EN590 10PPM

MONTHLY VOLUME: 200,000 Metric Tons (MT) x 12 Months

1. BUYER CLASSIFICATION & CAPABILITY

Entity Type: Institutional Energy Commodity

Trader / Major Fuel Distributor (Top-Tier Global Presence).

Operational Hubs: Primary presence in Rotterdam (ARA), Singapore, and UAE.

Monthly Capacity: Currently managing throughput in excess of 500,000 MT of refined products globally.

Financial Standing: Fully capable of issuing Irrevocable Documentary Letters of Credit (DLC/SBLC) or MT103 payments from Top 25 Prime Banks.

2. LOGISTICAL REQUIREMENTS

- **Vessel Type:** Currently vetting vessels with Vessel Q88 ready for immediate Tank-to-Vessel (TTV) injection at the Port of Rotterdam.
- **Injection Readiness:** Buyer is prepared to initiate logistics vetting immediately upon confirmation of Terminal Compatibility to ensure safe docking and loading.

3. COMPLIANCE STATUS

- **KYC Readiness:** Full Corporate KYC, CIS, and Authorized Signatory documents are prepared and will be released immediately upon receipt of the **Loading Terminal Name** to confirm logistical feasibility.
- **Past Performance:** Documented history of performance with major European refineries and storage facilities.

4. CLOSING STATEMENT

This profile is provided for preliminary compliance review to trigger the release of product location/terminal details. Full corporate identification (LOI/CIS) will follow once the logistical "match" is confirmed via the Buyer's Logistics & Risk Department.
